

Your New City Recycle Bin is Here!

Gray Trash and Light Blue Recycling Bins

By now you should have received your selected gray and light blue bins. If this is not the case, please call the Environmental Services Department at **858-694-7000**.

Green Bins

If you requested a change to your green bin number or size, the City will deliver those starting in fall 2026. If you do not currently have a green bin at all, or would like to increase the size of your existing green bin to 95-gallon, please call the Environmental Services Department at **858-694-7000**.

Keep Your Dark Blue Bins Out for Removal for 48 Hours

Your light blue recycling bin may arrive before your old dark blue bin(s) are removed. Please leave your **dark blue and any remaining black bins** out at your collection point for the entire collection day and the following day to ensure removal. If bins still remain after 48 hours, submit a Container Removal Request at sandiego.gov/GID or call Environmental Services at **858-694-7000**.

Important Tips:

Label It!

Write your home address in the white box on the side of the bin, under the City of San Diego logo.

Black and Dark Blue Bins

The City will no longer service the old black trash and dark blue recycling bins and will remove them to be recycled. If your old bins were not removed from your property, please submit a Container Removal Request at sandiego.gov/GID or call Environmental Services at **858-694-7000**.

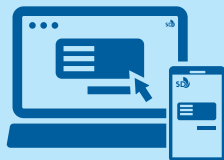

Changing the Size or Quantity of Bins

Service-level modifications are available in the Residential Waste Collection Services Portal starting July 1, 2026. Please log in or create a Portal account to request a different size or quantity of trash, recycling or organic waste bins.

If you need to order larger or additional bins now, before the Portal modification option opens, property owners may call Environmental Services at **858-694-7000**. If you are not the owner of the property, please coordinate with your landlord.

If you haven't already, **create your Portal account to manage your trash services and sign up for notifications to stay up to date** on delivery schedules and other department updates like Christmas tree collection or secure paper shredding events. Visit sandiego.gov/trash to get started.

For more information or additional assistance, contact Environmental Services at **858-694-7000**.
