

CPUS 02/12/2019

Public comment

Diane Ahern on MCAS aircraft and the community. Flight paths.

Additional statements by four more community members on MCAS.

DM reminds us that questions and comments on public statements are not generally supposed to happen. If an item is important to the CPUS, it should be added to a future agenda.

BB assures support of UCCA to the CPUS

DM went through the plan update atlas

General Plan 2008

Climate action plan 2015

on the ppt: CAP strategy 3 is contributed to most by CPU.

DK: MHCP and VPHCP should be added to CPU web site reference list.

DM: Rembember Planning Commission Workshop Thursday Feb 28 starting at 9AM. Public comment is invited. A video is usually made. It's probably also broadcast.

AH: Priority to reach out to younger people; they are the people that will be recipients of the plan's legacy but are probably under represented in input.

AW: Important that the City consultants see the community when they visit next month.
