

FY27 CPPS FAQ for Applicants

What is CPPS?

Community Projects, Programs, and Services, or CPPS, is a grant program that allows Councilmembers to award funding directly to nonprofit organizations, public agencies, and City departments for projects, programs, or services that benefit the city's neighborhoods and communities.

Who can apply for CPPS?

Tax-exempt or nonprofit organizations and public agencies for projects, programs, or services that serve a lawful public purpose to benefit the City's neighborhoods and communities and that can also meet the requirements of [Council Policy 100-06](#).

How much CPPS funding is available?

The Fiscal Year 2027 budget includes a \$900,000 allocation for CPPS. Funding is split evenly among the nine council offices, granting each Councilmember \$100,000 in discretionary CPPS budget. Funding requests and awards must be no less than \$1,500.

When can I apply for CPPS?

The CPPS application will be open from **July 7, 2026, to August 7, 2026**, and will be available on our [webpage](#).

What are the application requirements?

- Hold a tax-exempt or nonprofit status with the [Internal Revenue Service \(IRS\)](#).
 - Possess an official tax-exempt determination letter.
- Be in good standing with the [California Secretary of State \(SOS\)](#).
- Be in good standing with the [California Attorney General \(AG\)](#).
 - Some entities may be exempted by the AG.
 - Entities with a Mutual Benefit designation with the AG *now* may be required to register and file, as the solicitation or receipt of charitable assets, which may include CPPS, triggers a requirement to register and report on those assets. We recommend consulting the Attorney General with questions regarding these requirements. Please note that the Attorney General's Office can take up to 90 days to process inquiries, so applicants should begin this process soon and it is recommended that they complete it before applying for funding.
- Be financially solvent.
 - Provide an annual return, such as an IRS Form 990 (may be substituted for newer nonprofits).
- Be able to disclose all sources of organizational funding.
- Be able to adequately describe the project, program, or service and how it provides a public benefit to San Diego.

Can I apply for multiple projects?

Yes, an eligible applicant may submit as many applications as they would like. We ask that applicants submit individual applications for each unique project, but projects that are closely connected or part of a series may be consolidated in one application.

Can I request funding from multiple Councilmembers?

Yes, applicants will have the option to request funds from as many Councilmembers as they'd like within the application. An applicant may request funds from as few as one Councilmember or as many as all nine for a project.
