Registry Verification

Search the Files of the Registry of Charitable Trusts

The Registry Verification Search tool allows you to query the Registry's database and verify whether a charitable organization or fundraiser has complied with the Attorney General's registration and reporting requirements. You may also review and download records and public filings that a charitable organization or fundraiser has submitted to the Attorney General's Registry of Charitable Trusts. This includes copies of annual registration renewal forms (Form RRF-1), IRS Forms 990, raffle reports and fundraising reports that are in the Registry's database. Information is retrieved from the database in real-time but data and statuses may change intraday as filings are processed.

Potential donors are encouraged to research organizations using this query tool and those available from the [Secretary of State](#), [Franchise Tax Board](#) and [IRS](#) to determine an organization's tax-exempt status and compliance status with all appropriate state and federal agencies. Each agency maintains their own database and independently determines the disposition of organizations relative to their statutory oversight. Each should be considered carefully and collectively to gain the most complete assessment possible. Donors may also benefit from reviewing our [Resources](#) and [Donation Tips](#).

Click on the Organization Name for details about the registration or report record. The maximum number of records shown per page is 50. If there are multiple pages of the search results, the clickable page numbers will be displayed at the bottom. If you get too many results or do not find the organization for which you are searching, click the 'Search Again' button and change the search criteria. It is best to search by something that is as unique to the organization as possible such as State Charity Registration Number, FEIN, SOS Corporate Number, or an unusual portion of their name. To see all registration and report records associated with an organization, avoid searching by State Charity Registration Number as that is record-specific.
