CONSTRUCTION NOTICE:
Night Work at Clairemont Dr. and Denver St.

Crews are currently installing beams and pipelines at the intersection of Clairemont Drive and Denver Street as part of the Morena Conveyance South and Middle and Morena Conveyance Pipelines project.

To maintain the safety of the community during this construction, crews will continue performing overnight work from 9 p.m. to 5 a.m., Sunday through Friday, at the intersection of Clairemont Drive and Denver Street for approximately five weeks.

Throughout this work, crews will be using additional lighting on site, and noise associated with construction may be heard. The contractor will mitigate any dust leaving their work site, and steel plates will be installed over the working area to accommodate traffic during daytime non-working hours.

Sign up for e-blasts:

Regular project updates will continue to be shared via email blast. We strongly recommend adding yourself to the subscriber list to stay informed on the project. Please scan the QR code to the right, enter your contact information, and select lists # 4 & # 5 for the Morena South and Morena Middle Pipelines.

Why:

The Pure Water Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The program offers a cost-effective investment for San Diego's water and wastewater needs and will provide a reliable, sustainable water supply.

Please contact purewatersd@sandiego.gov or 833-MOR-PWSD (833-667-7973) with questions about the City's Pure Water Program and the Morena Conveyance South & Middle and Conveyance Bike Lanes project, and a team member will get back to you within one business day.

Please be advised that rain and inclement weather may impact the project schedule. Thank you for your patience and understanding as we make progress on this important project.
