Alvarado 2nd Extension Pipeline Project

Water Main Break Near Friars Rd. & Frazee Rd. - Repairs are Underway

City crews are on site at the intersection of Friars Road and Frazee Road to repair a water main break at the intersection. Water service in the area was turned off immediately after discovering the water main break to allow crews to make repairs.

Crews are estimating that the work will be completed by 6 a.m. on Thursday, June 4., but water service will be restored as soon as possible once the repairs have been made.
