## Alvarado 2nd Extension Pipeline Project

### Qualcomm Way Ramp to Friars Road Will Reopen Dec. 12

Crews on the Alvarado 2nd Extension Pipeline Project have completed pipeline installation through the Friars Road and Qualcomm Way intersection. The current project schedule reflects that the ramp from Qualcomm Way onto westbound Friars Road will be reopened by Friday, December 12.

In the next phase of traffic control, the ramp from westbound Friars Road onto Qualcomm Way will be closed for several weeks to accommodate pipeline installation.

During working hours, typical noise and dust are expected. All work will take place behind safety barricades set up in the roadway, please allow extra time when traveling through the work zone, and follow all posted signage.

Future updates on the phasing and schedule of work will be provided via email to subscribers, please feel free to forward this email to friends or neighbors and encourage them to join the subscriber list.
