

Hello District 2. I hope this message finds you well. As a San Diego resident for nearly 30 years, I am grateful for the opportunity to be on the ballot.

I am a graduate of the University of San Diego School of Law in 1999, have been a California trial attorney for 26 years and am currently a partner with Estelle & Kennedy, A Professional Law Corporation. I am a social minded, fiscal conservative.

Government must focus on its core function: spending taxpayer dollars wisely. My platform is an easy to remember acronym: S.A.F.E.

Streets & Safety
Affordability & Access
Financial Responsibility
Environment & Education

San Diego tax revenue is \$2.1 Billion and yet we are running a structural deficit. We must reign in overspending and waste or risk continued increases in fees such as parking, trash and even property taxes which brings me to my campaign slogan:

“San Diego: We Can’t Afford It”

If you are looking for a representative that loves District 2 and will fight for a balanced budget, I respectfully ask for your vote. Please visit www.sddistrict2.com or Better Call Paul at 619.930.6309.

Thank you for the opportunity to be of service.

Respectfully,

Paul Suppa
