Non-Agenda										
Bill	Perkins	7/24/2025	Non-agenda			Please approve, I'm a licensed architect in San Diego for 30 years. This building deserves unanimous approval for designation.William Perkins				
Amanda	Murphy	7/24/2025	Non-agenda			I would like to see historical buildings in La Jolla maintained as such.				
ITEM 2										
Lisa	Miller	7/24/2025	2			We hope to see 7747 Whitefield Place, La Jolla, CA 92037 preserved and added to the historic registry as it is a fine and well kept up example of it's class of architecture by Youngson. As Youngson has passed it is crucial that we keep the masterpieces that he has built and his finest examples for generations to come. Adding a "younger" historic home also helps diversify the collection of homes with this designation in our area.				
McKenzie	Roman	7/24/2025	2			I support designating 7747 Whitefield PlaceLa Jolla, CA 92037, a historic home, we are in favor of preserving the neighborhood with beautiful historic homes just as this.				
Rohini	Pradhan	7/24/2025	2			A true La Jolla gem that should be preserved for generations to come.

Lynne	Newman	7/24/2025	2			We support approving the Miller house at 7747 Whitefield Place to be of historic significance to the neighborhood. It is a uniquely beautiful home that enhances the architectural mix of residences on the street adding to the blend of styles that are both cohesive and interesting.				
renee	loomis	7/24/2025	2			7747 Whitefield Place La Jolla, CA 92037 is a beautiful house that will help preserve the lovely neighborhood of La Jolla and create a landmark for those who appreciate that architectural style.				
Myra	Malone Nazzaro	7/24/2025	2			I support the historical designation of my neighbor's home at 7747 Whitefield Pl, La Jolla, CA. It is a beautifully designed home and I want to preserve our wonderful neighborhood. This home by a well known local architect, adds a lot to our street and is a special landmark. Thank you for your consideration.				

Michael	Miller	7/24/2025	2			Regarding: 7747 Whitefield Pl. La Jolla, CA 92037 - Item 2 Dear Members of the Historical Resources Board,I am writing to respectfully urge your consideration of the property located at 7747 Whitefield Place in La Jolla for designation as a historic resource under the City of San Diego's Historic Preservation Program.This home is a rare and exemplary representation of the Organic Geometric architectural style, designed by James Rodney Youngson, a notable architect whose work contributed meaningfully to the postwar architectural identity of La Jolla and Southern California.Youngson's use of the Organic Geometric style—an approach that merges the principles of modernism with natural forms and materials—can be seen in the home's thoughtful integration into its landscape, its angular geometry, the interplay of light and space, and its emphasis on harmony between structure and setting. This design philosophy reflects broader architectural trends of the mid-20th century while maintaining a distinctly personal and regionally appropriate character.The home retains a high degree of architectural integrity, with original design elements, materials, and spatial relationships still intact. Its location within a quiet, historically rich La Jolla neighborhood adds contextual value and underscores its importance as part of the city's architectural heritage.Designating 7747 Whitefield Place as a historic resource would ensure the preservation of a rare and artful expression of Organic Geometric design and honor the legacy of James Rodney Youngson, whose contributions deserve greater recognition. It would also help safeguard the distinctive architectural landscape that makes La Jolla a place of enduring cultural and aesthetic value. Thank you for your time and consideration in reviewing this important property. I encourage the Board to initiate the process for historic designation and give this unique home the protection and recognition it merits.Sincerely,Michael Miller

Karen	Linarelli	7/24/2025	3	In Support of Item	No	I support the local designation of Le Rondelet condominiums,1150 Anchorage Lane.Thank you for your consideration.				
John	Osth	7/24/2025	3	In Support of Item	No	I support the local designation of Le Rondelet condominiums, 1150 Anchorage Lane. My first assignment in the Navy was as a junior officer on a Destroyer (DD-687) in San Diego. That was 1969 or 1970. I remember seeing Le Rondelet while visiting the Yacht Club. It struck me as one of the most remarkable buildings I had ever seen. Even after leaving the Navy whenever I returned to San Diego I looked for the distinctive round building. I am now fortunate enough to be an owner of one of the units. Whenever we provide directions to friends coming to visit, all we need say is that it is the round building. They know it right away and see it as a landmark.Thank you for your consideration.John & Lynn Osth				
Martin	Muir	7/24/2025	3	In Support of Item	No	The LeRondelet building at 1150 Anchorage Ln is a unique building in the San Diego area. It was designed and built using advanced techniques and methods in the 1960s and is now a landmark in the coastal area. I support the historical designation for this building. Thank you.				
Sandra	Clifton	7/24/2025	3	In Support of Item	No	Support the historical designation for 1150 Anchorage Lane, Sean Diego, Ca				
Susan	Todd	7/24/2025	3	In Support of Item	No	I am a native San Diegan and currently a resident of the Le Rondelet condominiums. I emphatically support the historical designation of Le Rondelet condominiums, 1150 Anchorage Lane. I have lived in the Point Loma community for seventy-five years and watched the building's construction. The building is unusual and unique to San Diego and also to Southern California. Thank you for your consideration.				

signe Kim	lauridsen-jones	7/24/2025	3	In Support of Item	No	Our family has owned a condo in Le Rondelet for over 50 years. we strongly support the historical designation which this unique and beautiful building deserves.Kim Lauridsen-Jones				
Sandra	Clifton	7/24/2025	3	In Support of Item	No	Support the historical designation for 1150 Anchorage Lane, Sean Diego, Ca				
Ralph	Teyssier	7/24/2025	3	In Support of Item	No	I, Ralph Teyssier, on behalf of the entire Teyssier Family, support, and very honored to do so, the local designation of Le Rondelet condominiums, 1150 Anchorage Lane. Thank you for your consideration.				
Jack	Beddows	7/24/2025	3	In Support of Item	No	I support the local designation of Le Rondelet condominiums, 1150 Anchorage Lane. Thank you for your consideration				
Christine	Erlandson	7/24/2025	3	In Support of Item	No	I support the local designation of Le Rondelet condominiums, 1150 Anchorage Lane. Protecting historically significant buildings, preserves local roots and increases local neighborhood pride. Thank you for your consideration.				
Leslie	Gallo	7/24/2025	3	In Support of Item	No	I thinkLeRondelet should be a historically designated building. It's classic brutalist architecture is something to be preserved and there is no other building like this in San Diego. I holy Support the agenda. Thank you for your consideration.				
William	Heard	7/24/2025	3	In Support of Item	Yes	Le Rondelet is a unique structure and a historical landmark that has stood at the entrance to Shelter Island for 58 years. Its distinctive facade and horseshoe shape were unusual for its time and remains so in the present day. Master Builder Leonard Tessier, who also built the Ocean Beach Pier and other important San Diego buildings, was involved day-to-day during construction in 1966 and was the genius behind its design and its later evolution from residence hotel to apartments and then condominiums. Le Rondelet deserves a place among the pantheon of historic buildings in San Diego.	Attachment corrupted. Will update once new file is received.			

Thomas	Hensley	7/24/2025	3			My company ,The Helm Management Co. have been the Le Rondelet Maintenance Corporation managing agent for over ten years. As a Certified Property Manager with a B-Contractor License, I have found the construction and design of Le Rondelet unique, and built with the location and human element paramount.The materials used have out lived the life of over fifty years and could go another fifty years in relatively good condition. It is one of a kind and I treasure having the opportunity to care for the owners and their special asset.Thomas Hensley
