

## Infrastructure Priorities Survey - Projects Form for Planning Groups

**Instructions:** Please list infrastructure project ideas and answer questions in Column A pertaining to each project. Copy and paste columns to add more projects. Return completed forms to [PublicSpaces@sandiego.gov](mailto:PublicSpaces@sandiego.gov) by **August, 2025**.

### Planning Group Name: EACPC - Oak Park

| Questions   | Project Idea 1  | Project Idea 2   | Project Idea 3  | Project Idea 4  | Project Idea 5   |
|---|---|--|---|---|--|
| <b>1. Please share specific infrastructure project ideas/ suggestions for your community?</b> | Class 4 bike lanes on 54th St. from College Grove Dr. north to University Ave.  | Additional streetlight(s) at the end of Laurel St. by 2634 - 2654 Laurel St.   | New streetlight for Bayview Hts. Dr. north of Grape St.               | New streetlight for east end of Seifert St.   | Additional streetlight(s) for 52nd St. from Kalmia St. to Oak Park Dr.   |
| <b>2. Where is your suggested project located?</b>  | Both the eastside and westside road shoulders of 54th St. from College Grove Dr. to University Ave.   | 2634 - 2654 Laurel St.   | Bayview Hts. Dr, north of Grape St. intersection at end of cul-de-sac | East of Seifert/Balboa Vista intersection, where Seifert St. ends downhill in an open space accessible to vehicles                          | Westside of 52nd St. along 5302 52nd St. between Kalmia St. and south to Oak Park Dr.  |
| <b>3. How will this project positively impact the community?</b>                              | This transportation lane would allow bicyclists to travel from the proposed library (and adjacent parkland) to the Oak Park Trail and proposed Chollas Triangle Park. | Illegal dumping, signs posted to warn about fines for illegal dumping, and the existing street light are too far away to light up the spot where the dumping occurs often. | Deter illegal dumping, car camping, encampments, and drug dealing     | Install streetlight on existing utility power pole for safety and to discourage illegal dumping, car camping, encampments, and drug dealing | Supplement existing streetlights to deter illegal dumping, car camping, encampments, and drug dealing—may also need on-going tree canopy pruning to allow lights to fully lighten this segment of 52nd St. |
| <b>4. Please select the category most related to your project idea.</b>                       | Mobility  | Public Safety  | Public Safety   | Public Safety   | Public Safety  |

### Planning Group Name: EACPC - Oak Park

| Project Idea 6   | Project Idea 7   |
|--|--|
| Upgrade/complete the sidewalks on both sides to current standards including, but not limited to, required signage and lighting from Blackton Dr. to Timothy/Balboa Vista | Add \$6,000,000.00 funding to the current CIP #S22011 so the Observatory Project can be achieved by 2027.  |
| Faulconer St between 55th St and Timothy Drive/Balboa Vista Dr   | New Oak Park Library   |
| Increase safety for pedestrians as they currently must walk into the road and oncoming traffic   | The Observatory Project will provide all of our City and County libraries the opportunity to enhance STEAM (Science, Technology, Engineering, Arts and Math) programs for elementary, middle and high school students that will prepare them for a new career path. The new Oak Park Library and Observatory will serve low income and underrepresented populations in District 4. The Observatory will be within walking distance to two elementary schools and will encourage students to attend and stay in school and partake in the STEAM and NASA programs that our new Oak Park Library and Observatory will offer. |
