Dear SeaWorld San Diego Leadership,

On behalf of the Mission Bay Park Committee, we write to express our sincere appreciation for your investment in drone light shows as an alternative to traditional fireworks displays.

We recognize the thoughtful step you have taken to reduce the environmental impacts associated with nightly pyrotechnic shows. By choosing drone technology, SeaWorld is helping protect local wildlife, water quality, and the overall health of the Mission Bay ecosystem that so many of us value and work to preserve.

Thank you for your commitment to more sustainable entertainment options. We look forward to seeing the positive results of this change for both the community and the natural environment we share.

Sincerely,

Jeff Johnson
Chairman, Mission Bay Park Committee
