Alvarado 2nd Extension Pipeline Project

Upcoming Work at Friars Road and Colusa Street Intersection

Crews on the Project are continuing to work during daytime hours to install pipeline on Friars Rd. between Napa St. and Via Las Cumbres, moving east on Friars Rd. as they progress. In the coming days, work will begin at the Friars Rd. and Colusa St. intersection. Please see the additional details provided below for this portion of work.

Work at Friars Road and Colusa Street

- On Wednesday, 7/22 and Thursday, 7/23 crews will begin preparing the intersection by sawcutting the roadway. Once sawcutting is completed, they will begin excavating and installing pipeline.
- Access in and out of Presidio Place will be maintained at all times, though there may be a reduction in vehicle lanes to accommodate work.
- Traffic flaggers will be on site during working hours, (7 a.m. to 4 p.m., Monday through Friday), please follow all posted signage.
- During non-working hours, the intersection will be fully open to traffic.
- After the pipeline has been installed, crews will temporarily pave over the trench before moving to the next section.
- This phase of work is expected to last for approximately 5 weeks.
