

Engineering & Capital Projects

Alvarado 2nd Extension Pipeline Project

Project-Wide Update

Crews continue to make progress on the project performing compaction grouting and pipeline installation. Outlined below are the estimated schedules and work plan for the project moving forward.

Compaction grouting:

- Compaction grouting along Riverwalk Drive - near Fashion Valley Mall - will be completed during the week of 10/20/25. After completing Riverwalk Drive, the contractor will begin compaction grouting on both Friars Road and Sea World Drive, near their intersection.
- On Sea World Drive, crews will work **during nighttime hours (9 p.m. to 6 a.m., Monday through Friday) for approximately one week.**
- On Friars Road, crews will work during daytime hours for approximately 4-6 weeks.
- Work in both areas will occur within the current traffic control setup being used by the contractor for the Morena Pump Station Project, which is closing a portion of Sea World Dr. and eastbound Friars Road. No new closures will be established by this work. The contractors for both projects have coordinated in advance to ensure their work and traffic control do not conflict with one another.

Pipeline work on Friars Road:

- Crews are continuing to install pipeline eastbound on Friars Road near Russell Parkway during daytime hours (Monday through Friday from 7 a.m. to 5 p.m.) towards Qualcomm Way.
- The ramp from Qualcomm Way onto westbound Friars Road will remain closed for the next 3-5 weeks while crews install pipeline up to and past the ramp. Throughout this work, access will be maintained to Friars Road via Russell Parkway and Mission Center Road.

During working hours, typical noise and dust are expected. All work will take place behind safety barricades set up in the roadway, please allow extra time when traveling through the work zone, and follow all posted signage.

Future updates on the phasing and schedule of work will be provided via email to subscribers, please feel free to forward this email to friends or neighbors and encourage them to join the subscriber list.
