

CONSTRUCTION NOTICE: Overnight Friars Road Closure

Jan. 28, 2026

On January 29, from 9 p.m. to 5 a.m., a full overnight closure will be in effect on Friars Road from Sea World Drive to Napa Street for the City of San Diego Morena Pump Station project, part of the Pure Water San Diego Program.

What To Expect: A full overnight closure will be in effect on Friars Road from Sea World Drive to Napa Street. Noise and light impacts are expected in the area, however; crews are aware of nearby residences and will minimize impacts to the extent possible.

When: The overnight closure will be in effect on January 29 from 9 p.m. to 5 a.m. Following the completion of the overnight closure, the Friars Road westbound lane will reopen from Napa Street to Sea World Drive. Please note that construction schedules are subject to change due to weather impacts, site conditions and operational issues.

Why: Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035. The Pure Water Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply. The Morena Pump Station project is one of several major water infrastructure projects that are part of Phase 1 of Pure Water San Diego.

The City is committed to clear communication and providing up-to-date information about construction activities. Properties along the construction area will receive printed notices before work begins near their address, and construction notices will be regularly posted on morena.purewatersd.org. Please contact purewatersd@sandiego.gov or **833-MOR-PWSD (833-667-7973)** with questions about the City's Pure Water Program and the Morena Pump Station project, and a team member will get back to you within one business day.
