 - height if greater than 1-story (above ground): _____
- Project aspect(s) that the applicant team is seeking Advisory Board direction on. (Community character, aesthetics, design features, etc.): _____

Exhibits and other materials to provide:

Exhibits and other project-related presentation materials (e.g. site plan, elevations, exhibits showing addition/remodel areas, etc.) although not required, are extremely helpful in informing the Advisory Board's review and understanding of a project. The following exhibits and materials are recommended and if provided by the applicant, will be attached to the agenda and posted to the City's website:

<https://www.sandiego.gov/planning/community/profiles/lajolla/pddoab> for view by the public:

- All exhibits should be sized to 8 ½" X 11" format
- Exhibits, which can contain the following:
 - A. A site plan showing the street, the property line on all sides, the setbacks on all sides, and the setbacks from the property lines to the neighboring building;
 - B. Elevations for all sides;
 - C. If the proposal is for a remodel, a clear delineation of what part of the proposed structure is new construction
 - D. If the proposal is for a building with more than one story, show:
 - how the upper story sits on the story beneath it (setback of the upper story from the lower story);
 - the distance from the proposed upper story to comparable stories of the neighboring buildings; and
 - the height of neighboring buildings compared to the proposed structure's height.
- Any surveys that indicate similarities in floor area or architectural style in the surrounding neighborhood
- Any communications such as letter and emails from adjacent neighbors, local neighborhood groups, and/or the Homeowners' Association
- The most recent Project Issues Report for the project from the Development Services Department
- Neighborhood Survey Tabulation of Front, side, and rear setbacks.

PLEASE DO NOT PROVIDE THE FOLLOWING:

- The complete plan set of the project. Complete plan sets take up a lot of memory to distribute and most of the information is not necessary for the Advisory Board's review.
- Plans or exhibits of the interior of the project. Interiors are not reviewed by the Advisory Board.
- Personal contact information of the property owners of the project should not be included, unless they are the "owner/applicant" and they are the designated point of contact

The Advisory Board members are very keen to know that the neighbors in the immediate vicinity have been noticed and their views noted. Community conformity, setbacks, FAR, parking, view corridors, bulk & scale, and articulation are key discussion points on all projects. Action Items will be heard first.

Thank you,

Please return the information requested to no later than a week before the scheduled meeting date:

Subject: Assessment of Application for 2734 Bordeaux Avenue Project No. PRJ-1087614

Dear Patrick Vercio,

The Development Services Department (DSD) has completed the **sixth review** of your proposed project. We are providing you with the following information for your application.

Project Scope

An amendment to the previously issued Coastal Development Permit and Site Development Permit 41-0314 for the Koster Residence for the proposed detached 1,111-square-foot (sf) accessory dwelling unit (ADU) with a basement, green roof, and associated site improvements located at 2734 Bordeaux Avenue. The 0.91-acre project site is in the La Jolla Shores Planned District – Single Family (LJSPD-SF) and Residential Single-Unit (RS-1-7) zones within the Coastal Overlay Zone, the Coastal Height Limit Overlay Zone, the Parking Impact Overlay Zone (Campus Impact), a Parking Standards Transit Priority Area, a Transit Priority Area, a Paleontological Sensitivity Area, and Environmentally Sensitive Lands in the form of Coastal Sage Scrub, Torrey Pine, and Steep Hillsides within the La Jolla Community Plan, Council District 1.

- Location: [2734 Bordeaux Avenue, La Jolla, CA 92037](#)
- Community Plan: [La Jolla](#)
- Requested Approvals/Process:
 - Coastal Development Permit (Process 2) pursuant to San Diego Municipal Code ([SDMC Section 126.0707\(a\)](#)) for the proposed development in the Coastal Overlay Zone.
 - Site Development Permit (Process 3) pursuant to [SDMC Section 143.0110\(b\) Table 143-01A](#) and [Section 126.0502\(a\)\(1\)\(B\)](#) for the proposed development within Environmentally Sensitive Lands (ESL).

Project Scope, Revisions, and Recap:

The project is being processed as an amendment to previously issued CDP and SDP 41-0314 for the Koster Residence. This sixth review cycle included a fourth revised scope of work reducing the proposed square footage of the ADU to 1,111 sf, an increase to the proposed basement to 482 sf, and associated site improvements to an existing single-family residence.

Significant Project Issues

Carefully review the attached **Project Issues Report** and **Submittal Requirements** information enclosed, which contains review comments from staff. Once you have reviewed this information, please contact me if you wish to schedule a meeting with staff, or utilize DSD's [Second Opinion Guarantee](#) or [Project Issue Resolution Conference](#) services. All issues must be addressed to move forward to a project decision.

Additional supporting materials and technical information are necessary for continued project review:

- La Jolla Shores Planned District Advisory Board recommendation (see Planning's review).

Project Timeline

[SDMC Section 126.0115](#) requires that a development permit application be closed if the applicant fails to submit or resubmit requested materials, information, fees, or deposits within 90 calendar days of receiving this letter, or **May 6, 2026**. Closed projects cannot be "reactivated". Once closed, the applicant shall be required to submit a new development permit application with required submittal materials and shall be subject to all applicable fees and regulations in effect on the date the new application is deemed complete.

Project Accounting

- Our most recent records show that there is a balance of **\$9,001.31** in the deposit account for your project. However, please be advised that the cost of this review has not been posted to your account, and it may take four to six weeks to post these charges to the account. Deposit Account statements are mailed to the Financially Responsible Party on file with the breakdown of staff charges. Please contact me for assistance if you have not received your statement for the previous two months.
- Please be advised that the [minimum required balance](#) for each approval type must be maintained throughout the process. If you need to make a payment toward the deposit account, payments can be made in person at 7650 Mission Valley Road using the following [link](#) or on the [Accela Citizen Access portal](#). Per the City charter, Enterprise funds must have deposit accounts with positive balances in order for the processing to proceed. I will proactively inform you if your account is nearing deficit. **Please note that reviews will be immediately halted on any deposit account that is in deficit or goes into collections.**
- California Department of Fish and Wildlife (CDFW) Filing Fee: The amount of the fee is dependent on the final environmental determination and would be a minimum of \$50 if the project is exempt. Please see the [CDFW webpage](#) for their fee schedule. If these fees are required, I will notify you.
- Please see [Time and Costs Associated with the Discretionary Approval Process](#) for additional information.

Next Steps

Please feel free to contact me should you have any questions, require additional information, or wish to discuss any aspect of this assessment in further detail.

Sincerely,

Jose Bautista

Signoff Note: Landscape Area Diagram, Sheet A1.1a. Brush Management Plan, Sheet L1.2, includes alternative compliance. [Info Only]

[Comment 00119 | Page | Conditional]

Landscape Conditions:

Prior to issuance of any construction permit for public improvements, the Owner/Permittee shall submit complete landscape construction documents for right-of-way improvements to the Development Services Department for approval. Improvement plans shall show, label, and dimension a 40-square-foot area around each tree which is unencumbered by utilities. Driveways, utilities, drains, water and sewer laterals shall be designed so as not to prohibit the placement of street trees.

THE CITY OF SAN DIEGO
Development Services Department
1222 1st Avenue, San Diego, CA 92101

Prior to issuance of any construction permits for structures, the Owner/Permittee shall submit complete landscape and irrigation construction documents to the Development Services Department for approval. The construction documents shall be consistent with approved Exhibit "A," the La Jolla Shores Planned District Ordinance, the La Jolla Community Plan, and the Land Development Manual - Landscape Standards. Unplanted recreational areas, walks (areas used for access whether paved, mulched, stepping stone, ground cover, or similar), and driveways may not count towards the minimum landscape area required by the La Jolla Shores Planned District Ordinance.

The Owner/Permittee shall be responsible for the maintenance of all landscape improvements shown on the approved plans, including in the right-of-way, unless long-term maintenance of said landscaping will be the responsibility of a Landscape Maintenance District or other approved entity. All required landscape shall be maintained consistent with the Landscape Standards in a disease, weed, and litter free condition at all times. Severe pruning or "topping" of trees is not permitted.

If any required landscape (including existing or new plantings, hardscape, landscape features, etc.) indicated on the approved construction document plans is damaged or removed, it shall be repaired and/or replaced in kind and equivalent size per the approved documents to the satisfaction of the Development Services Department within 30 days of damage.

[Comment 00120 | Page | Conditional]

Brush Management Conditions:

The Owner/Permittee shall implement the following requirements in accordance with the Brush Management Program shown on Exhibit "A" on file in the Development Services Department.

The Brush Management Program shall consist of a modified Zone One ranging from 10-ft. to xx-ft. in width, exercising alternative compliance measures set forth under §142.0412(i) & §142.0412(j), with a corresponding Zone Two of 65-ft. Zone One shall extend out from the habitable structure towards the native/naturalized vegetation, as shown on Exhibit "A." Openings along the brush side of the habitable structures, plus a 10-ft. perpendicular return along adjacent wall faces, shall be upgraded to dual-glazed, dual-tempered panes as alternative compliance for the reduced brush management zones, in addition to alternative compliance measures indicated on Exhibit "A".

THE CITY OF SAN DIEGO
Development Services Department
1222 1st Avenue, San Diego, CA 92101

Prior to issuance of any construction permit for grading, landscape construction documents required for the engineering permit shall be submitted showing the brush management zones on the property in substantial conformance with Exhibit "A."

Prior to issuance of any construction permit for building, a complete Brush Management Program shall be submitted for approval to the Development Services Department and shall be in substantial conformance with Exhibit "A" on file in the Development Services Department. The Brush Management Program shall comply with the City of San Diego's Landscape Regulations and the Landscape Standards.

Within Zone One, combustible accessory structures (including, but not limited to decks, trellises, gazebos, etc.) shall not be permitted while accessory structures of non-combustible, one-hour fire-rated, and/or Type IV heavy timber construction may be approved within the designated Zone One area subject to Fire Marshal's approval.

The Brush Management Program shall be maintained at all times in accordance with the City of San Diego's Landscape Standards.
