CONSTRUCTION UPDATE

Crews are Working to Repair Damaged SDG&E Conduit Near Eastgate Mall & Eastgate Drive

Increased Traffic and Select Electric Service Outages Expected

Work is currently underway to repair an electrical conduit that was damaged near the intersection of Eastgate Mall and Eastgate Drive. We are expecting this work may not be completed until the night of Thursday, August 21. Traffic control will remain in place on Eastgate Mall throughout the repair to give crews a safe space to work. Please plan extra time for morning and evening commutes if you need to travel through the area, or use an alternate route.

The SDG&E outage map will provide more information on the expected duration of the outages and the number of affected customers moving forward. Please contact SDG&E customer service representatives with any questions about the duration of any electric service outages you are expecting.

The North City Pure Water Pipeline project is one of several major infrastructure projects that are part of Phase 1 of Pure Water San Diego. The pipeline will start on Eastgate Mall and follow Miramar Road to Kearny Villa Road and continue along Candida Street to Via Pasar and Via Excelencia. From there, the pipeline will tunnel under Interstate 15. On the east side of Interstate 15, it will continue along Businesspark Avenue to Carroll Canyon Road and follow Hoyt Park Drive to Meanley Drive before crossing Scripps Lake Drive to the Miramar Reservoir.

The City is committed to clear communication and providing up-to-date information about construction activities. Please visit scrippsranh.purewatersd.org for more information. Please contact purewatersd@sandiego.gov or **833-MIR-PWSD (833-647-7973)** with questions about the City's Pure Water Program and the North City Pure Water Pipeline project.

To forward this e-blast, [forward this link](#).

Safety of the construction crews and community is our top priority.
Please slow down near work sites and follow pedestrian instructions.

About Pure Water San Diego

Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally. The Pure Water Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply.
