CITY CLERK
CITY OF SAN DIEGO

Age: 40

Dear Valued Resident of District 4,

As a lifelong San Diegan, father, person of faith, and champion of American values like freedom and justice, I'm Johnny Lee Dang, running for City Council District 4 in 2026. Our vibrant communities—Southeastern San Diego, Logan Heights, Encanto, Skyline—face challenges from redlining, underinvestment, poverty, homelessness, and inequities, but hold immense potential.

Building on momentum like Imperial Avenue improvements and the Black Arts District, my vision transforms Imperial Avenue into the "Promised Land": a pedestrian-friendly boulevard with tree-lined promenades, high-end retail, cafes, plazas, and over 50 statues honoring excellence in athletics, arts, military, civil rights, and more. This patriotic renewal honors our heroes and creates:

- 3,000-7,000 jobs and millions in revenue

- 2,000-5,000 housing units (20-30% affordable), preventing displacement

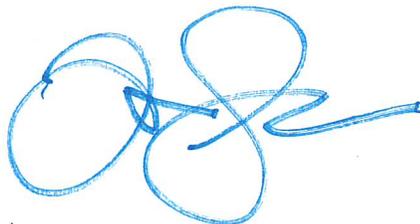

- Safer streets with 25-40% crime reduction via lighting, programs, and public safety

- Enhanced education through mentoring and after-school resources

- Compassionate homelessness solutions, reducing it by 150-400 in five years

- Greener spaces for environmental resilience

Funded innovatively without new taxes. Together, let's heal divides and build prosperity for all. Visit JLD2026.com to join.
