Item #2 – Time Warner Cable-Carmel Mountain Road

**APPROVAL OF MINUTES**

December 4<sup>th</sup>, 2025

**COMMISSION ACTION:**

MOTION BY COMMISSIONER MALBROUGH TO:

- APPROVE THE MINUTES OF DECEMBER 4<sup>TH</sup>, 2025 AS PRESENTED.

Seconded by Commissioner Reeves. The motion passed with a vote of 5-0-2. Commissioners Modén, Malbrough, Miyahara, Renger, and Reeves voted yes, with Commissioner Boomhower and Commissioner Mahzari absent.

**DIRECTOR'S REPORT**

Michael Prinz, Development Services Department:

"The last Planning Commission hearing was held on December 4th. At the hearing, the Commission heard one item. The Commission heard the project located at 8303 La Jolla Shores Drive, which is a Tentative Map, Coastal Development Permit, and Site Development Permit for the consolidation of 3 parcels into a single lot, totaling 4.45 acres, for its subdivision into 6 residential lots, with 1 dwelling unit per lot and 1 ADU on lot 6, for a total of 7 dwelling units. The Commission approved the project by a vote of 5-0-2, with Chair Modén and Commissioner Mahzari absent."

"As a reminder, the state updates to the California Building Standards Code are updated every 3 years. The current edition is the 2022 California Code of Regulations, and the new 2025 California Building Standards Code will go into effect on January 1st, 2026. All project applications submitted on or after that date must conform to the new regulations. We expect that the application submittal volumes may increase in the final weeks of 2025, and so that means applications submitted toward the end of this year may not be reviewed for accuracy and deemed complete by intake staff until on or after January 1st, 2026. However, the City will continue to honor the current 2022 edition of the California Building Standards Codes for project applications submitted before January 1, 2026, as long as staff determines they substantially conform to submittal requirements."

"Please be advised that projects with applications currently in their fourth and final extension may have to comply with the new 2025 regulations, regardless of when the determination is

made. For more information about the code changes, please visit [dgs.ca.gov/BSC](https://dgs.ca.gov/BSC). That concludes my report."

Courtney Pash, Planning Department:

"On Tuesday, the City Council approved the College Area Community Plan Update, the Clairemont Community Plan Update, and the Community Enhancement Overlay Zone Regulations proposed by the City Planning Department to implement these two community plans. These updates will go into effect in early 2026."

"We appreciate the Planning Commission's review and recommendation of support for these three important items. Thank you."

#### **COMMISSION COMMENT**

None
