

Engineering & Capital Projects

Alvarado 2nd Extension Pipeline Project

Project Update and Looking Ahead

Crews continue to make progress on the project performing compaction grouting and pipeline installation. Outlined below are the estimated schedules and work plan for the project moving forward.

Compaction grouting:

- Crews are continuing to perform compaction grouting on Sea World Drive, near Friars Road, during daytime hours.
- Crews are continuing to perform compaction grouting on Friars Road during daytime hours.
- Compaction grouting near these locations will continue for approximately 4-5 weeks.

Pipeline work on Friars Road:

- Crews are continuing to install pipeline eastbound on Friars Road during daytime hours (Monday through Friday from 7 a.m. to 5 p.m.) towards Qualcomm Way.
- The ramp from Qualcomm Way onto westbound Friars Road will remain closed for the next two weeks while crews install pipeline up to and past the ramp. Throughout this work, access will be maintained to Friars Road via Russell Parkway and Mission Center Road.
- Crews will continue to repave sections of Friars Road as they make progress installing pipeline.

Pipeline work on Sea World Drive:

- In December, crews will begin to install pipeline on Sea World Drive near West Mission Bay Drive.
- As they progress, crews will move east on Sea World Drive.
- This work will not have any impact to the entrance or exit of the Sea World parking lots.

During working hours, typical noise and dust are expected. All work will take place behind safety barricades set up in the roadway, please allow extra time when traveling through the work zone, and follow all posted signage.

Future updates on the phasing and schedule of work will be provided via email to subscribers, please feel free to forward this email to friends or neighbors and encourage them to join the subscriber list.
