Project Title	City Department	Current Due Date	Number of Contracts	Estimated Contract Value	Senior Civil Engineer
Upcoming Request for Proposals (RFPs)					
As-Needed Construction Management Services (H2626761, H2626762) (Federally Funded), (PLA Applies)	Engineering & Capital Projects	September 2026	2	\$3 Million (Each)	Alex Sleiman
High Level Scope: The primary responsibilities of the entity retained through this procurement i.e., Construction Management Professional (CMP) will be to provide staff augmentation and support services, on an as-needed basis for the divisions within CB for various types of Capital Improvement Program (CIP) projects such as, but not limited to water and wastewater facilities & pipeline projects, work in, over, or alongside navigable waters, buildings, bridges, roadway paving, process facilities and site work. As workloads fluctuate with the construction of new facilities and modifications to existing facilities, staffing requirements also change. The CMP shall provide construction management and other support services provided in the CES division such as testing materials on an as-needed basis to supplement CB. Work will be assigned via Task Orders as determined by CB on a project specific basis consisting of a mutually agreed Scope of Services					

A&E PROFESSIONAL CONSULTANTS: 12-MONTH LOOK AHEAD

As-Needed Stormwater Environmental Services (H2626785-M & H2626786-M) (City Funded), (PLA Does Not Apply)	Stormwater	August 2026	2	\$3 Million (Each)	David Wells
High Level Scope: Proposed projects related to the Stormwater system are in or adjacent to environmentally sensitive and jurisdictional areas that can trigger compliance with various local, regional, state, and federal regulations and policies. Services under this contract require specialized subject matter experts and environmental regulatory expertise to satisfy state and federal compliance with the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA), as well as local, state, and federal environmental compliance, and could include the following: • Planning & permitting. • Mitigation. • Monitoring & reporting. • Engineering support for environmental planning and support tasks.					
Downtown Mobility Phase 3A(2) (H2626752) (Federally Funded), (PLA Might Apply)	Engineering & Capital Projects	Dec 2026	1	\$2.5 Million	Ronak Rekani
High Level Scope: This project will implement Class IV Bikeways (Cycle Tracks) within Downtown San Diego to provide linkages within and to surrounding neighborhoods while also increasing bicycle commute mode share as part of the Climate Action Plan Goals in accordance with the Downtown Mobility Plan. The Project scope also includes street resurfacing, traffic striping, traffic signal modifications, ADA improvements and construction of Class IV bicycle facilities which include asphalt concrete dike, and angled parking conversion. The project is in the Downtown Community Area of Council District 3.
