

“Henry Foster III doesn’t just represent District 4 — he knows, understands, and truly loves every neighborhood that shapes this district. His commitment to service is steadfast and proven. He brings unwavering focus and tireless dedication to serving the people of District 4.” — Supervisor Monica Montgomery Steppe

A third-generation District Four resident, Henry Foster III carries forward his family’s legacy of service and community leadership.

For more than a decade, Henry has served the City of San Diego, including five years as District Four’s Chief of Staff and now as your Councilmember. He has helped create jobs, support small businesses, improve parks and libraries, repair streets and sidewalks, and advance community-based public safety solutions.

Henry knows progress doesn’t happen overnight. It requires steady leadership, accountability, and making sure District Four receives its fair share of resources.

If reelected, Henry will continue expanding economic opportunity through youth and workforce programs, paid internships, apprenticeships, and targeted support for local businesses. He will invest in neighborhood infrastructure, recreation centers, arts and cultural assets, balanced housing solutions, and compassionate, accountable approaches to homelessness. And he will keep our neighborhoods safe by strengthening partnerships and access to opportunity.

We are stronger together!

Reelect Henry Foster III for Council District Four.
