Upcoming Request for Proposals (RFPs)				
As-Needed Construction Management Services (H2626761, H2626762) (Federally Funded) (PLA Applies)	Engineering & Capital Projects	July 2026	2	\$3M (each)
<p>High Level Scope:</p> <p>The primary responsibilities of the entity retained through this procurement i.e., Construction Management Professional (CMP) will be to provide staff augmentation and support services, on an as-needed basis for the divisions within CB for various types of Capital Improvement Program (CIP) projects such as, but not limited to water and wastewater facilities & pipeline projects, work in, over, or alongside navigable waters, buildings, bridges, roadway paving, process facilities and site work. As workloads fluctuate in construction of new facilities and modifications to existing facilities, staffing requirements also change. The CMP shall provide construction management and other support services provided in the CES division such as materials testing on an as-needed basis to supplement CB. Work will be assigned via Task Orders as determined by CB on a project specific basis consisting of a mutually agreed Scope of Services.</p>				
As-Needed Stormwater Environmental Services (H2626785-M & H2626786-M) (City Funded) (PLA Does Not Apply)	Stormwater	July 2026	2	\$3M (each)
<p>High Level Scope:</p> <p>Proposed projects related to the Stormwater system are in or adjacent to environmentally sensitive and jurisdictional areas that can trigger compliance with various local, regional, state, and federal regulations</p>				

and policies. Services under this contract will require specialized subject matter experts and environmental regulatory expertise to satisfy state and federal compliance with the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA), as well as local, state, and federal environmental compliance, and could include the following:

- Planning & permitting
- Mitigation
- Monitoring & reporting
- Engineering support for environmental planning and support tasks

Downtown Mobility Phase 3A(2) (H2626752) (Federally Funded) (PLA Does Not Apply)	Engineering & Capital Projects	July 2026	1	\$2.5M
---	-----------------------------------	-----------	---	--------

High Level Scope:

This project will implement Class IV Bikeways (Cycle Tracks) within Downtown San Diego to provide linkages within and to surrounding neighborhoods while also increasing bicycle commute mode share as part of the Climate Action Plan Goals in accordance with the Downtown Mobility Plan. The Project scope also includes street resurfacing, traffic striping, traffic signal modifications, ADA improvements and construction of Class IV bicycle facilities which include asphalt concrete dike, and angled parking conversion. The project is located in the Downtown Community Area of Council District 3.

Construction Management Services - Pump Station 2 Improvements and Modernization (H2626841-M) (City Funded) (PLA Applies)	Engineering & Capital Projects	July 2026	1	\$7M
---	-----------------------------------	-----------	---	------

High Level Scope:

The project will require one construction management resident engineer (CMRE) for a duration of approximately 1,452 construction working days plus 40 working days start-up and 80 working days for close-out. The project will also require as-needed inspection including but not limited to structural, concrete, mechanical, welding, electrical, coating, corrosion, and instrumentation and controls (I&C). Working hours will be during daytime, however some nighttime or weekend work may be required to ensure completion of the work and changes to the working hours could be required through the contract duration in order to meet specific project needs.
