The UpCPG invited the four Developer / Architect teams that were ranked by the San Diego Unified School District in December. They all gave presentations to the public and board at our last January 6<sup>th</sup> Board meeting. The Board has taken information they heard from the public and from the developer teams and spent the last week filling out these ranking sheets. These sheets were approved by the Board and reviewed by the Public Project Committee and the Historic Resources Committee. The ranking table include 9 topics. Topic sets of three include: (1-3) Community Access Topics; (4-6) Historic Resources topics; and (7-9) Design Topics. A summary of the ranking will be reviewed at the meeting along with a summary of comments and a cover letter. This meeting will vote on these three elements either as one action or split the vote into three actions, depending on the desire of the board. The board has already authorized the ranking table topics and the authority to submit these materials and present at the January 26th School District Board.
