**CONSTRUCTION NOTICE: Night Work along Genesee Ave. between Appleton St. and SR-52 and at SR-52 Ramps**

Beginning on Sunday, June 7, the City of San Diego Morena Northern Pipelines and Tunnels' contractor will be working at night along Genesee Avenue to complete dig-outs and pavement base repair work as preparation for final pavement and resurfacing. Crews will be working on Genesee Avenue between Appleton Street and SR-52, and at the SR-52 on-and-off-ramps. After this work is completed, crews will continue working north along Genesee Avenue toward Nobel Drive.

Work hours will take place from 8 p.m. to 6 a.m. each night.

Single lane closures will be in effect along Genesee Avenue in both the northbound and southbound direction near SR-52 on- and off-ramps. For the safety of crews, community members and motorists, closures of select SR-52 on- and off-ramps will also be in effect.

Closures will only be in place during the nighttime work hours, and traffic controls will be picked up at the end of each shift. Vehicles traveling on SR-52 will be detoured to the next off-ramp and back to Genesee Avenue. Please see the descriptions below and the included maps for the SR-52 on- and off-ramp closures and detour routes.

**Eastbound SR-52 On-Ramp from Genesee Avenue**

The on-ramp to eastbound SR-52 will be closed to traffic traveling south on Genesee Avenue. Motorists will be detoured to Clairemont Mesa Boulevard to take I-805 north to enter eastbound SR-52. One northbound lane will remain open at the SR-52 and Genesee Avenue intersection to allow northbound motorists to travel to the detour route.

**Eastbound SR-52 Off-Ramp to Northbound Genesee Avenue**

The eastbound SR-52 off-ramp will be closed to motorists exiting onto northbound Genesee Avenue. Motorists traveling along eastbound SR-52 will be detoured to Exit 1, detoured to turn right onto northbound Regents Road to then continue onto Governor Drive to travel north onto Genesee Avenue.

**Eastbound SR-52 Off-Ramp to Southbound Genesee Avenue**

The eastbound SR-52 off-ramp will be closed to motorists exiting onto southbound Genesee Avenue. Motorists traveling along eastbound SR-52 will be detoured to the I-805 southbound off ramp to Clairemont Mesa Boulevard to travel south on Genesee Avenue.

**What to Expect:**

- Electronic message boards will be placed as advanced notification about the traffic control shift.
- Parking restrictions will be enforced; please avoid parking in areas with “no parking” signs. Vehicles in violation of these signs will be towed.
- 24/7 access for emergency vehicles, residences and businesses will be maintained.
- Please anticipate traffic delays and construction noise.
- For safety reasons, please follow all posted signs including detours for traffic.

The City and project team are committed to completing construction as safely and efficiently as possible, and the University City community's patience and coordination are appreciated. Please note that construction schedules are subject to change at any time.

**Why:** Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035 and significantly reduce treated discharges from the Point Loma Wastewater Treatment Plant. Pure Water San Diego will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The program offers a cost-effective investment for San Diego's water and wastewater needs. San Diegans are getting dual value from this investment — reliable, sustainable drinking water and avoided wastewater costs. The Morena Northern Pipelines and Tunnels project is one of several major water infrastructure projects in Phase 1 of Pure Water San Diego.

The City is committed to clear communication and providing up-to-date information about construction activities. Properties along the construction area will receive printed notices before work begins near their address, and construction notices will be regularly posted on [utc.purewatersd.org](http://utc.purewatersd.org). Please contact [purewatersd@sandiego.gov](mailto:purewatersd@sandiego.gov) or **833-UTC-PWSD (833 882-7973)** with questions about the City's Pure Water Program and the Morena Northern Pipelines and Tunnels project, and a team member will get back to you within one business day.
