

CONSTRUCTION PROGRESS REPORT  
RANCHO BERNARDO COMMUNITY PARK  
DOG PARK & ADA IMPROVEMENTS PROJECT  
April 2026

Project Overview

The scope of work for Rancho Bernardo Community Dog Park & ADA Improvements Project includes several enhancements to the dog park, such as the installation of three steel shade shelters, an 8-10' wide synthetic turf strip, hose bibs, shade trees, drinking fountains, boulders and log agility features, and a snake protection fence.

Additionally, the project includes broader park improvements and accessibility upgrades, such as installing new curb ramps, sidewalks, chain-link fencing, accessible parking spaces, site furnishings, and associated irrigation and landscaping enhancements.

Construction Schedule:

Construction Start: January 16, 2026

Estimated Completion: Fall 2027

Duration: 404 working days

Budget:

Construction Cost (Agreement with **Blue Pacific Engineering Construction, Inc.**): \$3,411,200.00

Total Project Cost Estimate: \$ 5,710,340.00

Construction Progress Period of March 1 to April 13:

The contractor is currently constructing the new concrete walkway connecting Field 3 to the northern parking lot.

In the coming weeks, they will repair the irrigation impacted by the sidewalk construction and proceed with installing new sod.
