events. Ms. Laman asked if East Village Green has a recreation center fund, and Ms. Erazo said yes it has been created.

Chair Bothwell asked why there is a carryover balance of \$8 million and why that amount is not being spent. Ms. Erazo indicated this is due to staff turnover and vacancies, which has inhibited planning for programs and maintenance projects. Chair Bothwell asked about the carryover funds for Pacific Beach and Santa Clara recreation center funds including options for spending the reserves. Ms. Erazo stated she would provide that to Chair Bothwell after the meeting.

Board Comments:

Mr. Anastasopoulos asked about funding and grant prospects to move the Boston Avenue project forward to construction. Mr. Barbrick responded that the City is seeking funding options including possibly Proposition 4 grant opportunities from the State of California.

Ms. Wein acknowledged the unique challenges for the park in a tightly built urban area near a major freeway corridor. She is glad the land transfer is underway between Caltrans and the City. This project will help with greening this area of the community.

Ms. Laman asked if the Barrio Logan Planning Group voted on this matter. Mr. Ciabatti said no, as this was an information item. Ms. Laman asked about the community recreation group. Mr. Ciabatti indicated one has not yet been formed. Ms. Laman asked whether the federal grant was removed by the government or is it on hold. Mr. Barbrick responded that the grant status doesn't currently impact the project since the project next enters the design phase. The grant funding was not impacted from the federal hold at this time.

Chair Bothwell asked if any structure could be created to inhibit emissions between Interstate 5 freeway and park patrons. Mr. Ciabatti noted that Caltrans built a privacy wall to help keep a portion of the emissions away from the area.

104. Proposed renaming of Canyonside Recreation Center to Lois J. Mangarelli Recreation Center

District Manager Anna Sonnenburg and Fred Mangarelli presented the proposed renaming of the Canyonside Recreation Center to Lois J. Mangarelli Recreation Center.

Mr. Anastasopoulos shared that he had similar roles in Rancho Bernardo as Ms. Mangarelli had in Rancho Peñasquitos. He supports the proposal.

INFORMATION ITEMS:

201. Maintenance Assessment Districts (MADs)

Assistant Deputy Director Michael Jones presented an overview of the Maintenance Assessment Districts.

Public Comments: None.

Board Comments:

Mr. Gulley asked how the assessments are collected. Mr. Jones responded that the assessments are collected through the annual property tax bill and appear as a line item on the bill. Only property owners are assessed.

Chair Bothwell asked how MADs are formed. Mr. Jones indicated the initial vote of property owners located within the district boundary, as weighted by the assessment amount, is required for approval. City Council must approve formation of a new district and authorize the assessment levy. While City Council approves the annual levy, a property owner ballot is not required each year to levy annual assessments.

Chair Bothwell asked about how the vote is tabulated and what threshold is needed for passage. Mr. Jones indicated that each parcel is weighed differently based on factors such as land use, geography, parcel size, street frontage, building size, number of dwelling units, etc. The engineer's report identifies the apportionment methodology.

Chair Bothwell asked to meet with Mr. Jones about the process to form a possible future MAD along Grand Avenue in Pacific Beach.

ADJOURNMENT: The meeting was adjourned at 3:21 p.m.

Copies of the reports, attachments, PowerPoint presentations, and audio-video recordings can be found on the Parks and Recreation Department website at <http://www.sandiego.gov/parkandrecboard/reports>.
