

## Infrastructure Priorities Survey - Projects Form for Planning Groups

Instructions: Please list infrastructure project ideas and answer questions in Column A pertaining to each project. Copy and paste columns to add more projects. Return completed forms to [PublicSpaces@sandiego.gov](mailto:PublicSpaces@sandiego.gov) by **August, 2025**.

### Planning Group Name: Eastern Area Communities Planning Committee (EACPC) - El Cerrito

Questions	Project Idea 1	Project Idea 2	Project Idea 3	Project Idea 4	Project Idea 5	Project Idea 6
<b>1. Please share specific infrastructure project ideas/ suggestions for your community?</b>	Lea Street connection to University Avenue	Paint a new, strong crosswalk across all Streets at the Trojan Avenue & 54th Street intersection, with reflective paint, possibly raised road reflectors.	Study and installation of traffic calming measures on 58th Street between University and El Cajon Blvd. See attached illustration of traffic circles used in Jefferson Park in Los Angeles which look economical.	Replace broken sidewalks on El Cajon Blvd.	Remove chain link fence on 54th Street median and replace with hedge between ECB & University ( <b>OR</b> If there is extra safety in a fence - then plant hedge along the fencing.)	Mobility study of El Cajon Boulevard (ECB) with suggestion that safe bike lanes be on Trojan and Adams instead or ECB
<b>2. Where is your suggested project located?</b>	Lea Street and University Avenue	The Intersection at 54th Street and Trojan Avenue	On 58th Street between El Cajon Blvd & University Avenue at Olympic Street, Trojan Avenue, Meade Avenue & Adelaide Avenue	El Cajon Boulevard between 54th Street and College Avenue	On 54th Street between El Cajon Blvd and University Avenue	El Cajon Boulevard between 54th and College and along College Ave between ECB and University
<b>3. How will this project positively impact the community?</b>	It will replace the current connection that Chollas Parkway provides between University Ave and 54th St and preserve traffic mobility in the area, as well as providing Fire Department access to the Chollas Triangle Park and buildings	This will allow a more visible cross walk for all pedestrians crossing the streets at this busy intersection, including students attending schools in the area.	For safety of the residents and students when they are walking in the neighborhood. Too many cars are speeding and going through Stop Signs as they use the street to cut through between University Ave and El Cajon Blvd	Allow for safe walking along El Cajon Boulevard, reducing trip hazards and allow for ADA compliance	The chain link fence is unsightly and collects garbage, weeds, and paper on the median.	Increase bicycle mobility and safety in El Cerrito
<b>4. Please select the category most related to your project idea.</b>	Mobility	Public Safety	Public Safety	Mobility	Public Safety	Mobility
