EXHIBIT A – SCOPE OF WORK

Solid Waste Management Fee Financial Assistance Program

Overview

This section describes the details of the Solid Waste Management Fee Financial Assistance Program (Financial Assistance Program). The Financial Assistance Program will provide monetary support to qualifying homeowners subject to the City of San Diego's Solid Waste Management Fee.

Background

On June 9, 2025, the San Diego City Council adopted a new Solid Waste Management Fee, effective July 1, 2025. On June 23, 2025, the City Council adopted the City's budget for Fiscal Year 2026. The adopted budget includes \$3,000,000 to fund a financial assistance program to provide relief for qualifying residential customers impacted by the new Solid Waste Management Fee.

1.0 Program Eligibility

The City establishes that to be eligible and to receive assistance under the Financial Assistance Program, property owners are required to apply for the program and demonstrate eligibility requirements. The eligibility criteria are designed to demonstrate the financial need of the property owner. The City is establishing a hybrid approach in which a property owner may be eligible for financial assistance if the property owner is the owner of a residential property eligible to receive Solid Waste Management Services from the City of San Diego, the residential property is the property owner's primary residence, and if either of the following criteria is also met:

1. The property owner meets specified household size and income criteria (according to a published matrix; see below), or
2. A member of the property owner's household is actively enrolled in at least one of the financial assistance programs identified in section 1.2 of this Exhibit.

The City further establishes that if a property owner meets either of the criteria above and also meets the criteria described in section 2.1.1, that property owner may also be eligible for additional financial assistance, as described in that section.

1.1 Proposed 2025 Income Guidelines (adapted [from 2025 energy assistance criteria](#)). A property owner may be eligible for financial assistance if the household income for that property is 60% or less than the State Medium Income (SMI) for California according to size and income criteria specified in Table 1 below.

Table 1. Household Income Eligibility Criteria (Figures in Monthly Income column show 60 percent of SMI for the household of the given size). ¹

Persons in Household	Monthly Income
1	\$3,170.00
2	\$4,145.41
3	\$5,120.83
4	\$6,096.25
5	\$7,071.58
6	\$8,047.00
7	\$8,229.91
8	\$8,412.75
9	\$8,595.66
10*	\$8,778.58

** Income amounts for family sizes greater than six persons were determined based on the following calculation: Add 3% to 132% for each additional family member, multiply the new percentage by \$73,155, and divide by 12. Example: household size of 7: 132% + 3% = 135% × \$73,155 = \$98,759 ÷ 12 = \$8,229.91 per month.*

1.2 Proposed List of Financial Assistance Programs.

A property owner may also be eligible for financial assistance if a member of the household is actively enrolled in at least one of the following programs. For purposes of this program, a “member of the household” means any individual who lives full-time in the same dwelling as the property owner. These programs were selected because the criteria for these programs are at least as stringent or more stringent than the income criteria described in Section 1.1:

- Low Income Home Energy Assistance Program (LIHEAP)
- CalWORKs
- CalFresh
- Medi-Cal

2.0 Amount of Financial Assistance

The Financial Assistance Program is designed to balance the ability to reach as many qualifying households as possible while also providing qualifying households with an amount of financial assistance that can have a meaningful impact. Depending on program design and associated program administration costs, at least \$2 million are available to provide financial assistance in Fiscal Year 2026. Depending on need and customer demand, some of this funding may also continue to be available into Fiscal Year 2027. The City also anticipates additional funding from donations.

¹ Income table may be subject to updates during the period of this agreement.

2.1 Amount of Financial Assistance

For Fiscal Year 2026, the City establishes a consistent benefit amount of \$261.60 for households that meet the criteria in Sections 1.1 or 1.2, pending funding availability. This amount was chosen for FY 2026 because in FY 2026, most households will pay a fee of \$523.20. The goal was to balance a meaningful assistance amount with the reach of the program. \$261.60 represents “half the bill” for qualifying customers receiving Solid Waste Management Services from the City at the 95-gallon trash container service level. The City intends to review the results of the Financial Assistance Program from Fiscal Year 2026 to determine if changes need to be made for future years (e.g., whether the City should establish more stringent eligibility criteria or adjust the assistance amount).

2.1.1 Additional Assistance for Properties meeting an additional sub-criterion

The City has established that, for the owners of those properties that meet the criteria described in section 1 *AND* are enrolled in a payment plan with the County of San Diego for past-due property taxes, the City will provide assistance to cover the full cost of the Solid Waste Management Fee for the qualifying property, following submittal of an assistance application from the property owner and approval by the City, and pending funding availability.

3.0 Mechanism of Assistance

3.1 Mechanism of Assistance for Fiscal Year 2026

For Fiscal Year 2026, the Contractor will provide assistance via direct deposit. Property owners must provide the necessary information to receive direct deposit. Approved residents would then complete a form that would permit Contractor to transfer funds directly to the qualifying property owner.

The Contractor will provide to the City a list of any properties that meet the eligibility criteria but are unable to receive direct deposit assistance. For such properties, the City will coordinate with the County to send a revised tax bill to the qualifying property owner(s). For these qualifying property owners, the assistance amount will be \$15 less to account for the administrative fee paid to the County to create and send a revised tax bill.

3.1.1 Residents Eligible for Assistance in Fiscal Year 2027

The City will track properties eligible for assistance for Fiscal Year 2027, including those applying early for Fiscal Year 2026 and 2027, as well as those applying later (e.g., April through June 2026). The City will then proactively reduce the amount of the fee that the County will charge those qualifying properties (i.e., the assistance will be applied before their bills are created and sent), pending funding availability.

Depending on the amount of funding leftover, the City may continue to proceed with accepting additional applications on a rolling basis after June 2026 through December 2026 (when the initial term is scheduled to end), pending funding availability.

4.0 Application Procedure

4.1 Online Application Page

Within four weeks of signature of this agreement, Contractor will create a web page with an online application to be completed by customers. The web page will include summary information on the financial assistance program and a form for applying for the program. Customers will be able to upload documents through the web page to prove eligibility based on criteria in Section 1.1 and 1.2. The web page will also describe additional means for applying for the program through in person events.

4.2 In person events

Contractor will host in-person workshops to assist customers who are not able to complete the online application independently. Contractor staff will assist customers in completing the online form and scanning and uploading necessary documents. At minimum, Contractor will do one outreach application assistance clinic per week at Contractor sites and/or public libraries located within the City of San Diego.

Contractor and City will review in-person event participation and results, and City will provide direction whether scope of contract should be amended to discontinue, reduce, or otherwise amend level of effort associated with in person events.

4.3 Records

Contractor will maintain records in a secure location to maintain protection of personal identifiable information and ensuring records are available should they be required for reviews or audits of the program. Contractor will ensure that all systems and data are protected in accordance with core cybersecurity principles of confidentiality, integrity, and availability.

5.0 Outreach

The City will issue a press release and alert customers within the first month of contract implementation. Contractor will support outreach efforts by posting at least two social media updates per month during the first three months, followed by one post per month for the subsequent three months. Additionally, Contractor will conduct a phone and email outreach campaign targeting all customers for whom contact information is available. While we will make every effort to reach each customer, Contractor recognizes that it may not be possible to successfully contact everyone.

6.0 Timeline

6.1 Timeline of Assistance for Fiscal Year 2026

The second installment of the Solid Waste Management Fee is due on April 10. Implementation of the program and review and approval of applications on a rolling basis between November and April will allow the City, through the Contractor, to provide assistance awards before the second installment is due.

6.2 Timeline of Assistance for Fiscal Year 2027

The City plans to accept additional² applications for assistance for Fiscal year 2027 from mid-April 2026 through July 2026. This would allow the City to reduce the amount owed by qualifying households directly by indicating a lower amount on the data the City sends to the County allowing ESD to charge those customers less in FY27 on the fee included on their property tax bill.

² Applications for assistance for Fiscal year 2026 will include a field allowing property owners to apply for assistance for Fiscal year 2027 at the same time, as part of the same application. Approvals for Fiscal year 2027 assistance will be made on a date later than approvals for Fiscal year 2026 assistance.

3.2.6 Reporting Requirements. Contractor must submit the following reports using the City's web-based contract compliance portal. City is not obligated to pay Contractor for any amounts not duly appropriated and authorized by City Council.

3.4 Reserved.

ARTICLE IV SUSPENSION AND TERMINATION

4.1 City's Right to Suspend for Convenience. City may suspend all or any portion of Contractor's performance under this Contract at its sole option and for its convenience for a reasonable period of time not to exceed six (6) months. City must first give ten (10) days' written notice to Contractor of such suspension. City will pay to Contractor a sum equivalent to the reasonable value of the goods and/or services satisfactorily provided up to the date of suspension. City may rescind the suspension prior to or at six (6) months by providing Contractor with written notice of the rescission, at which time Contractor would be required to resume performance in compliance with the terms and provisions of this Contract. Contractor will be entitled to an extension of time to complete performance under the Contract equal to the length of the suspension unless otherwise agreed to in writing by the Parties.

7City's Right to Terminate for Convenience. City may, at its sole option and for its convenience, terminate all or any portion of this Contract by giving thirty (30) days' written notice of such termination to Contractor. The termination of the Contract shall be effective upon receipt of the notice by Contractor. After termination of all or any portion of the Contract, Contractor shall: (1) immediately discontinue all affected performance (unless the notice directs otherwise); and (2) complete any and all additional work necessary for the orderly filing of documents and closing of Contractor's affected performance under the Contract. After filing of documents and completion of performance, Contractor shall deliver to City all data, drawings, specifications, reports, estimates, summaries, and such other information and materials created or received by Contractor in performing this Contract, whether completed or in process. By accepting payment for completion, filing, and delivering documents as called for in this section, Contractor discharges City of all of City's payment obligations and liabilities under this Contract with regard to the affected performance.

4.2 City's Right to Terminate for Default. Contractor's failure to satisfactorily perform any obligation required by this Contract constitutes a default. Examples of default include a determination by City that Contractor has: (1) failed to deliver goods and/or perform the services of the required quality or within the time specified; (2) failed to perform any of the obligations of this Contract; and (3) failed to make sufficient progress in performance which may jeopardize

full performance.

4.2.1 If Contractor fails to satisfactorily cure a default within ten (10) calendar days of receiving written notice from City specifying the nature of the default, City may immediately cancel and/or terminate this Contract, and terminate each and every right of Contractor, and any person claiming any rights by or through Contractor under this Contract.

4.2.2 If City terminates this Contract, in whole or in part, City may procure, upon such terms and in such manner as the Purchasing Agent may deem appropriate, equivalent goods or services and Contractor shall be liable to City for any excess costs. Contractor shall also continue performance to the extent not terminated.

4.3 Termination for Bankruptcy or Assignment for the Benefit of Creditors. If Contractor files a voluntary petition in bankruptcy, is adjudicated bankrupt, or makes a general assignment for the benefit of creditors, the City may at its option and without further notice to, or demand upon Contractor, terminate this Contract, and terminate each and every right of Contractor, and any person claiming rights by and through Contractor under this Contract.

4.4 Contractor's Right to Payment Following Contract Termination.

4.4.1 Termination for Convenience. If the termination is for the convenience of City an equitable adjustment in the Contract price shall be made. No amount shall be allowed for anticipated profit on unperformed services, and no amount shall be paid for an as needed contract beyond the Contract termination date.

4.4.2 Termination for Default. If, after City gives notice of termination for failure to fulfill Contract obligations to Contractor, it is determined that Contractor had not so failed, the termination shall be deemed to have been effected for the convenience of City. In such event, adjustment in the Contract price shall be made as provided in Section 4.3.2. City's rights and remedies are in addition to any other rights and remedies provided by law or under this Contract.

4.5 Remedies Cumulative. City's remedies are cumulative and are not intended to be exclusive of any other remedies or means of redress to which City may be lawfully entitled in case of any breach or threatened breach of any provision of this Contract.

ARTICLE V ADDITIONAL CONTRACTOR OBLIGATIONS

5.1 Inspection and Acceptance. The City will inspect and accept goods provided under this Contract at the shipment destination unless specified otherwise. Inspection will be made and acceptance will be determined by the City department shown in the shipping address of the Purchase Order or other duly authorized representative of City.

5.2 Responsibility for Lost or Damaged Shipments. Contractor bears the risk of loss or damage to goods prior to the time of their receipt and acceptance by City. City has no obligation to accept damaged shipments and reserves the right to return damaged goods, at Contractor's

sole expense, even if the damage was not apparent or discovered until after receipt.

5.3 Responsibility for Damages. Contractor is responsible for all damage that occurs as a result of Contractor's fault or negligence or that of its' employees, agents, or representatives in connection with the performance of this Contract. Contractor shall immediately report any such damage to people and/or property to the Contract Administrator.

5.4 Delivery. Delivery shall be made on the delivery day specified in the Contract Documents. The City, in its sole discretion, may extend the time for delivery. The City may order, in writing, the suspension, delay or interruption of delivery of goods and/or services.

5.5 Delay. Unless otherwise specified herein, time is of the essence for each and every provision of the Contract. Contractor must immediately notify City in writing if there is, or it is anticipated that there will be, a delay in performance. The written notice must explain the cause for the delay and provide a reasonable estimate of the length of the delay. City may terminate this Contract as provided herein if City, in its sole discretion, determines the delay is material.

5.5.1 If a delay in performance is caused by any unforeseen event(s) beyond the control of the parties, City may allow Contractor to a reasonable extension of time to complete performance, but Contractor will not be entitled to damages or additional compensation. Any such extension of time must be approved in writing by City. The following conditions may constitute such a delay: war; changes in law or government regulation; labor disputes; strikes; fires, floods, adverse weather or other similar condition of the elements necessitating cessation of the performance; inability to obtain materials, equipment or labor; or other specific reasons agreed to between City and Contractor. This provision does not apply to a delay caused by Contractor's acts or omissions. Contractor is not entitled to an extension of time to perform if a delay is caused by Contractor's inability to obtain materials, equipment, or labor unless City has received, in a timely manner, documentary proof satisfactory to City of Contractor's inability to obtain materials, equipment, or labor, in which case City's approval must be in writing.

5.6 Restrictions and Regulations Requiring Contract Modification. Contractor shall immediately notify City in writing of any regulations or restrictions that may or will require Contractor to alter the material, quality, workmanship, or performance of the goods and/or services to be provided. City reserves the right to accept any such alteration, including any resulting reasonable price adjustments, or to cancel the Contract at no expense to the City.

5.7 Warranties. All goods and/or services provided under the Contract must be warranted by Contractor or manufacturer for at least twelve (12) months after acceptance by City, except automotive equipment. Automotive equipment must be warranted for a minimum of 12,000 miles or 12 months, whichever occurs first, unless otherwise stated in the Contract. Contractor is responsible to City for all warranty service, parts, and labor. Contractor is required to ensure that warranty work is performed at a facility acceptable to City and that services, parts, and labor are available and provided to meet City's schedules and deadlines. Contractor may establish a warranty service contract with an agency satisfactory to City instead of performing the warranty service itself. If Contractor is not an authorized service center and causes any damage to equipment being serviced, which results in the existing warranty being voided, Contractor will be liable for all costs of repairs to the equipment, or the costs of replacing the equipment with

General Contract Terms and Provisions

new equipment that meets City's operational needs.

5.8 Industry Standards. Contractor shall provide goods and/or services acceptable to City in strict conformance with the Contract. Contractor shall also provide goods and/or services in accordance with the standards customarily adhered to by an experienced and competent provider of the goods and/or services called for under this Contract using the degree of care and skill ordinarily exercised by reputable providers of such goods and/or services. Where approval by City, the Mayor, or other representative of City is required, it is understood to be general approval only and does not relieve Contractor of responsibility for complying with all applicable laws, codes, policies, regulations, and good business practices.

5.9 Records Retention and Examination. Contractor shall retain, protect, and maintain in an accessible location all records and documents, including paper, electronic, and computer records, relating to this Contract for five (5) years after receipt of final payment by City under this Contract. Contractor shall make all such records and documents available for inspection, copying, or other reproduction, and auditing by authorized representatives of City, including the Purchasing Agent or designee. Contractor shall make available all requested data and records at reasonable locations within City or County of San Diego at any time during normal business hours, and as often as City deems necessary. If records are not made available within the City or County of San Diego, Contractor shall pay City's travel costs to the location where the records are maintained and shall pay for all related travel expenses. Failure to make requested records available for inspection, copying, or other reproduction, or auditing by the date requested may result in termination of the Contract. Contractor must include this provision in all subcontracts made in connection with this Contract.

5.9.1 Contractor shall maintain records of all subcontracts entered into with all firms, all project invoices received from Subcontractors and Suppliers, all purchases of materials and services from Suppliers, and all joint venture participation. Records shall show name, telephone number including area code, and business address of each Subcontractor and Supplier, and joint venture partner, and the total amount actually paid to each firm. Project relevant records, regardless of tier, may be periodically reviewed by the City.

5.10 Quality Assurance Meetings. Upon City's request, Contractor shall schedule one or more quality assurance meetings with City's Contract Administrator to discuss Contractor's performance. If requested, Contractor shall schedule the first quality assurance meeting no later than eight (8) weeks from the date of commencement of work under the Contract. All certificates and endorsements are to be received and approved by City before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive Contractor's obligation to provide them. City reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

7.6 Special Risks or Circumstances. City reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

In the event of non-renewal, cancellation, or material change to the Bond terms, Contractor shall provide City with evidence of the new source of surety within twenty-one (21) calendar days after the date of the notice of non-renewal, cancellation, or material change. Failure to maintain the Bond, as required herein, in full force and effect as required under this Contract, will be a material breach of the Contract subject to termination of the Contract.

In no event shall any putative assignment create a contractual relationship between City and any putative assignee.

13.3 Independent Contractors. Contractor and any subcontractors employed by Contractor are independent contractors and not agents of City. Any provisions of this Contract that may appear to give City any right to direct Contractor concerning the details of performing or providing the goods and/or services, or to exercise any control over performance of the Contract, shall mean only that Contractor shall follow the direction of City concerning the end results of the performance.

13.4 Subcontractors. All persons assigned to perform any work related to this Contract, including any subcontractors, are deemed to be employees of Contractor, and Contractor shall be directly responsible for their work.

No waiver of any breach shall affect or alter this Contract, and each and every covenant, condition, and term hereof shall continue in full force and effect without respect to any existing or subsequent breach.

13.11 Severability. The unenforceability, invalidity, or illegality of any provision of this Contract shall not render any other provision of this Contract unenforceable, invalid, or illegal.

13.12 Drafting Ambiguities. The parties acknowledge that they have the right to be advised by legal counsel with respect to the negotiations, terms and conditions of this Contract, and the decision of whether to seek advice of legal counsel with respect to this Contract is the sole responsibility of each party. This Contract shall not be construed in favor of or against either party by reason of the extent to which each party participated in the drafting of the Contract.

CONTRACTOR STANDARDS
Pledge of Compliance

The City of San Diego has adopted a Contractor Standards Ordinance (CSO) codified in section 22.3004 of the San Diego Municipal Code (SDMC). The City of San Diego uses the criteria set forth in the CSO to determine whether a contractor (bidder or proposer) has the capacity to fully perform the contract requirements and the business integrity to justify the award of public funds. This completed Pledge of Compliance signed under penalty of perjury must be submitted with each bid and proposal. If an informal solicitation process is used, the bidder must submit this completed Pledge of Compliance to the City prior to execution of the contract. All responses must be typewritten or printed in ink. If an explanation is requested or additional space is required, Contractors must provide responses on Attachment A to the Pledge of Compliance and sign each page. Failure to submit a signed and completed Pledge of Compliance may render a bid or proposal non-responsive. In the case of an informal solicitation or cooperative procurement, the contract will not be awarded unless a signed and completed Pledge of Compliance is submitted. A submitted Pledge of Compliance is a public record and information contained within will be available for public review except to the extent that such information is exempt from disclosure pursuant to applicable law.

By signing and submitting this form, the contractor is certifying, to the best of their knowledge, that the contractor and any of its Principals have not within a five (5) year period – preceding this offer, been convicted of or had a civil judgement rendered against them for commission of a fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) contract or subcontract.

"Principal" means an officer, director, owner, partner or a person having primary management or supervisory responsibilities within the firm. The Contractor shall provide immediate written notice to the Procurement Contracting Officer handling the solicitation, at any time prior to award should they learn that this Representations and Certifications was inaccurate or incomplete.

This form contains 10 pages, additional information may be submitted as part of *Attachment A*.

Work Force Report

HISTORY

The Work Force Report (WFR) is the document that allows the City of San Diego to analyze the work forces of all firms wishing to do business with the City. We are able to compare the firm's work force data to County Labor Force Availability (CLFA) data derived from the United States Census. CLFA data is a compilation of lists of occupations and includes the percentage of each ethnicity we track (American Indian or Alaska Native, Asian, Black or African-American, Native Hawaiian or Pacific Islander, White, and Other) for each occupation. Currently, our CLFA data is taken from the 2010 Census. In order to compare one firm to another, it is important that the data we receive from the consultant firm is accurate and organized in the manner that allows for this fair comparison.

WORK FORCE & BRANCH WORK FORCE REPORTS

When submitting a WFR, especially if the WFR is for a specific project or activity, we would like to have information about the firm's work force that is actually participating in the project or activity. That is, if the project is in San Diego and the work force is from San Diego, we want a San Diego County Work Force Report¹. By the same token, if the project is in San Diego, but the work force is from another county, such as Orange or Riverside County, we want a Work Force Report from that county². If participation in a San Diego project is by work forces from San Diego County and, for example, from Los Angeles County and from Sacramento County, we ask for separate Work Force Reports representing your firm from each of the three counties.

MANAGING OFFICE WORK FORCE

Equal Opportunity Contracting may occasionally ask for a Managing Office Work Force (MOWF) Report. This may occur in an instance where the firm involved is a large national or international firm but the San Diego or other local work force is very small. In this case, we may ask for both a local and a MOWF Report^{1,3}. In another case, when work is done only by the Managing Office, only the MOWF Report may be necessary.³

TYPES OF WORK FORCE REPORTS:

Please note, throughout the preceding text of this page, the superscript numbers one ¹, two ² & three ³. These numbers coincide with the types of work force report required in the example. See below:

WAGE REQUIREMENTS: SERVICE AND MAINTENANCE CONTRACTS EXECUTED ON OR AFTER JANUARY 1, 2015

By signing this Contract, Bidder certifies that he or she is aware of the wage provisions described herein and shall comply with such provisions before commencing services.

A. Living Wages. This Contract is subject to the City's Living Wage Ordinance (LWO), codified in San Diego Municipal Code Chapter 2, Article 2, Division 42. Bidder agrees to require all of its subcontractors, sublessees, and concessionaires subject to the LWO to comply with the LWO and all applicable regulations and rules.

1. Payment of Living Wages. Pursuant to San Diego Municipal Code section 22.4220(a), Bidder and its subcontractors shall ensure that all workers who perform work under this Contract are paid not less than the required minimum hourly wage rates and health benefits rate unless an exemption applies.

1.1 Copies of such living wage rates are available on the City website at <https://www.sandiego.gov/purchasing/programs/livingwage/>. Bidder and its subcontractors shall post a notice informing workers of their rights at each job site or a site frequently accessed by covered employees in a prominent and accessible place in accordance with San Diego Municipal Code section 22.4225(e).

1.2 LWO wage and health benefit rates are adjusted annually in accordance with San Diego Municipal Code section 22.4220(b) to reflect the Consumer Price Index. Service contracts, financial assistance agreements, and City facilities agreements must include this upward adjustment of wage rates to covered employees on July 1 of each year.

2. Compensated Leave. Pursuant to San Diego Municipal Code section 22.4220(c), Bidder and its subcontractors shall provide a minimum of eighty (80) hours per year of compensated leave. Part-time employees must accrue compensated leave at a rate proportional to full-time employees.

3. Uncompensated Leave. Bidder and its subcontractors must also permit workers to take a minimum of eighty (80) hours of uncompensated leave per year to be used for the illness of the worker or a member of his or her immediate family when the worker has exhausted all accrued compensated leave.

4. Enforcement and Remedies. City will take any one or more of the actions listed in San Diego Municipal Code section 22.4230 should Bidder or its subcontractors are found to be in violation of any of the provisions of the LWO.

5. Payroll Records. Bidder and its subcontractors shall submit weekly certified payroll records online via the City's web-based Labor Compliance Program. Bidder is responsible for ensuring its subcontractors submit certified payroll records to the City.

5.1 For contracts subject to both living wage and prevailing wage requirements, only one submittal will be required. Submittals by a Bidder and all subcontractors must comply with both ordinance requirements.

6. Certification of Compliance. San Diego Municipal Code section 22.4225 requires each Bidder to fill out and file a living wage certification with the Living Wage Program Manager within thirty (30) days of Award of the Contract.

7. Annual Compliance Report. Bidder and its subcontractors must file an annual report documenting compliance with the LWO pursuant to San Diego Municipal Code section 22.4225(d). Records documenting compliance must be maintained for a minimum of three (3) years after the City's final payment on the service contract or agreement.

8. Exemption from Living Wage Ordinance. Pursuant to San Diego Municipal Code section 22.4215, this Contract may be exempt from the LWO. For a determination on this exemption, Bidder must complete the Living Wage Ordinance Application for Exemption.
