CITY CLERK
CITY OF SAN DIEGO

My name is Mykel Gadson, a proud San Diego native running for city council of District 4. This city didn't just raise me—it shaped my values, my voice, & my commitment to standing up for our community.

Growing up in District 4 taught me the power of unity, culture, & resilience. San Diego's strength comes from its diversity & the hardworking families who call this city home. Our neighborhoods deserve leadership that will protect our communities, defend our dignity, & ensure every resident feels safe, respected, & heard.

I work as a paralegal, supporting attorneys on Civil Litigation legal matters. I've completed internships for the California Innocence Project, where I worked alongside attorneys who freed wrongfully convicted men from death row—an experience that strengthened my dedication to justice & accountability.

I studied Political Science at The Ohio State University & have been involved in public service from a young age. I am incredibly proud to be apart of the generation who takes a stand.

District 4 deserves bold leadership that will show up, listen, & fight for our people. I am running to bring principled, fearless leadership & ensure our community always has a voice.
