

Our communities and families deserve a government that works for them.

- **Protecting Communities:** As a Chief Deputy City Attorney for San Diego, Nicole led the Gun Violence Restraining Order Program, removing firearms from dangerous individuals. She prosecuted elder and domestic abuse, took on slumlords exploiting tenants, and connected seniors and people experiencing homelessness with critical services to increase neighborhood safety and stability.
- **Accountability and Oversight:** Nicole fought for tenants, seniors, and vulnerable residents. She stood up against developers exploiting the ADU loophole and will fight to rebuild our crumbling streets. She spent ten years on her union's negotiating team securing fair contracts for her colleagues. Nicole will demand transparency and results for San Diegans.
- **Community Leadership:** Nicole consistently steps up to serve her community. She is a mom, elected President of the Clairemont Town Council and the Holmes Elementary PTA by her neighbors. She protected students on the San Diego Unified School District Multi-Agency Task Force.

Nicole will prioritize affordability for seniors and working families so residents can stay in their neighborhoods and children can attend our schools.

Nicole is endorsed by community leaders, labor unions, and elected officials across San Diego.

Vote for Nicole Crosby. She will work for you!
