Re: Standley Middle School Whole Site Modernization – Joint Use Impact

Dear Andy,

San Diego Unified School District will begin the Whole Site Modernization project at Standley Middle School in December 2025, with expected completion in Spring 2028.

As part of the project, one of the joint-use parking lots will be used for construction laydown and staging. In addition, a portion of the joint-use hardcourt area will be utilized for temporary classroom spaces. Please see the attached plan for details: yellow indicates the laydown area, and red lines show the pedestrian and vehicle maintenance access routes.

All joint-use areas will be fully restored upon project completion. Pedestrian and vehicle maintenance access will be maintained throughout the project, and advance notice will be provided should there be any temporary impacts to access.

Thank you for your understanding and support as we move forward with this important project.

Sincerely,

A handwritten signature in blue ink that reads "Gene W. Fuller".
