201. Fiscal Year 2026 Mission Bay Park Improvement Funds – Proposed Reallocation

Ryan Barbrick provided information and recommendation to reallocate \$500,000 of Mission Bay Park Improvement Funds to the following project:

- Mission Beach Lifeguard Station, Phase 2 CIP# L25001- \$500,000

Funding will come from the following project:

- \$500,000 from Mission Bay Park Improvements, CIP# AGF00004. There is currently additional audited revenue that has been collected from Fiscal Year 2025. After this allocation, there will still be over \$3.2 million in reserves in the annual allocation

This project provides a phased approach to replacing the Mission Beach Lifeguard Station, located at 3141 Ocean Front Walk. Phase 1 provided emergency action to conduct a structural assessment, evaluate repair options, and implement repairs for the lifeguard station to allow time to plan for replacing the station. **Phase 2 provides for temporary facilities to provide necessary public services prior to and during construction of a permanent replacement for the existing lifeguard station.** Phase 3 will provide for the design and construction of a new lifeguard station, including demolition of existing facilities

James Gartland with Lifeguard Services provided more insight on this emergency project. Funding for public safety should be priority

Public Comment:

Funding prioritization was questioned

Savannah Stallings shared her comments about priority funding for environmental projects. Paid parking could bring additional revenues to Mission Bay Park

MOTION: MOVED/SECONDED

A motion was made by C. Dunning and seconded by C. Jolley to approve the allocation of funds for the temporary Mission Beach Lifeguard station (phase 2), as presented. The motion carried 6-1 with Judith Munoz voting no
