

## Environmental Services

### Description

The Environmental Services Department ensures residents are provided with a clean and safe environment. The Department pursues waste management strategies that emphasize waste reduction and recycling, composting, and environmentally sound landfill management. The Department consists of six Divisions: Clean SD, Collection Services, Disposal, Waste Reduction, Environmental Health and Safety, and Support Services.

The Clean SD Division is responsible for managing the waste abatement components of the Clean SD Program which includes abatement of homeless encampments, enforcement of citywide solid waste codes, removal of illegal dumping, waste abatements, providing roll-off bin services to city facilities, organizing planned curbside cleanups in neighborhoods, removing dead animals from public rights-of-way, and conducting sidewalk sanitization to protect public health.

The Collection Services Division provides collection and disposal of residential refuse, collection and proper handling of recyclables and organic waste, and collection of litter from street litter containers in business districts.

The Disposal Division operates the West Miramar Landfill which incorporates disposal activities, landfill operations, and environmental compliance to support waste management efforts in the San Diego region. The Miramar Greenery supports regional organics recycling efforts by accepting organic and green waste and processing the incoming material into various reusable products for the community. Products available include high quality compost, as well as various mulch and wood chip products. Free compost is available for residents of the City of San Diego. The Division also maintains eight inactive/closed landfills and eight inactive burn sites subject to various regulations dependent on the vintage of the respective site in addition to environmental stewardship.

# Environmental Services

The Environmental Health and Safety (EHS) Division administers an array of regulatory compliance programs related to environmental and occupational health and safety, including underground fuel storage tanks; asbestos, lead and mold remediation; residential household hazardous waste disposal; hazardous materials management; lead and hazardous substance enforcement; and community education initiatives. The EHS Division further supports occupational health and safety compliance through a robust safety, training and employee development program, as well as intra-departmental facility maintenance.

The Waste Reduction Division is responsible for managing the Non-Exclusive Solid Waste Collection Franchise system, waste diversion programs, zero waste planning, Senate Bill 1383 reporting and compliance, recycling education and technical assistance, and enforcement and compliance of solid waste and recycling codes for residents, businesses, special events, City facilities, and construction and demolition projects.

The Support Services Division facilitates the Department's delivery of quality environmental programs through the provision of administrative and regulatory support, contracting and fiscal management, information systems management, and customer services programs. The Division functions as a multifaceted resource to the Department, highlighting the commitment to customers and environmental stewardship.

## ***The vision is:***

To be a leader in the waste management industry and provide first in class service to all San Diegans.

## ***The mission is:***

Manage solid waste in a way that champions sustainability, emphasizing resource conservation and protection of the environment.

# Goals and Objectives

## ***Goal 1: Maintain a safe and innovative workforce***

- Ensure all employees have access to training and a voice in department improvements by promoting professional development and encouraging frontline feedback.
- Provide a department culture that values diversity, inclusion and belonging regardless of classification.
- Provide all employees with the tools (vehicles, equipment, and supplies) they need to do their day-to-day jobs effectively and access to City equipment.
- Reduce and minimize workplace injuries.

## ***Goal 2: Ensure excellence in service delivery***

- Provide access to department information and resources.
- Promote the safe disposal of hazardous materials throughout all communities of San Diego that may not have easy access to the City's Miramar Facility.
- Provide equitable availability of work vehicles for all employees.

# Environmental Services

**Goal 3: *Protect and enhance environmental quality***

- Provide a citywide organic waste recycling marketing campaign that prioritizes inclusion and equity, focuses on the benefits, improves public perception, reduces barriers to understanding, and builds a coalition of support.
- Continue implementation requirements for SB 1383 including compost and mulch procurement, route reviews, and organic waste recycling collection.

**Goal 4: *Recognize our employees are the key resource to achieving our mission***

- Provide opportunity for work life balance for our hard-working employees.
- Provide work flexibility.
- Access to restrooms for field staff (City facilities).
- Provide department safety trainings for topics not addressed previously, such as HMMP, ALMP, LSHHP.
- Ensure work is completed using regular working time.
- Reduce opportunities for negative interactions with the public (which disproportionately affect employees who regularly interact with the public).

# Environmental Services

## Budget Equity Impact Statement

### Equity Highlights

*Examples from the current fiscal year.*

- Conducted a robust community outreach and engagement campaign, in response to Measure B passing, to invite feedback and insights from the public on residential trash and recycling collection services provided by the City. Under this campaign, ESD has convened meetings, delivered presentations, launched multi-lingual print and online advertising, and gathered data online and in person, providing residents the opportunity to share their preferences and priorities around current waste and recycling collection services as well as potential areas of service enhancements. ESD consulted with the Department of Race and Equity to design equitable and inclusive outreach engagement activities and coordinated closely with the Communications Department in their implementation. The campaign began with outreach to community-based organizations to help ESD reach communities throughout the city and involve them in the process.
- For the first time, included a Spanish version of the annual Curbsider newsletter in the mailer sent to ESD residential customers, with Tagalog and Vietnamese versions made available online, ensuring that non-English and bilingual residents have access to important information about ESD's programs and resources.
- Launched our series of new Compost Giveaway Events held in various communities throughout San Diego, increasing residents' access to free and valuable compost from the City's Miramar Greenery and encouraging sustainability practices across diverse populations.

### Budget Equity Lens Summary

#### Ongoing Operations

*Is there an opportunity to adjust the department's ongoing operations to mitigate the impacts of existing or potential disparities?*

#### **Yes**

Collaborating with the Department of Race & Equity and Human Resources to modify existing employee engagement strategy to yield more authentic, robust and representative engagement. Collaborating with the Performance & Analytics Department to assess what disparities exist within our department. The department is actively collaborating with various stakeholders to address disparities and promote equity. Key initiatives include partnering with Human Resources (HR) to source and provide staff training to sustain and enhance industry knowledge, ensuring employees are equipped with skills necessary to excel; working with the Department of Race & Equity and HR to refine our employee engagement strategy, fostering more authentic, meaningful, and representative engagement across all levels of the department; coordinating with HR and Personnel to implement a debiased selection process and develop strategies for improved staff retention; engaging with Performance & Analytics Department to conduct a comprehensive assessment of disparities within the department, identifying areas for improvement and implementing data-driven solutions.

## Environmental Services

### **Budget Adjustment(s)**

*Do the requests impact existing or potential disparities?*

#### **Yes**

Budget Adjustments will address disparities that align with the following Tactical Equity Plan goals: 1. Maintain a safe and innovative workforce. 2. Ensure excellence in service delivery. 3. Protect and enhance environmental quality. 4. Recognize our employees are the key resource to achieving our mission. Significant budget additions include 54.99 FTE new positions, and \$52.5 million in non-personnel expenditures (on-going and one-time) for supplies, equipment, and contract services to carry out essential functions. These adjustments will enable the department to meet state mandates, comply with regulatory requirements, and improve equitable service delivery to our communities. For the new Solid Waste Management Fund, significant budget additions include 306.55 FTE (transferred and new) positions and \$89.5 million NPE (ongoing and one-time) due to start-up costs (planning, outreach, COSS, portal, new containers); transfer of existing facilities, trucks, and debt to new enterprise fund; increased reliability enhancements; reserves; inflation. These adjustments will provide support for the internal workforce because service delivery depends on having qualified and productive employees.

## Environmental Services

### Key Performance Indicators

Performance Indicator	Definition	Baseline	FY2025 Performance	Goal
Employee Vacancy Rate	Average daily vacancy rate for budgeted FTE	N/A	15%	<13%
Missed Collection Resolution Rate	Average of resident survey response score to missed collection reports generated in Get It Done (responses are based on a score of 0 to 10)	N/A	6.6	8.0
Curbside Recycling Contamination Percentage	Percentage of contamination contained in City forces collected recyclable materials	N/A	25%	<18%
Illegal dumping Get-It-Done reports resolved within three calendar days	Average days to close illegal dumping reports generated in Get It Done	N/A	4.3	3.0
Perform sidewalk sanitation services on at least 9,600 City blocks each fiscal year	Number of City sidewalks sanitized to reduce the potential presence of pathogens, bacteria, and communicable diseases	N/A	9,198	9,600
Landfill Regulatory Compliance	Number of instances of regulatory compliance issues (Areas of Concern, Notices of Violation, and related regulatory actions from various agencies)	N/A	26	0

\* At the time of publication, audited financial statements for Fiscal Year 2025 were not available. Therefore, the Fiscal Year 2025 column reflects final budgeted revenue and expense amounts from the Fiscal Year 2025 Adopted Budget, while the beginning Fiscal Year 2025 balance amount reflects the audited Fiscal Year 2024 ending balance.

\*\* Fiscal Year 2026 Beginning Fund Balance reflects the projected Fiscal Year 2025 Ending Fund Balance based on updated Revenue and Expenditures projections for Fiscal Year 2025.

\*\*\*The FY 2024 Actual column includes accounting adjustments to accurately reflect fund balance and, therefore, may not directly reflect the data included in the department tables.
