RECITALS

The Council of the City of San Diego (Council) adopts this Ordinance based on the following:

- A. As part of the code monitoring program directed by the Mayor and Council, the City of San Diego reviews and updates the Land Development Code which is part of the San Diego Municipal Code (Municipal Code).

B. The code updates are intended to simplify the land development regulations, make the Municipal Code regulations more adaptable, eliminate redundancies, and increase predictability in the application of the land development regulations.

C. The 2026 update to the Land Development Code (2026 Code Update) addresses 134 issues (103 items Citywide and 31 items Downtown) that are divided into the following categories: regulatory reforms, clarifications, corrections, compliance with state law, and amendments to align the Municipal Code with the City's climate, equity, and housing goals.

D. The 2026 Code Update addresses the following matters: base zone regulations, Community Plan Implementation Overlay Zones, increasing abatement fees, consolidating of processing, homes and housing incentive programs, landscape regulations, regulations addressing monitored perimeter security fence systems, residential care facilities including behavioral health facilities, specific plans, sports arenas and stadiums, tentative maps, visitor accommodations, urgent care facilities, rules for calculations and measurements, and corresponding amendments to the Central Urbanized, La Jolla Shores, Mission Beach, and Old Town Planned Districts.

E. This Ordinance streamlines the permitting process for residential care facilities to address the homelessness crisis.

F. This Ordinance also expands state density bonus programs to Mobility Zone 3, defined as a community planning area boundary with a vehicular miles traveled efficiency that is 85 percent or less of the regional average.

G. Staff has conducted extensive public outreach and analysis involving multiple stakeholder groups, City departments, and other governmental agencies while developing the proposed 2026 Code Update.

H. The Office of the City Attorney prepared this Ordinance based on the information provided by City staff (including information provided by affected third parties and verified by City staff), with the understanding that this information is complete and accurate.

ACTION ITEMS

Be it ordained by the Council of the City of San Diego:

Section 1. Chapter 1, Article 2, Division 6 of the San Diego Municipal Code is amended by amending section 12.0609, to read as follows:

§12.0609 Abatement Penalty

(a) through (d) [No change in text.]

(e) Abatement penalties for causing or maintaining a public nuisance shall be assessed at a daily rate determined by the Director or Enforcement Hearing Officer pursuant to the criteria listed in section 12.0610 of this Division. The maximum rate shall be \$10,000 per violation. The maximum amount of civil penalties shall not exceed \$500,000 per parcel or structure in a calendar year for any related series of violations. These amounts shall be updated annually based on the Consumer Price Index for All Urban Consumers, for the San Diego area, published by the Bureau of Labor Statistics, and shall include an additional five percent administrative fee for associated cost recovery.

§112.0301 Types of Notice

- (a) through (b) [No change in text.]

- (c) Notice of Public Hearing. A Notice of Public Hearing shall be provided before a decision is made on an application for a permit, map, or other matter acted upon in accordance with Process Three, Process Four, Process Five, or Process CIP-Five, or an appeal of a Process Two, Process CIP-Two, Process Three, or Process Four decision, or of an *environmental determination*. A Notice of Public Hearing shall also be provided before a decision is made by the City Council in accordance with Section 132.1555 (Overrule Process).

- (1) through (2) [No change in text.]

- (3) Distribution. Except as otherwise provided by the Municipal Code, the City Manager shall publish the Notice of Public Hearing in

accordance with Section 112.0303, and shall mail the Notice of Public Hearing to the persons described in Section 112.0302(b). Where fees are being imposed on a specific project to defray the cost of public facilities, the Notice of Public Hearing shall also be published, in accordance with California Government Code section 6062a, or as amended. The notice shall be published as follows:

- (A) If the hearing is before the Planning Commission and is for the consideration of a zoning ordinance or a rezoning ordinance, the Notice of Public Hearing shall be published at least 20 calendar days before the date of the public hearing; and
- (B) If the hearing is before the Planning Commission and is not for consideration of a zoning ordinance or a reasoning ordinance, the Notice of Public Hearing shall be published at least 10 *business days* before the date of the public hearing.
- (C) If the hearing is before the City Council, the Notice of Public Hearing shall be published at least 10 *business days* before the date of the public hearing.

(d) through (e) [No change in text.]

§112.0305 Notice for Land Use Plans or Zoning Ordinances

When a *land use plan*, a zoning ordinance, or a rezoning ordinance is to be considered at a public hearing, the City Manager shall submit a Notice of Public

Hearing for publication as set forth in Section 112.0303 to be published at least 10 *business days* before the date of the public hearing, unless otherwise indicated in Section 112.0305(a). The Notice of Public Hearing shall include the date, time, and place of the hearing, the identity of the hearing body, a general explanation of the matter to be considered, and a general description of the location of the real property, if any, that is the subject of the hearing. This notice shall be provided in addition to the other notices required by this Division. The Notice of Public Hearing shall be published as follows:

- (a) If the hearing is before the Planning Commission and is for the consideration of a zoning ordinance or a rezoning ordinance, the Notice of Public Hearing shall be published at least 20 calendar days before the date of the public hearing; and
- (b) If the hearing is before the City Council, the Notice of Public Hearing shall be published at least 10 *business days* before the date of the public hearing.

§112.0310 Notice of Right to Appeal Environmental Determination

In accordance with Chapter 12, Article 8, Division 2, the Planning Director implements the California Environmental Quality Act (CEQA) and the State CEQA Guidelines within the City of San Diego. While not required by CEQA, in some circumstances the City requires the posting of a Notice of Right to Appeal Environmental Determination for activities that are subject to CEQA.

- (a) [No change in text.]
- (b) A Notice of Right to Appeal Environmental Determination is not required to be posted for the following:

- (1) [No change in text.]
- (2) Projects with an environmental document subject to a Hearing Officer or Planning Commission action to adopt or certify;
- (3) Projects with an environmental document or an exemption determination subject to City Council approval; and
- (4) Projects with a *deemed complete* application submitted prior to January 1, 2030 that are determined to be exempt from CEQA under California Public Resources Code section 21080.61.

- (b) Process Three for *parcel maps*;
- (c) Process Four for *final maps*; and

- (d) Process Five for *tentative maps* that include the vacation of *public right-of-way* or the abandonment of a *public service easement*.

Section 15. Chapter 12, Article 6, Division 4 of the San Diego Municipal Code is amended by amending section 126.0402, to read as follows:

§126.0402 When a Neighborhood Development Permit Is Required

- (a) A Neighborhood Development Permit is required for the following types of *development* on sites with *previously conforming premises* or uses:
 - (1) through (5) [No change in text.]
 - (6) Maintenance, repair, rebuilding, or alteration of a *previously conforming sign* where the costs of new construction would exceed 50 percent of the assessed value of the existing *previously conforming sign*, but would not expand beyond the existing *structural envelope* as provided in Section 127.0202.
 - (b) through (l) [No change in text.]
- (m) A Neighborhood Development Permit is required for *development* of a *wireless communication facility* with an equipment enclosure that exceeds 300 square feet as described in Section 141.0420(e)(3), or that includes equipment enclosures not placed underground as described in Section 141.0420(g)(2).
- (n) through (s) [No change in text.]
- (t) A Neighborhood Development Permit is required for any *encroachment* that includes utility equipment necessary for fiber optic *development* within the *public right-of-way*. If the *applicant* for the fiber optic *development* is not the *record owner* of the property and demonstrates that

installation of the equipment cannot be undergrounded, to the satisfaction of the City Engineer or their designee, a Public Right-of-Way Permit shall be required in accordance with Section 129.0710(e)(2).

Section 16. Chapter 12, Article 7, Division 2 of the San Diego Municipal Code is amended by amending section 127.0202, to read as follows:

§127.0202 General Rules for Previously Conforming Signs

The following general rules apply to all *previously conforming signs*.

(a) through (e) [No change in text.]

- (f) Maintenance, repair, rebuilding, or alteration of a *previously conforming sign* where the construction would be less than or equal to 50 percent of the assessed value and would not expand beyond the existing *structural envelope*, is subject to approval by the City Manager, or designee, in accordance with Process One. The *applicant* shall submit plans showing existing and proposed site conditions.
- (g) Maintenance, repair, rebuilding, or alteration of a *previously conforming sign* where the construction would exceed 50 percent of the assessed value of the existing *previously conforming sign* but would not expand beyond the existing *structural envelope*, requires a Neighborhood Development Permit.
- (h) Any *previously conforming sign* that is maintained, repaired, rebuilt, or altered in accordance with Section 127.0202(f) or (g) shall retain its *previously conforming* status.

Section 17. Chapter 12, Article 9, Division 1 of the San Diego Municipal Code is amended by amending section 129.0119, to read as follows:

§129.0119 Bond Required for Construction Permit for Grading or Public Improvements

- (a) Persons performing work under Public Right-of-Way or Grading Permits issued in accordance with this Article shall furnish a bond in accordance with the following provisions:
 - (1) through (6) [No change in text.]
 - (7) Projects with a completion cost, as estimated by the Building Official of \$100,000 or less, shall be exempt from providing a bond unless required by the City Engineer.
- (b) through (e) [No change in text.]
- (f) The City Manager may waive the requirement for a bond, unless otherwise required by Section 129.0119.

Section 18. Chapter 12, Article 9, Division 2 of the San Diego Municipal Code is amended by amending section 129.0203, to read as follows:

§129.0203 Exemptions from a Building Permit

- (a) A Building Permit is not required for the following *structures* and activities, except when the *development* would involve alterations, repairs, or improvements to a *historical resource* as described in Section 143.0220; when *development* on a *premises* containing *environmentally sensitive lands* requires a *development permit* in accordance with Section 143.0110; or when a building is constructed with unreinforced masonry bearing walls or exterior wall parapets:
 - (1) through (24) [No change in text.]

(25) Monitored Perimeter Security Fence Systems in accordance with
Section 142.0390(d)(2).

(b) through (c) [No change in text.]

Section 19. Chapter 12, Article 9, Division 7 of the San Diego Municipal Code is
amended by amending sections 129.0710 and 129.0750, to read as follows:

§129.0710 How to Apply for a Public Right-of-Way Permit

An application for a Public Right-of-Way Permit shall be submitted in accordance
with Sections 112.0102 and 129.0105. The submittal requirements for Public
Right-of-Way Permits are listed in the Land Development Manual. A
development permit is required prior to issuance of a Public Right-of-Way Permit
for the following:

- (a) If the proposed *encroachment* involves construction of a privately-owned
structure or facility into the *public right-of-way* dedicated for a *street* or an
alley, and where the *applicant* is the *record owner* of the underlying fee
title, a Neighborhood Development Permit is required in accordance with
Section 126.0402(j) except for the following, which are subject to
approval by the City Engineer in accordance with Process One:
 - (1) through (8) [No change in text.]
 - (9) The *encroachment* is permitted under Section 141.0629.
- (b) If the proposed *encroachment* is erected, placed, constructed, established
or maintained in the *public right-of-way* when the *applicant* is not the
record owner of the property on which the *encroachment* will be located,
a Site Development Permit is required in accordance with
Section 126.0502(d)(6), except for the following:

(1) through (5) [No change in text.]

(c) through (d) [No change in text.]

(e) If the proposed *encroachment* includes utility equipment necessary for fiber optic *development* within the *public right-of-way*, and the *applicant* for the fiber optic *development* can demonstrate that installation of the equipment cannot be undergrounded, as verified by the City Engineer or their designee, and where the *applicant* is not the *record owner* of the property, the *public right-of-way* permit shall be required as follows:

(1) Utility equipment necessary for fiber optic *development* proposed to be erected, placed, constructed, established, or maintained in the *public right-of-way* that does not exceed 48 inches above the finished *grade* of the curb line and 48 inches in width and height is subject to approval by the City Engineer in accordance with Process One.

(2) Utility equipment necessary for fiber optic *development* proposed to be erected, placed, constructed, established, or maintained in the *public right-of-way* that exceeds 48 inches above the finished *grade* of the curb line and 48 inches in width and height, a Neighborhood Development Permit is required in accordance with Section 126.0402(t).

§129.0750 Expiration of a Public Right-of-Way Permit

(a) A Public Right-of-Way Permit shall expire by limitation and become void 24 months after the date of permit issuance, except if any of the following apply:

- (1) At the time of permit issuance, the City Manager may approve an expiration date exceeding 24 months if the permittee can demonstrate that the complexity or size of the project makes completion of the project within 24 months unreasonable. The expiration date for the Public Right-of-Way Permit shall be specified on the permit;
- (2) A Public Right-of-Way Permit issued as part of a *subdivision* improvement agreement shall expire in accordance with the terms of that agreement; or
- (3) [No change in text.]

(b) [No change in text.]

Section 20. Chapter 13, Article 1, Division 2 of the San Diego Municipal Code is amended by amending section 131.0222 and by adding new section 131.0270, to read as follows:

§131.0546 Maximum Floor Area Ratio

Maximum *floor area ratio* is specified in Tables 131-05C, 131-05D, 131-05E, and is subject to the following additional regulations:

(a) *Floor Area Ratio* Bonus for Mixed Use

- (1) A *floor area ratio* bonus is provided in some commercial zones, as indicated in Tables 131-05C, 131-05D, and 131-05E, for residential uses that are developed as a part of a mixed-use *development*. A minimum required residential *floor area ratio* is shown in the tables, and must be applied toward the residential portion of the project. The remainder of the bonus may be used for either commercial or residential uses. An additional *floor area ratio* bonus of 0.5 may be applied toward the residential portion of a mixed-use *development* that complies with all the following:

- (A) The *premises* is located in Mobility Zone 2 or Mobility Zone 3;
- (B) The *premises* is located within a High or Highest California Tax Credit Allocation Committee (CTCAC) Opportunity Area, within the prior 12 months of when the *development* application is *deemed complete*; and
- (C) All affordable *dwelling units* shall be provided within the mixed-use *development* or on the same *premises*.

§131.0712 Supplemental Regulations for RMX and EMX Zones

These regulations are intended to enable joint living and working opportunities and contribute to the vitality of mixed-use zones.

(a) The following regulations apply to *development* within RMX zones where indicated in Table 131-07B, when the *primary use* and secondary use are both residential.

(1) A minimum of 10 percent of the *structures'* ground floor gross floor area ratio shall be dedicated to facilitating home-based employment, excluding leasing offices, gyms, or community rooms.

This requirement can be met by including one or more of the following:

- (A) Live/work quarters in accordance with Section 141.0311;
- (B) *Shopkeeper units*; or

- (C) A minimum of 500 square feet to accommodate home-occupation amenities, shared resources, and facilities such as conference rooms or co-work spaces.
- (b) [No change in text.].
- (c) Within the EMX zones, no more than 50 percent of the *gross floor area* of a live/work quarter shall be counted as a non-residential use for the purposes of determining the *primary use* and secondary use.

§131.0717 Bulk Standards for Buildings Over 90 Feet in Height

For purposes of Section 131.0717, bulk and scale are divided into the two main areas of the building base and the tower. Buildings over 90 feet in height shall adhere to the following requirements:

- (a) through (b) [No change in text.]
- (c) A *street wall* shall be provided for 70 percent of the building frontage along the *public right-of-way*, with the following exceptions, which may be subtracted from the length of the frontage:
 - (1) Publicly or privately-owned plazas;
 - (2) Courtyard entrances up to 30 feet wide for residential uses;
 - (3) Recessed entrances up to a maximum of 25 feet in width and a maximum of 15 feet in depth. These may include an entry into an interior accessway for vehicles and pedestrians or vehicle or passenger drop-off area, which may be located behind the required *street wall*; and

- (4) Areas where the *existing grade* of the *public right-of-way* differs from the building pad *grade* by more than two feet, as measured vertically from the building pad *grade* to the *existing grade* of the *public right of-way*.

(d) [No change in text.]

§131.0720 Setback Requirements in Mixed-Use Zones

For all *structures*, the Fire Code Official may require a defensible space buffer that is greater than the *setback* required by the base zone to ensure compliance with safety regulations including the California Building Standards Code, Title 24 of the California Code of Regulations.

Section 26. Chapter 13, Article 2, Division 15 of the San Diego Municipal Code is amended by amending sections 132.1502, 132.1505, 132.1510, 132.1515, 132.1520, 132.1525, 132.1535, and 132.1555, to read as follows:

§132.1502 Where the Airport Land Use Compatibility Overlay Zone Applies

- (a) This overlay zone applies to properties that are located within an airport influence area as identified in an adopted Airport Land Use Compatibility Plan for a public use or military airport. Property within this overlay zone may be located within multiple airport influence areas. Table 132-15A lists the airport influence areas that apply within the boundaries of the overlay zones as identified on the listed maps, on file in the office of the City Clerk.

§132.1510 Noise Compatibility

Noise compatibility between airport operations and proposed *development* within Review Area 1 of this overlay zone shall be evaluated as follows:

- (a) This overlay zone applies to properties that are located within an airport influence area as identified in an adopted Airport Land Use Compatibility Plan for a public use or military airport. Property within this overlay zone

may be located within multiple airport influence areas. Table 132-15A lists the airport influence areas that apply within the boundaries of the overlay zones as identified on the listed maps, on file in the office of the City Clerk.

§132.1515 Safety Compatibility

Safety compatibility between airport operations and proposed *development* within Review Area 1 of this overlay zone shall be evaluated in accordance with Section 132.1515.

- (a) Relative aircraft accident risk exposure for property surrounding an airport is identified on Airport Land Use Compatibility Plan safety zone maps set forth in Table 132-15F, prepared and adopted by the Airport Land Use Commission for each airport, and filed in the office of the City Clerk.

Adopted safety zone maps identified in Table 132-15F and applicable safety compatibility tables shall be used to determine land use compatibility in accordance with Section 132.1515(b).

- (b) [No change in text.]
- (c) Rules for calculation and measurement of safety compatibility.

The intent is to measure the total number of *dwelling units* for a proposed residential *development* and the total intensity (people per acre) for a proposed non-residential *development* to determine compliance with the applicable safety zone. Uses that are identified as permitted in a safety zone are presumed to comply with the limits for that safety zone. Uses that are identified as a limited use or require a *development permit* in accordance with Tables 132-15G, 132-15H, 132-15I, or 132-15J shall be subject to a calculation of *density* or intensity as follows:

- (1) Residential *development density*
 - (A) through (E) [No change in text.]

(F) Residential *development* shall be clustered to provide open land on a *premises* equal or greater than 10 acres and shall meet the following:

- (i) A minimum of 2,500 square feet or 5 percent of the *premises* of the *development*, whichever is greater, shall be provided as open land.
- (ii) The maximum amount of open land required shall not exceed more than 20,000 square feet.
- (iii) The minimum length and width of open land shall be 25 feet.
- (iv) The open land shall be a single contiguous area.
- (v) The grade of the open land shall not a slope with a gradient steeper than 5:1.
- (vi) The open land may be landscaped but shall not have trees.
- (vii) The open land shall not have any permanent above grade *structures*.
- (viii) The square footage of the open land may count toward the common open space requirements of the base zone, landscape, and public space requirements.

(2) Non-residential *development* intensity

(A) through (F) [No change in text.]

- (G) Within the San Diego International Airport influence area, Tables 132-15I and 132-15J identify the maximum persons per acre. The total persons per acre calculation for a *development* shall include occupants in outdoor areas, which shall include *accessory uses*.

Airspace protection compatibility within Review Areas 1 and 2 of the Airport

Land Use Compatibility Overlay Zone shall be evaluated in accordance with

Section 132.1520.

- (a) Within each airport influence area, an airspace protection area is designated to protect navigable airspace and to avoid creation of hazards to aircraft in flight in accordance with Code of Federal Regulations, Title 14, Part 77 (Federal Aviation Regulations Part 77). For purposes of Section 132.1520, *development* also includes temporary construction equipment such as cranes. The airspace protection area geographically consists of locations within the Federal Aviation Regulations Part 77 surfaces, and the Federal Aviation Administration notification area

identified on Airport Land Use Compatibility Plan airspace protection maps, prepared and adopted by the Airport Land Use Commission for each airport and filed in the office of the City Clerk. Adopted airspace protection maps identified in Table 132-15K shall be used to determine land use compatibility in accordance with Section 132.1520(b).

§132.1535 Previously Conforming

Section 132.1535 applies to the *development* and operation of existing uses of *structures* located within the Airport Land Use Compatibility Overlay Zone that were legally established in an airport influence area prior to adoption of an Airport Land Use Compatibility Plan.

- (a) through (c) [No change in text.]
- (d) Existing facilities for the following *previously conforming* uses may be expanded as follows:
- (1) [No change in text.]
 - (2) Expansion of a child care center shall be limited to a maximum occupancy of 50 people in any single structure;

(A) In Safety Zones 3 and 4 for the Brown Field Municipal Airport and Montgomery-Gibbs Executive Airport influence areas; and

(B) Expansion in the San Diego International Airport safety zones is permitted in accordance with Section 132.1535(b)(3).

(3) through (4) [No change in text.]

§132.1555 Override Process

(a) An *applicant* may request a decision from the City Council to overrule a determination of inconsistency made by the Airport Land Use Commission in accordance with the consistency determination process in Section 132.1550. Any decision by the City Council to overrule a determination of inconsistency requires a Planning Commission recommendation and two City Council hearings as follows:

(1) The City Council shall hold a public hearing to propose a decision to overrule a determination of inconsistency made by the Airport Land Use Commission;

(2) The Planning Commission shall hold a public hearing to provide a recommendation on the City Council's proposed decision to overrule the determination of inconsistency with Site Development Permit Sections 126.0505(a) and 132.1555(d), in accordance with Process Five; and

(3) The second City Council hearing shall be a final decision to overrule the determination of inconsistency. The *findings* required for

approval will be the general *findings* for Site Development Permits in Section 126.0505(a), and the *findings* for a proposed decision to overrule the Airport Land Use Commission's determination in Section 132.1515(d).

- (b) As part of the hearing to overrule the Airport Land Use Commission, the City Council shall only consider the proposed overrule action and shall not consolidate this action with other *development permits*, maps, or other approvals associated with the *development*.

(c) through (f) [No change in text.]

Section 27. Chapter 14, Article 1, Division 3 of the San Diego Municipal Code is amended by amending sections 141.0302, 141.0313, and 141.0315, and by adding new section 141.0316, to read as follows:

§141.0302 Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs)

Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs), are permitted as a limited use decided in accordance with Process One, indicated with an "L" in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones), subject to the following regulations.

- (a) Regulations for *ADUs* and *JADUs*.

(1) through (8) [No change in text.]

- (9) *ADUs* and *JADUs* allowed under state law shall be exempt from the Climate Action Plan Consistency regulations in accordance with Chapter 14, Article 3, Division 14.

- (10) For the purpose of *ADU* and *JADU* regulations, multiple detached *single dwelling units* on an individual *lot* do not qualify as a *multiple-dwelling unit structure*.

(b) through (c) [No change in text.]

- (d) *ADU Home Density Bonus*. In addition to the *ADUs* and *JADUs* permitted under Sections 141.0302(b) and 141.0302(c), additional bonus *ADUs* and affordable *ADUs* shall be permitted subject to the following:

(1) through (2) [No change in text.]

- (3) *Floor Area Ratio*.

- (A) Within a base zone that permits *single dwelling unit developments* but not *multiple dwelling unit developments*, the maximum *floor area ratio* shall be determined as follows:

(i) through (ii) [No change in text.]

- (iii) For the RS-1-2, RS-1-3, RS-1-4, RS-1-5, RS-1-6, and RS-1-7 base zones, the applicable *floor area ratio* shall be determined in accordance with Table 131-04J using the adjusted *lot* area as described in Sections 141.0302(d)(3)(A)(i) and 141.0302(d)(3)(A)(ii).

- (B) Within a base zone that permits *multiple dwelling unit development*, where the *lot* contains *environmentally sensitive lands*, the maximum permitted *floor area ratio*

shall be determined by using the area of the *lot* that does not contain *environmentally sensitive lands*.

(4) through (7) [No change in text.]

(8) *ADU Home Density Bonus Agreement*. The affordable *ADUs* shall be guaranteed through a written agreement and a deed of trust securing the agreement, entered into by the *applicant* and President and Chief Executive Officer of the San Diego Housing Commission, or their designee, prior to the issuance of a Building Permit for the first affordable *ADU* or bonus *ADU*, whichever occurs first, that meets the following requirements:

(A) A rental affordable *ADU* home *density* bonus agreement shall utilize the following qualifying criteria:

(i) through (iv) [No change in text.]

(B) Violations. If the terms of the rental affordable *ADU* home *density* bonus agreement are violated by the *applicant*, the *applicant* shall be liable for a minimum penalty of \$10,000 per *ADU* per month, in addition to any fines outlined in the rental affordable *ADU* home *density* bonus agreement with the San Diego Housing Commission.

(9) *ADU Home Density Bonus Program Community Enhancement Fee*. The *applicant* shall pay an *ADU Home Density Bonus Program Community Enhancement Fee* as established by San Diego Resolution, calculated based on the *gross floor area* of

the affordable *ADUs* and bonus *ADUs*, except that the *gross floor area* of any affordable *ADUs* that meet all the following shall not be included in the calculation:

(A) through (B) [No change in text.]

(10) All affordable *ADUs* and bonus *ADUs* in the *development* shall comply with the Climate Action Plan Consistency regulations in accordance with Chapter 14, Article 3, Division 14 regulations.

(e) *ADU Bonus for Accessible ADUs*. For *development* utilizing the *ADU Home Density Bonus Program* in accordance with Section 141.0302(d), a maximum of one additional accessible *ADU* shall be permitted if the *development* includes:

(1) through (2) [No change in text.]

(f) through (g) [No change in text.]

§141.0313 Transitional Housing Facilities

Transitional housing facilities offer residential accommodations for a specified period of time, mental health support and counseling services, and other support services to prepare *families* and individuals for independent living. Transitional housing facilities do not include drug or alcohol in-house treatment or rehabilitation facilities, work furlough or probationary residential facilities, or emergency shelters.

Transitional housing facilities are permitted as a limited use in zones indicated with an “L” and may be permitted with a Conditional Use Permit decided in accordance with Process Five, in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the

regulations below. Section 112.0509(b) requiring a Planning Commission recommendation for Process Five applications shall not be applicable to transitional housing facilities.

(a) through (j) [No change in text.]

(k) Transitional housing for youth and young adults may include nonresidential uses and administrative office space in accordance with Section 141.1315(e).

§141.0315 Permanent Supportive Housing

Permanent supportive housing is permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations:

(a) through (d) [No change in text.]

(e) *Permanent supportive housing* includes transitional housing for youth and young adults, and may include nonresidential uses and administrative office space, as defined in California Government Code sections 65650 and 65651. The non-residential *gross floor area* within a *permanent supportive housing development* shall be used for on-site supportive services and administrative office space as follows:

(1) On-site supportive services.

(A) For *development* with 20 or fewer *permanent supportive housing* units, at least 90 square feet must be allocated for on-site supportive services.

(B) For *development* with more than 20 *permanent supportive housing* units, at least three percent of the total *gross floor*

area of the *development* must be dedicated to on-site supportive services intended solely for tenant use. These services may include community rooms, case management offices, computer rooms, and common *kitchens*.

- (2) Administrative office space. Administrative office space shall not exceed 25 percent of the total *gross floor area* of the *development*. Administrative office space means the main or auxiliary offices used by a qualified nonprofit corporation to provide on-site supportive services at a *permanent supportive housing development* authorized by Section 141.0315 and any *off-street parking spaces* required to serve the office space. It may also include space used for other qualified nonprofit corporation activities not directly related to the corresponding *permanent supportive housing development*.

§141.0316 Emergency Shelters

Emergency shelters are facilities that provide housing for homeless persons with minimal supportive services that are limited to occupancy of six months or less.

An emergency shelter may be seasonal or year-round. Emergency shelters operating for 30 days or less in any 365-day period which are *accessory uses* to religious institutions or religious organizations are exempt from

Section 141.0316.

Emergency shelters are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the regulations in Section 141.0316(a). Emergency shelters may be permitted

with a Conditional Use Permit decided in accordance with Process Five in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the regulations in Section 141.0316(b). Notwithstanding Section 131.0111, for the purpose of determining applicable *development* regulations, emergency shelters shall be considered commercial *development*.

(a) Limited Use Regulations

- (1) Emergency shelters shall provide an on-site waiting area of at least 10 square feet per bed to accommodate clients and prevent queuing into the *public right-of-way*. Any outdoor waiting area shall be physically separated with a fence, wall, or other applicable physical barrier from the *public right-of-way*.
- (2) Emergency shelters shall provide off-street parking at a rate of at least one space for each full-time-equivalent employee, calculated at eight hours of working time per employee per 24-hour period.
- (3) Hours of operation shall be limited to the hours between 6:00 p.m. and 8:00 a.m.
- (4) Emergency shelters shall provide on-site supervision at all times. At least one full-time equivalent employee shall be provided for every 20 beds.
- (5) The *applicant* shall submit to the City and implement the following:

- (A) A communications plan for addressing issues or concerns regarding the emergency shelter raised by the local community, neighborhood, business organizations, and adjacent neighbors;
 - (B) A loitering control plan to minimize the congregation of overnight residents during daylight hours on the *premises*, in parking lots serving the *premises*, and on public sidewalks adjacent to the *premises*; and
 - (C) A litter control plan to maintain the *premises* and any adjacent *premises* in a litter free condition at all times.
- (6) Adequate outdoor lighting for public safety shall be maintained. Outdoor lighting shall comply with Section 142.0740.
- (b) Conditional Use Permit Regulations
- (1) Emergency shelters are not permitted in *Proposition A Lands*.
 - (2) Emergency shelters shall provide at least 35 square feet of sleeping area per bed.
 - (3) Emergency shelters shall provide an on-site waiting area of at least 10 square feet per bed to accommodate clients and to prevent queuing into the *public right-of-way*. Any outdoor waiting area shall be physically separated with a fence, wall, or other applicable physical barrier from the *public right-of-way*.
 - (4) Emergency shelters shall provide at least one toilet for every 15 beds.

- (5) Emergency shelters shall provide off-street parking at a rate of at least one space for each full-time-equivalent employee, calculated at eight hours of working time per employee per 24-hour period.
- (6) Hours of operation shall be limited to the hours between 6:00 p.m. and 8:00 a.m.
- (7) Emergency shelters shall provide on-site supervision at all times. At least one full-time equivalent employee shall be provided for every 30 beds.
- (8) Living, dining, and *kitchen* areas shall be physically separated from sleeping areas. The shelter shall provide telephone services separate from the office phone to provide privacy.
- (9) The *applicant* shall submit to the City and implement the following:
 - (A) A communications plan for addressing community-raised issues or concerns regarding the emergency shelter with the local community, neighborhood, business organizations, and adjacent neighbors;
 - (B) A loitering control plan to minimize the congregation of overnight residents during daylight hours on the *premises*, in parking lots serving the *premises*, and on public sidewalks adjacent to the *premises*; and
 - (C) A litter control plan to maintain the *premises* and any adjacent *premises* in a litter free condition at all times.

Section 28. Chapter 14, Article 1, Division 4 of the San Diego Municipal Code is amended by amending sections 141.0412 and 141.0420, to read as follows:

§141.0412 Homeless Facilities

- (a) Section 141.0412 applies to the following homeless facilities.
 - (1) [No change in text.]
 - (2) Homeless day centers: Any facility that provides basic services, including personal hygiene, information and referral, employment, mail, and telephone services, during daylight hours to homeless persons.
- (b) [No change in text.]
- (c) Homeless Day Centers

Homeless day centers may be permitted with a Conditional Use Permit decided in accordance with Process Four in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations.

(1) through (6) [No change in text.]

§141.0420 Wireless Communication Facilities

Wireless communication facilities shall comply with the approval process set forth in Section 141.0420(a) through (c) as applicable to the *development*. All *wireless communication facilities* are subject to the general regulations in Section 141.0420(d), the general design requirements in Section 141.0420(e) and the *Wireless Communication Facilities* Guidelines in the Land Development Manual. Section 141.0420 does not apply to amateur (HAM) radio communication facilities.

(a) Limited Use Regulations

Wireless communication facilities are permitted as a limited use decided in accordance with Process One as follows:

(1) through (2) [No change in text.]

(3) In the *public right-of-way* provided that the *wireless communication facility* is a small cell *wireless communication facility* as defined in Section 141.0420(a)(3)(A) below.

(A) A small cell *wireless communication facility* is a *wireless communication facility* on or concealed within a streetlight pole with a cobra arm mounted working luminaire that meets the following requirements:

(i) The *wireless communication facility* is attached to an existing, replacement, or new streetlight pole that is standard for the proposed location and complies with the applicable guidelines in the Land Development Manual; the *antennas* and associated equipment do not exceed a total of 28 cubic feet, and no part of the *wireless communication facility* extends more than 24 inches from the streetlight pole in any direction; except that if the *antenna* is top-mounted, the *antenna* or any material concealing the *antenna* may extend vertically up to 48 inches above the highest point of the cobra arm.

(ii) [No change in text.]

(B) [No change in text.]

(4) through (5) [No change in text.]

(6) A strand-mounted *wireless communication facility* is allowed only on existing utility poles and overhead utility wires. *Antennas* and associated equipment shall comply with the cable management design standards and be painted to match the color of the pole's surface on which they are attached.

(7) A temporary *wireless communication facility* shall be designed to provide service during construction, an emergency event, a citywide public event, or pilot projects in accordance with the *Wireless Communication Facility Guidelines* in the Land Development Manual.

(A) A *substantial conformance* review is required for a temporary *wireless communication facility*.

(B) A temporary *wireless communication facility* shall comply with the following requirements:

- (i) Equipment associated with a temporary *wireless communication facility* shall be limited to three antennas and six radios, surge suppressors, rvcaps, or similar equipment;
- (ii) A temporary *wireless communication facility* shall not exceed 250 square feet;
- (iii) No more than two cabinets shall be permitted; and
- (iv) Generators shall not be permitted.

- (C) An application for a temporary *wireless communication facility* shall be submitted no later than 30 days prior to the expiration of the existing *substantial conformance* review. The application shall include a construction schedule and justification for the extension of the *substantial conformance* review.
 - (D) A temporary *wireless communication facility* shall not be installed for more than 180 days. The *applicant* may request only one extension, provided that the total duration of the *wireless communication facility*, including the extension, does not exceed 365 days.
 - (E) All temporary *wireless communication facilities* shall be subject to the requirements of Section 141.0420. Failure to comply with the requirements of Section 141.0420 shall be subject to the revocation of the *substantial conformance* review approval and require the immediate removal of the temporary *wireless communication facility* in accordance with Section 141.0420(d)(9).
- (b) Neighborhood Use Permit Regulations
- Wireless communication facilities* may be permitted with a Neighborhood Use Permit decided in accordance with Process Two, as follows:
- (1) In commercial or industrial zones on a *premises* containing residential uses;

- (2) In a residential, agricultural, or open space zone, or on a *premises* without a zoning designation, when *antennas* are located more than 100 feet from the *property line* on a *premises* with any of the following uses:
 - (A) Residential;
 - (B) On dedicated parkland subject to San Diego Charter section 55; or
 - (C) *Schools* with children enrolled in kindergarten through grade 8; or
 - (D) *Child care facilities*.
- (3) In the *public right-of-way* when the *wireless communication facilities* are not small cell *wireless communication facilities*.
- (4) Equipment associated with the *wireless communication facility* including small cell *wireless communications facilities* within the *public right-of-way*, where new ground-mounted equipment not to exceed 48 inches in height and width and no more than one cabinet per *wireless communication facilities* and small cell *wireless communication facilities* provider.
- (5) All small cell *wireless communication facilities* and *wireless communication facilities* within the *public right-of-way*, where new ground-mounted equipment does not exceed 48 inches in height and width.

(c) Conditional Use Permit Regulations

Wireless communication facilities may be permitted with a Conditional Use Permit as follows:

(1) Decided in accordance with Process Three, where the *development* meets the following locational criteria:

(A) In a residential, agricultural, or open space zone, or on a *premises* without a zoning designation, when *antennas* are located less than 100 feet from the *property line* on a *premises* with any of the following uses:

(i) Residential;

(ii) On dedicated parkland subject to San Diego Charter section 55;

(iii) *Schools* with children enrolled in kindergarten through grade 8; or

(iv) *Child care facilities*.

(B) Equipment associated with the *wireless communication facility* including small cell *wireless communication facilities* with the *public-right-of-way*, where new ground-mounted equipment exceeds 48 inches in height and width above the finished *grade* or more than one cabinet per *wireless communication facilities* and small cell *wireless communication facilities* provider.

(2) Decided in accordance with Process Four, where the *development* is a *wireless communication facility* that deviates from the

requirements in Section 141.0420(c), and is not identified in Section 126.0402 as requiring a Neighborhood Development Permit, shall be required to obtain a Planned Development Permit in accordance with Chapter 12, Article 6, Division 6.

(d) [No change in text.]

(e) Design Requirements

The following regulations apply to all *wireless communication facilities*:

(1) through (2) [No change in text.]

(3) Equipment associated with *wireless communication facilities* shall be located within an existing *building envelope*, whenever possible. If an exterior equipment enclosure is necessary, it shall be of a height minimally necessary to conceal the equipment, with an area not to exceed 300 square feet, unless a Neighborhood Development Permit is granted in accordance with Section 126.0402.

(4) through (7) [No change in text.]

(8) *Antennas* shall comply with the following design requirements:

(A) [No change in text.]

(B) No portion of an *antenna*, including any concealment measures, shall be more than 24 inches away from the *structure*, unless a Neighborhood Development Permit is granted in accordance with Section 126.0402. Projections shall be minimally visible, unless the *applicant* provides evidence demonstrating no other mounting apparatus or

antenna(s) are available and would therefore result in significant loss in network coverage to the intended coverage area to the satisfaction of the City Engineer.

(C) through (E) [No change in text.]

(F) Any *antenna* mounted to a pole shall be completely concealed from view within a radome in accordance with the *Wireless Communication Facility* Guidelines in the Land Development Manual. If the proposed radome exceeds the design standards of Section 141.0420, a Neighborhood Development Permit is required in accordance with Section 126.0402, prior to installation.

(G) *Antennas*, except for shrouds and skirts, shall not exceed eight feet in length or three feet in width, unless a Neighborhood Development Permit is granted in accordance with Section 126.0402.

(9) Vertical elements, designed as flagpoles or light standards, shall replicate the design, diameter, and proportion of the vertical element they are intending to imitate. Flagpoles shall maintain a tapered design. An alternative design may be permitted with a Neighborhood Development Permit in accordance with Section 126.0402.

(10) through (11) [No change in text.]

(f) *Public Right-of-Way Installations*

Wireless communication facilities may be installed in the *public right-of-way* in the *parkway*. *Wireless communication facilities* located in the *public right-of-way* are subject to all other applicable requirements of the Municipal Code and the following additional design requirements:

(1) through (3) [No change in text.]

(4) *Wireless communication facilities* mounted on a City street light pole or a City signalized pole shall include a turn-off switch that is mounted to the pole, unless the *applicant* provides evidence to the satisfaction of the City Engineer demonstrating an alternative design for the turn-off switch is needed.

(g) [No change in text.]

Section 29. Chapter 14, Article 1, Division 5 of the San Diego Municipal Code is amended by amending sections 141.0502 and 141.0504, to read as follows:

§141.0502 Alcoholic Beverage Outlets

Any establishment for which a Type 20 Beer and Wine License or a Type 21 General Liquor License has been obtained from, or for which an application has been submitted to, the California Department of Beverage Control for permission to sell alcoholic beverages for off-site consumption shall be regulated as an alcoholic beverage outlet subject to Section 141.0502.

Alcoholic beverage outlets are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the regulations in Section 141.0502(b). Proposals for alcoholic beverage outlets that do not comply with the regulations in Section 141.0502(b)

may be permitted with a Conditional Use Permit decided in accordance with Process Three subject to the regulations in Section 141.0502(c).

- (a) Exemptions. The following alcoholic beverage outlets and areas are exempt from the provisions of Section 141.0502:
 - (1) Hotels, *motels*, or any other lodging establishments where the area devoted to the sale of alcoholic beverages for off-site consumption does not exceed 10 percent of the *gross floor area* of the entire establishment;
 - (2) Establishments of more than 15,000 square feet of *gross floor area*, provided the area devoted to alcohol sales does not exceed 10 percent of the *gross floor area* of the entire establishment;
 - (3) through (4) [No change in text.]
- (b) Limited Use Regulations. Alcoholic beverage outlets are permitted as a limited use subject to the following regulations.
 - (1) Alcoholic beverage outlets are not permitted in any of the following locations:
 - (A) through (B) [No change in text.]
 - (C) Within 600 feet of a public or private accredited *school*, a *public park*, a *playground* or recreational area, a *church*, a hospital, or a San Diego County welfare district office; and
 - (D) Within 100 feet of a residentially zoned property.
 - (2) through (12) [No change in text.]
- (c) [No change in text.]

§141.0504 Cannabis Outlets

Cannabis outlets that are consistent with the requirements for retailer or dispensary license requirements in the California Business and Professions Code may be permitted with a Conditional Use Permit decided in accordance with Process Three in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones). No more than four *cannabis outlets* are permitted in each City Council District except that any permitted *cannabis outlet* that changes City Council District as a result of redistricting may remain at its originally permitted location for the duration of its permit, regardless of the number of permitted *cannabis outlets* within the new City Council District boundary, and subject to continued compliance with Section 141.0504. *Cannabis outlets* are subject to the following regulations.

(a) through (c) [No change in text.]

(d) Primary *signs* shall be posted on the outside of the *cannabis outlet* and shall only contain the name of the business, which shall contain only alphabetic characters, and shall be limited to two colors. Secondary *signs advertising cannabis*, window *signs* and any display visible from the *public right-of-way* are not permitted. The use of the cannabis leaf symbol is prohibited on any *sign*.

(e) through (n) [No change in text.]

Section 30. Chapter 14, Article 1, Division 6 of the San Diego Municipal Code is amended by amending sections 141.0602, 141.0606, 141.0621, 141.0628, and 141.0629, to read as follows:

§141.0602 Assembly and Entertainment Uses, Including Places of Religious Assembly

This use category applies to facilities designed to accommodate at least 25 people at a time for recreation, physical fitness, entertainment, or other assembly, including places of religious assembly. Assembly and entertainment uses are permitted as a limited use in accordance with Process One in zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) and are subject to the regulations in Sections 141.0602(a) and (b). Assembly and entertainment uses may be permitted with a Conditional Use Permit decided in accordance with Process Three in zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) and are subject to the regulations in Sections 141.0602(a) and (c).

(a) General Regulations

- (1) [No change in text.]
- (2) Assembly and entertainment uses shall provide off-street parking according to Table 142-05G.
- (3) [No change in text.]

(b) through (c) [No change in text.]

§141.0606 Child Care Facilities**(a) Section 141.0606 regulates the following *child care facilities*:**

- (1) [No change in text.]
- (2) Child care centers: Any *child care facility*, other than a small or large family child care home, that is licensed by the State of California to provide child care including infant centers, preschools, or school-age after school extended day care facilities.

(b) through (c) [No change in text.]

§141.0621 Sidewalk Cafes, Streetaries, and Active Sidewalks

The sidewalk cafes, streetaries, and active sidewalks regulations establish requirements for outdoor dining and other uses located within the *public right-of-way*. For the purposes of Section 141.0621, sidewalk cafes are defined as outdoor dining spaces located within the sidewalk area of the *public right-of-way* that are associated with adjacent eating and drinking establishments; streetaries are defined as outdoor spaces located in a *street* space formerly dedicated to parking spaces that serves as an extension of an eating and drinking establishment; and active sidewalks are defined as the permanent extension of the curb into the *public right-of-way* to facilitate activation of the *public right-of-way* through recreational amenities, landscaped areas, seating areas, farmers markets, artworks, or outdoor dining. Sidewalk cafes, streetaries, and active sidewalks are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations. It is not the intent of Section 141.0621 to regulate outdoor eating and drinking establishment areas that are located on private property.

(a) Limited Use Regulations for Sidewalk Cafes

(1) Design requirements

(A) through (L) [No change in text.]

(M) Parking for a sidewalk cafe portion of an eating and drinking establishment shall only be required if:

(i) through (ii) [No change in text.]

(iii) A sidewalk cafe is located outside of a *Transit*

Priority Area.

(2) through (4) [No change in text.]

(b) Limited Use Regulations for Streetaries

(1) [No change in text.]

(2) Permit Requirements

(A) through (B) [No change in text.]

(C) Removal of on-street parking spaces to construct streetaries shall comply with the following:

(i) through (iii) [No change in text.]

(iv) Within both the Coastal Overlay Zone and the Beach Impact Area of the Parking Impact Overlay Zone, but outside of the *Transit Priority Area*, all on-street parking removed to construct a streetary shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public either on the same *premises* as the business proposing the streetary, or off-premises through *shared parking* in accordance with Section 142.0545.

(D) through (Q) [No change in text.]

(3) through (5) [No change in text.]

(c) Limited Use Regulations for Active Sidewalks

(1) through (2) [No change in text.]

(3) Permit Requirements:

(A) [No change in text.]

(B) Removal of on-street parking spaces to construct active sidewalks shall comply with the following:

(i) On-street accessible parking spaces provided in accordance with Title 24 of the California Code of Regulations (California Building Standards Code) may only be removed for the construction of active sidewalks if they are replaced with an equivalent number of new accessible spaces and relocated within the block perimeter or within 500 feet of their original location, subject to the approval of the City Engineer.

(ii) through (iii) [No change in text.]

(iv) Within both the Coastal Overlay Zone and the Beach Parking Impact Area, but outside of the *Transit Priority Area*, all on-street parking removed to construct an active sidewalk shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public either on the same *premises* as the business proposing the active sidewalk, or off-premises through *shared parking* in accordance with Section 142.0545.

(C) through (K) [No change in text.]

§141.0628 Outdoor Dining on Private Property

The permanent use of a private property for outdoor dining is permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones), subject to the following regulations:

(a) Permit Requirements:

(1) through (4) [No change in text.]

(5) Removal of required *off-street parking spaces* to construct outdoor dining on private property shall comply with the following:

(A) through (C) [No change in text.]

(D) Within both a *Sustainable Development Area* and the Coastal Overlay Zone, the following regulations apply:

(i) Outside of the Beach Impact Area of the Parking Impact Overlay Zone, *off-street parking spaces* in excess of the minimum number of spaces required by Chapter 14, Article 2, Division 5 may be removed for the construction of outdoor dining on private property. All parking required by Chapter 14, Article 2, Division 5 that is removed for the construction of outdoor dining on private property shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public through *shared parking* in accordance with Section 142.0545.

- (ii) Within the Beach Impact Area of the Parking Impact Overlay Zone, but outside of the *Transit Priority Area*, all *off-street parking spaces* removed to construct outdoor dining on private property shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public through *shared parking* in accordance with Section 142.0545.

(6) through (9) [No change in text.]

- (b) [No change in text.]

§141.0629 Promenade

For the purposes of Section 141.0629, a promenade is defined as the partial or complete *street* closure to vehicular traffic to facilitate active transportation uses such as walking, biking, recreation, outdoor dining, and enjoyable public interaction. Promenades enhance pedestrian safety, encourage non-motorized transportation and foster neighborhood interaction and outdoor activities, increasing the likelihood that more pedestrians will travel by foot or bicycle.

Within the Coastal Overlay Zone, promenades shall not be permitted along *streets* that are adjacent to exclusively residential uses. A promenade initiated by the City shall not be subject to the additional requirements of Section 141.0621.

- (a) [No change in text.]

- (b) Permit Requirements:

- (1) [No change in text.]

(2) For promenades that remove on-street parking spaces the following shall apply:

(A) On-street accessible parking spaces provided in accordance with Title 24 of the California Code of Regulations (California Building Standards Code) may be removed for the construction of promenades if they are replaced with an equivalent number of new accessible spaces and relocated within the block perimeter or within 500 feet of their original location, subject to the approval of the City Engineer.

(B) through (C) [No change in text.]

(D) Within both the Coastal Overlay Zone and the Beach Parking Impact Area, but outside of a *Transit Priority Area*, all on-street parking removed to construct a promenade shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public either on the same *premises* as the business(es) proposing the promenade, or off-premises through *shared parking* in accordance with Section 142.0545.

(3) through (9) [No change in text.]

(c) through (d) [No change in text.]

Section 31. Chapter 14, Article 1, Division 8 of the San Diego Municipal Code is amended by amending section 141.0801 and by adding new section 141.0804, to read as follows:

§141.0801 Automobile Service Stations

Automobile service stations are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations. Automobile service stations may be permitted with a Neighborhood Use Permit decided in accordance with a Process Two in the zones indicated with an “N” or with a Conditional Use Permit decided in accordance with Process Three in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations.

- (a) [No change in text.]
- (b) The following activities may be permitted as *accessory uses* in automobile service stations:
 - (1) through (4) [No change in text.]
 - (5) Hydrogen vehicle fueling stations in accordance with Section 141.0804.
- (c) through (i) [No change in text.]

§141.0804 Hydrogen Vehicle Fueling Stations

Hydrogen vehicle fueling stations are facilities that contain equipment and structural design components necessary to ensure the safety of hydrogen vehicle fueling stations, including hydrogen-refueling canopies, that are used to store and dispense hydrogen fuel to vehicles, according to industry codes and standards, that are open to the public.

Hydrogen vehicle fueling stations are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1

(Base Zones), subject to the following regulations. The regulations are intended to facilitate the use of hydrogen vehicle fueling stations, to comply with state requirements for timely administrative approvals, and allow an *applicant* to appeal a denial of an application of a *construction permit* for a hydrogen vehicle fueling station.

- (a) A *construction permit* decided in accordance with Process One shall be required for the installation of a hydrogen vehicle fueling station with a *deemed complete* application submitted prior to January 1, 2030.
 - (1) The *construction permit* application shall be submitted in accordance with Sections 112.0102 and 129.0105.
 - (2) Within a planned district, subject to Chapter 15 of the Land Development Code, a separate Planned District Ordinance Permit shall not be required in addition to the *construction permit* required under Section 141.0804.
- (b) In reviewing the *construction permit*, the Building Official shall evaluate whether the hydrogen vehicle fueling station meets all applicable health and safety requirements of local, state, and federal law and shall apply the following regulations:
 - (1) A hydrogen vehicle fueling station shall meet all of the following, as applicable:
 - (A) Safety and performance standards established by the Society of Automotive Engineers and accredited nationally recognized testing laboratories; and

- (B) Any rules established by the California Air Resources Board, Energy Commission, or Department of Food and Agriculture regarding safety, reliability, weights, and measures.
- (2) Existing landscaping shall not be removed if it is required under the Landscape Regulations (Chapter 14, Article 2 Division 4), unless it is replaced with equivalent or greater landscape elsewhere on the *premises*.
- (3) The *applicant* shall demonstrate that a hydrogen vehicle fueling station on private property will accommodate a vehicle to be fueled while parked without protruding into the *public right-of-way*.
- (4) *Street frontage, setback*, and driveway requirements shall be consistent with Sections 141.0801(c) through 141.0801(e).
- (5) The *premises* of a hydrogen vehicle fueling station shall not contain any residential uses.
- (6) Notwithstanding the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones), a hydrogen vehicle fueling station may be permitted on a *premises* that was previously developed with an automobile service station.
- (7) A hydrogen vehicle fueling station may be an *accessory use* for an automobile service station in accordance with Section 141.1801.
- (c) The Building Official shall approve, in accordance with Process One, the hydrogen vehicle fueling station unless the Building Official determines there is substantial evidence of a specific, adverse impact upon the public

health or safety, which for the purpose of Section 141.0408(c) means a significant quantifiable, direct, and unavoidable impact based on objective, identified, and written public health or safety standards, policies, or conditions as they existed on the date the application was *deemed complete*, and there is no feasible method or alternative to satisfactorily mitigate or avoid the specific, adverse impact.

- (d) If the Building Official determines that the proposed hydrogen fueling station could have a specific, adverse impact upon the public health or safety, then the Building Official shall make written *findings* notifying the *applicant* that the *construction permit* for the hydrogen vehicle fueling station is denied, the basis for that denial, and the appeal rights set forth in Section 141.0408(e).
- (e) Notwithstanding Section 112.0502, an *applicant* may appeal the denial of an application for a *construction permit* for a hydrogen vehicle fueling station to the Planning Commission by filing an application for an appeal hearing with the City Manager no later than 10 *business days* after the decision date. The *applicant* shall be responsible for all administrative costs associated with processing the appeal.
- (f) The *application* shall include the contents for appeal identified in Section 112.0510(a).
 - (1) Grounds for Appeal. A denial may only be appealed on the grounds that the stated *findings* to deny the *construction permit* are not supported by substantial evidence.

- (2) Scheduling an Appeal Hearing. The City Manager shall assign a date for an appeal hearing before the Planning Commission no later than 30 calendar days after the date on which an application for the appeal hearing is filed with the City Manager.
- (3) Power to Act on the Decision at Appeal Hearing. The Planning Commission may affirm, reverse, or modify the decision to deny a *construction permit* for a hydrogen vehicle fueling station in accordance with the following:
 - (A) A decision to affirm the Building Official decision requires a *finding* based on substantial evidence in the record that the proposed hydrogen vehicle fueling station would have a specific, adverse impact upon the public health or safety and there is no feasible or alternative method to satisfactorily mitigate or avoid the specific, adverse impact. In addition, the *finding* shall include the basis for rejection of potential alternatives to prevent the adverse impact.
 - (B) If the Planning Commission determines that there is no substantial evidence in the record that the proposed hydrogen vehicle charging station would have a specific, adverse impact upon the public health or safety, then the decision by the Building Official shall be reversed and the *construction permit* shall be approved.
 - (C) If the Planning Commission determines that conditions of approval would mitigate the specific, adverse impact upon

the public health or safety, then the decision by the Building Official shall be reversed, and the *construction permit* shall be conditionally approved. Any conditions imposed shall be mitigated by the *applicant* at the lowest cost possible.

Section 32. Chapter 14, Article 2, Division 3 of the San Diego Municipal Code is amended by amending sections 142.0310 and 142.0390, to read as follows:

§142.0310 General Fence Regulations for All Zones

(a) through (b) [No change in text.]

(c) *Fence Height in Required Front Yards and Required Street Side Yards*

(1) *Solid Fences*

(A) [No change in text.]

(B) The height of a *solid fence* located in a required *yard* may increase as the *fence* is placed farther from the front or *street side property line*. No portion of the *fence* shall exceed the height established by a line drawn beginning at a point three feet above *grade* at the *property line* and ending at a point six feet above *grade* at the *setback line*, as shown in Diagram 142-03A.

Diagram 142-03A

[No change in text.]

(C) *Solid fences* located in a required *yard* that abuts a major *street*, primary arterial, or *freeway*, as identified in the applicable *land use plan*, are permitted up to six feet in

height if there is at least one horizontal or vertical offset for every 120 square feet of *fence* area. The offset shall be at least 12 inches wide with a minimum reveal of four inches.

See Diagram 142-03B.

(2) through (4) [No change in text.]

(d) through (e) [No change in text.]

§142.0390 Monitored Perimeter Security Fence Systems

(a) through (b) [No change in text.]

(c) General Regulations

(1) Use Regulations

Monitored perimeter security *fence* systems may be permitted by a Process One and shall only be allowed in industrial zones that do not allow for residential *development*, unless otherwise specified in Section 142.0390.

(2) through (4) [No change in text.]

(d) Sunset Provision. The following supplemental regulations apply to monitored perimeter security *fence* systems with an Alarm System Permit application submitted prior to January 1, 2028, in accordance with California Civil Code section 835.

(1) Monitored perimeter security *fence* systems shall be constructed and operated in accordance with the standards and specifications of the International Electrotechnical Commission International Standard IEC 60335, Part 2-27:2018.

- (2) Monitored perimeter security *fence* systems shall not require a Building Permit in accordance with Process One. Monitored perimeter security *fence* systems shall only require an Alarm System Permit in accordance with Chapter 3, Article 3, Division 37 in any zone that does not permit residential use, provided all the following apply:
- (A) The *premises* contains a use that allows for the commercial storage, parking, serving, selling or renting of vehicles, vessels, equipment, materials, freight, or utility infrastructure within an outdoor *lot* or *yard*;
 - (B) The *premises* does not contain any residential or visitor accommodation uses;
 - (C) There are no *abutting properties* with a residential use; and
 - (D) The *premises* is not within 300 feet, measured horizontally in a straight line from *property line* to *property line*, of a *public park*, *child care facility*, recreation center, community center or *school*.
- (3) Monitored perimeter security *fence* systems shall be permitted by a Process One and require an Alarm System Permit in accordance with Chapter 3, Article 3, Division 37 in any zone that does not permit residential use, provided all the following apply.
- (A) The *premises* contains a use that allows for the commercial storage, parking, serving, selling or renting of vehicles,

- vessels, equipment, materials, freight, or utility infrastructure within an outdoor *lot* or *yard*;
- (B) The *premises* does not contain any residential or visitor accommodation uses; and
- (C) There is an *abutting property* with a residential use; and
- (D) The *premises* is within 300 feet from *property line* to *property line* to a *public park, child care facility, recreation center, community center* or *school*.

Section 33. Chapter 14, Article 2, Division 4 of the San Diego Municipal Code is amended by amending section 142.0403, to read as follows:

§142.0403 General Planting and Irrigation Requirements

All planting, irrigation, brush management, and landscape-related improvements required by this Division must comply with the regulations in Section 142.0403 and with the Landscape Standards in the Land Development Manual.

- (a) [No change in text.]
- (b) Plant Material Requirements
 - (1) through (7) [No change in text.]
 - (8) All pruning shall comply with the standards of the American National Standards Institute (ANSI) for tree care operations and the International Society of Arboriculture (ISA) best management practices for tree pruning. Topping of trees is prohibited.
 - (9) through (17) [No change in text.]
- (c) through (d) [No change in text.]

Section 34. Chapter 14, Article 2, Division 5 of the San Diego Municipal Code is amended by amending sections 142.0505, 142.0510, 142.0520, 142.0525, 142.0527, 142.0530, 142.0545, and 142.0560, and by adding new section 142.0565, to read as follows:

§142.0505 When Parking Regulations Apply

These regulations apply in all base zones and planned districts, with the exception of those areas specifically identified as being exempt from the regulations, whether or not a permit or other approval is required.

Table 142-05A identifies the applicable regulations and the type of permit required by this Division, if any, for the type of *development* shown.

§142.0525 Multiple Dwelling Unit Residential Uses — Required Parking Ratios

- (a) Minimum Required Parking Spaces. The required automobile parking spaces, motorcycle parking spaces, and bicycle parking spaces for *development of multiple dwelling units*, whether attached or detached, and related and *accessory uses* are shown in Table 142-05C. Other allowances and requirements, including the requirement for additional common area parking for some projects, are provided in Sections 142.0525(b) through (d).

§142.0530 Nonresidential Uses — Parking Ratios

(a) Retail Sales, Commercial Services, and Mixed-Use Development.

Table 142-05E establishes the ratio of required parking spaces to building *floor* area in the commercial zones, industrial zones, mixed-use zones, and planned districts shown, for retail sales uses and for those commercial service uses that are not covered by Table 142-05F or 142-05G.

Table 142-05E also establishes the required parking ratios for mixed-use *development* in a single *structure* that include an allowed use from at least two of the following use categories: (1) retail sales, (2) commercial services, and (3) offices.

§142.0545 Shared Parking Requirements

- (a) Approval Criteria. *Shared parking* may be approved through a Building Permit subject to the following requirements.
 - (1) *Shared parking* requests shall be for two or more different uses or *developments* located adjacent or near to one another, subject to the standards in Section 142.0545.
 - (2) *Shared parking* facilities for uses or *developments* shall be located within a 2,000-foot walking distance along a pedestrian path of travel using sidewalks.

 - (b) through (d) [No change in text.]

§142.0560 Development and Design Regulations for Parking Facilities

- (a) through (j) [No change in text.]
- (k) Parking *Structure* Design Regulations. Parking *structures* are subject to the following design regulations:
 - (1) The perimeter of each parking *structure floor* at and above the *street* level shall have an opaque *screen* or other *screening* mechanism to shield automobiles from public view.
 - (a) For *street* level *building facades* that front on any *public right-of-way*, the *screen* shall extend the full vertical height of the *story* that fronts the *public right-of-way*.
 - (b) For all other *building facades*, the *screen* shall be at least 3.5 feet high measured from the finished *floor* elevation.

- (c) Portions of a parking *structure* necessary for vehicle ingress and egress shall be exempt from the *screening* requirements.

(2) through (5) [No change in text.]

§142.0565 Reduced Parking Requirements for a Residential Development Located with a Place of Religious Assembly

When a place of religious assembly is located with a residential *development* in accordance with Section 142.0565, both uses shall be eligible for reduced minimum parking requirements, subject to the following:

- (a) The place of religious assembly and residential *development* shall be located outside of a *Transit Priority Area*.
- (b) The residential *development* shall comply with all the following:
 - (1) The residential *development* shall be located on a *lot* that meets at least one of the following:
 - (A) Contains required *off-street parking spaces* for the place of religious assembly;
 - (B) Is located on an *abutting property* that contains required *off-street parking spaces* for the place of religious assembly; or
 - (C) Is within 0.1 miles from a *lot* that contains *off-street parking spaces* for the place of religious assembly.
 - (2) The residential *development* shall be located on *premises* owned, controlled, and operated by the place of religious assembly; and

- (3) The residential *development* has applied for and qualifies to receive a *density* bonus under Chapter 14, Article 3, Division 7.
- (c) Minimum parking requirements:
 - (1) The minimum *off-street parking spaces* required for an existing place of religious assembly that is legally constructed as of the date the application is *deemed complete* shall be 50 percent of the *off-street parking spaces* that exist on the date the residential *development* application is *deemed complete*. The remaining *off-street parking spaces* may be used for the residential *development*. A *premises* that is *previously conforming* because it does not provide the required number of *off-street parking spaces* required by this Division is exempt from the requirements in Section 142.0510(d).
 - (2) The minimum *off-street parking spaces* required for *development* of a place of religious assembly shall be 50 percent of that required in Table 142-05G when developed in conjunction with a residential *development* proposed in accordance with Section 142.0565.
 - (3) The minimum *off-street parking spaces* required for the residential *development* shall not be greater than one *off-street parking space* per *dwelling unit*.

Section 35. Chapter 14, Article 2, Division 6 of the San Diego Municipal Code is amended by amending section 142.0611, adding new section 142.0625, and by amending sections 142.0640 and 142.0670, to read as follows:

§142.0611 Exemptions from Requirement to Provide Public Improvements Incidental to a Building Permit

The following activities are exempt from Section 142.0610:

(a) through (e) [No change in text.]

(f) A residential or mixed-use *development* with at least 50 percent of the *gross floor area* dedicated to residential uses is exempt from a *dedication* requirement to widen a *street* for the purpose of mitigating vehicular traffic impacts, or achieving a planned *street* width for the purpose of increasing vehicular capacity as identified by the applicable *land use plan* or City of San Diego Street Design Manual, unless one of the following applies:

- (1) The *development* is located outside of a *transit priority area* and has a linear *street frontage* of 500 feet or more.
- (2) The *dedication* is necessary to preserve the health, safety, and welfare of the public, including pedestrians and bicyclists as determined by the City Engineer.
- (3) The *dedication* is necessary to construct *public improvements*, including curbs, gutters, street trees, *parkways*, transit lanes, bicycle facilities, substandard *street* widths, stormwater, wastewater and sewer improvements, to the satisfaction of the City Engineer.

§142.0625 When Street and Alley Improvements Are Required for Condominium Conversions

No subdivision approval process shall be completed for any *condominium conversion* in accordance with Section 144.0507 unless the *streets* and *alleys*

abutting the *premises* have been dedicated and improved along the *abutting* frontage to the prevailing standards of the City of San Diego, to the satisfaction of the City Engineer. *Street* improvements shall include street trees, curbs, gutters, sidewalks, and half-width paving. *Alley* improvements shall consist of full-width paving.

§142.0640 Development Impact Fees for Public Facilities and Spaces

(a) Purpose

The purpose of Section 142.0640 is to implement the General Plan, which contains policies related to the maintenance of an infrastructure and public spaces program to ensure the impact of new *development* is mitigated through appropriate fees adopted by the City Council, which include Development Impact Fees. Nothing in Section 142.0640 shall be construed to prohibit the City from imposing additional Development Impact Fees on a particular project.

(b) Payment of Fees

Development Impact Fees (as defined in California Government Code section 66000) for applicable *development* shall be paid prior to requesting a final inspection. A final inspection shall not occur until the applicable Development Impact Fees are paid in areas where Development Impact Fees have been established by City Council resolution or ordinance. In addition to the Development Impact Fees payable prior to a final inspection, the City Manager may require the payment of Development Impact Fees for *development* that would increase demand for public facilities or result in the need for new public facilities. Development

Impact Fees shall not be required for inclusionary *dwelling units* provided under Chapter 14, Article 2, Division 13 if the *applicant* has satisfied all the requirements of Division 13 for inclusionary *dwelling units* on the same *premises* as the market-rate *dwelling units*. The Development Impact Fee amount due shall be based upon the Development Impact Fee schedule in effect when the *development* application was *deemed complete*, or the Development Impact Fee schedule in effect when the fees are paid, whichever amount is lower, plus an automatic increase consistent with Section 142.0640(c), if applicable.

Exemptions:

- (1) *Accessory Dwelling Units* less than 750 square feet in *gross floor area*, *Junior Accessory Dwelling Units*, *movable tiny houses*, and guest quarters are exempt from Development Impact Fees. The following are also exempt:
 - (A) The first two *Accessory Dwelling Units* on a *premises* shall be exempt from the requirement to pay Development Impact Fees, regardless of the *gross floor area* of the *Accessory Dwelling Unit*, unless the *Accessory Dwelling Units* are constructed in accordance with Section 143.1305(c)(1), in which case payment of ~~DIF~~ Development Impact Fees will be required if the *Accessory Dwelling Units* area is greater than 750 square feet *in gross floor area*. Where more than two *Accessory*

Dwelling Units are proposed, the exemption shall apply to the first two *Accessory Dwelling Units* with the smallest *gross floor area*.

- (B) *Accessory Dwelling Units*, regardless of *gross floor area*, on a *premises* in which the *record owner* agrees to reside in one of the *dwelling units* as their primary residence for a minimum of three years from the date of Building Permit issuance for the *Accessory Dwelling Unit* are exempt from the requirement to pay Development Impact Fees. Prior to the issuance of the Building Permit, the *record owner* shall sign an affidavit acknowledging the *record owner* intends to reside in one of the *dwelling units* as their primary residence for a minimum of three years from the date of issuance of the Building Permit for the *Accessory Dwelling Unit*. The affidavit shall be in a form that is approved by the City and recorded in the Office of the County Recorder. This requirement shall not apply to a *record owner* that is a community land trust, as defined in California Revenue and Taxation Code section 402.1(a)(11)(C)(ii), or is a qualified nonprofit corporation as described in California Revenue and Taxation Code section 214.15.

- (2) *Permanent Supportive Housing*, low barrier navigation centers, and transitional housing facilities are exempt from Development Impact Fees.

- (3) Inclusionary *dwelling units* provided pursuant to Chapter 14, Article 2, Division 13 are exempt from Development Impact Fees if the *applicant* has satisfied all the requirements of Division 13 for inclusionary *dwelling units* on the same *premises* as the market-rate *dwelling units*. When an *applicant* provides more affordable *dwelling units* than required under Chapter 14, Article 2, Division 13, the exemption is applied to the largest (in terms of square feet) applicable affordable *dwelling unit(s)*.
- (4) For *development* utilizing the Complete Communities: Housing Solutions Regulations in Chapter 14, Article 3, Division 10, all covenant-restricted affordable *dwelling units*, and all *dwelling units* that contain at least three *bedrooms*, as specified in Section 143.1010(f), and up to 30 percent of the *dwelling units* that do not exceed 500 square feet as specified in Section 143.1010(f), are exempt from Development Impact Fees.
- (5) For *development* of a streetary, in accordance with Section 141.0621, the Development Impact Fees shall be assessed at a rate of 1/15th of the Development Impact Fees established by City Council resolution or ordinance, and shall be collected every two years with the issuance of the applicable Public Right-of-Way Permit.
- (6) Active sidewalks developed in accordance with Section 141.0621 are exempt from Development Impact Fees.

- (7) The first two *dwelling units* constructed in accordance with Chapter 14, Article 3, Division 13 shall be exempt from the requirement to pay Development Impact Fees. The third and fourth *dwelling units* constructed in accordance with Chapter 14, Article 3, Division 13 shall be required to pay Development Impact Fees.
- (8) *Development* that designs and constructs an onsite park that satisfies the *development's* park standard identified in the Parks Master Plan, shall not be subject to the requirement to pay the Citywide Park Development Impact Fees, where the requirements set forth in San Diego Resolution R-313688 (Aug. 13, 2021) (Resolution R-313688) have been satisfied. *Development* that designs and constructs an on-site park that satisfies a portion of the *development's* parks standards shall be subject to a proportionate share credit of the Development Impact Fee for the Citywide Park Development Impact Fee where the requirements set forth in Resolution R-313688 have been satisfied. To be eligible for any exemption under this subsection, the following additional requirements shall apply:
- (A) through (D) [No change in text.]
- (E) A performance bond and payment bond shall be provided for the design and construction of the park prior to the final inspection of the first *dwelling unit* in the *development*. Prior to the performance bond and payment bond being

accepted, a deposit account shall be established to the satisfaction of the City Manager, for the administration of the bonds. No final inspection shall occur for the remaining 50 percent of the total *dwelling units* in the *development* until the park has been constructed to the satisfaction of the Parks and Recreation Director, or their designee; and

(F) Prior to requesting final inspection of the first *dwelling unit* in the *development*, a fee in the amount of 10 percent of the total Development Impact Fee related to parks that would have otherwise been required shall be paid to fund park and recreation improvements in the City in accordance with Resolution R-313688.

(9) Interim residential *development* that obtains a Building Permit in accordance with Section 141.0309 shall be required to pay one-third of the applicable residential Development Impact Fee. At the end of 10 years from issuance of the Neighborhood Use Permit, if the interim residential use and associated Neighborhood Use Permit is extended beyond the initial term, the remaining two-thirds of the applicable residential Development Impact Fee in effect at the time of the granting of the initial Building Permit shall be paid.

(c) Automatic Annual Increases

For all Development Impact Fees adopted by City Council resolution, the amount of the Development Impact Fees shall be increased, starting on

July 1, 2010, and on each July 1st thereafter, based on the one-year change (from March to March) in the Construction Cost Index (CCI) for Los Angeles as published monthly in the Engineering News-Record. The increases to Development Impact Fees consistent with the Construction Cost Index in Los Angeles shall be automatic and shall not require further action of the City Council. If the one-year change in the CCI for any given year is less than 0.2 percent, the City Manager may elect to keep the Development Impact Fees unchanged.

(d) Waiver or Reduction of Fees

Any party on whom Development Impact Fees are imposed may file an application for a waiver or reduction of the Development Impact Fees with the City Manager in accordance with this subsection. Nothing in this subsection shall affect the requirements set forth in Section 142.0640(b). The procedures provided in this subsection are additional to any other procedure authorized by law for protesting or challenging Development Impact Fees.

- (1) An application for a waiver or reduction of Development Impact Fees shall set forth the factual and legal basis to support the application for a waiver or reduction of Development Impact Fees.
- (2) An application for a waiver or reduction of Development Impact Fees shall only be processed after the applicable fee or amount of deposit, as adopted by City Council resolution, has been paid in full. If a deposit is required, and the deposit as adopted by City Council resolution is insufficient to cover the actual cost to the

City to process the application, an additional deposit, in an amount determined by the City Manager, shall be required. Any unused portion of a deposit shall be returned to the *applicant*. If the City Council grants the application for a waiver or reduction of the Development Impact Fees, then the fee or the amount of the deposit expended shall be returned to the *applicant* in full, minus a five-hundred-dollar processing fee.

- (3) An application for a waiver or reduction of Development Impact Fees shall be filed no later than 10 calendar days after the Development Impact Fees are paid.
- (4) The decision on an application for a waiver or reduction of Development Impact Fees shall be decided by the City Council within 60 calendar days of the date that the application is received by the City Manager, but failure of the City Council to hold a hearing within this time frame does not limit the authority of the City Council to consider the application. The *applicant* shall bear the burden of presenting evidence to support the application for a waiver or reduction of Development Impact Fees.
- (5) Notice of the time and place of the City Council hearing, including a general explanation of the matter to be considered shall be mailed at least 14 calendar days prior to the hearing to the *applicant*, and any interested party who files a written request with the City Manager requesting mailed notice of all applications for a Development Impact Fees waiver or reduction. Written requests for

this notice shall be valid for one year from the date on which it is filed unless a renewal request is filed prior to the end of the one-year term.

- (6) An application for a waiver or reduction of Development Impact Fees may only be granted if the City Council makes the following *finding*: there is no reasonable relationship between the amount of the Development Impact Fees and the cost of the public facilities attributable to the *development* on which the Development Impact Fees are imposed.
- (7) If an application for a waiver or reduction of Development Impact Fees is granted, any Development Impact Fees previously paid with respect to the application at issue shall be refunded in accordance with the resolution adopted by the City Council granting the application.
- (e) Adjustments to Development Impact Fees for Residential Development
The City Manager or designee is authorized to adjust Development Impact Fees for residential *development* to reflect residential uses not identified in the fee schedule approved by the City Council.
- (f) Developer Reimbursement Agreements (DRA)
For purposes of this Division, a DRA means an agreement to reimburse another entity for all or a portion of the cost of the entity's contracts with consultants and/or contractors for the design and construction of a public works project. The City Manager may enter into a DRA for a public works project that contains supplemental size, capacity, number, or length, or

will serve Citywide needs, the need for which is not directly attributable to the *development*, provided that the following minimum requirements are satisfied:

- (1) The source of reimbursement shall be limited to Development Impact Fees (as defined in California Government Code section 66000) funds.
- (2) through (4) [No change in text.]
- (5) For DRAs executed prior to July 1, 2023, should the applicable Community specific Development Impact Fee fund be exhausted, the City Manager may authorize a credit against any applicable Citywide Development Impact Fee or reimbursement funds to developers in accordance with the DRAs executed prior to July 1, 2023.
- (g) [No change in text.]

§142.0670 Standards for Public Improvements

- (a) Streetscape and *street* improvements shall be constructed in accordance with the standards established in the Land Development Manual and the following regulations:
 - (1) For *Urbanized Communities*, the design of sidewalks shall be in *substantial conformance* with the historic design of sidewalks on adjacent properties including location, width, elevation, scoring pattern, texture, color, and material to the extent that the design is approved by the City Engineer, unless an alternative design is approved as part of a use permit or *development permit*. The City

Engineer may require an Encroachment Maintenance and Removal Agreement in accordance with Section 129.0715 for an alternative design approved as part of a *development permit*.

- (4) *Projecting Signs*

- (A) Any *premises* with frontage on a *public right-of-way* is permitted to have one *projecting sign*. The *projecting sign* may exist instead of, but not in addition to, a *ground sign*.
- (B) Area. The maximum permitted area of a *projecting sign* shall not exceed 48 square feet or 0.5 square feet for each foot of *street frontage*, whichever is less, for each face of a double-faced *sign*. *Projecting signs* may have a maximum of two faces.
- (C) Maximum projection over *public right-of-way*. A *sign* may not project perpendicularly beyond the *property line* more than five feet or 65 percent of the distance from the curb to the *property line*, whichever is less. For allowable combinations of projection and height for *projecting signs* over *public rights-of-way* see Table 142-12M. If an establishment has a frontage less than 25 feet, a *projecting sign* on the establishment is limited to a projection of four feet beyond the *property line*.
- (D) Height over *roof line* or parapet. *Projecting signs* may not extend above the *roof line* at the line of the wall or the top of a parapet wall.

Section 39. Chapter 14, Article 2, Division 13 of the San Diego Municipal Code is amended by amending sections 142.1304 and 142.1305, and by adding new section 142.1315, to read as follows:

§142.1304 Inclusionary Affordable Housing Requirements

From July 1, 2020 through June 30, 2024, the requirements of subsections (a) and (b) of Section 142.1304 shall be implemented incrementally as set forth in the Inclusionary Affordable Housing Implementation and Monitoring Procedures Manual on file with the San Diego Housing Commission (Procedures Manual). Effective July 1, 2024, all residential *development* subject to this Division shall include inclusionary *dwelling units* as follows:

(a) through (h) [No change in text.]

- (i) A *development* that is required to provide inclusionary *dwelling units* in accordance with this Division may reserve up to 10 percent of those affordable *dwelling units* for artists if all the requirements in Section 143.0749 are met.

§142.1305 Methods of Compliance

(a) The requirement to provide inclusionary *dwelling units* may be met in any of the following ways:

(1) through (2) [No change in text.]

- (3) On a different *premises* from the *development* that does not meet the locational criteria in Section 142.1305(a)(2), if the receiver site is within a *Sustainable Development Area* and in an area identified as a High or Highest Resource California Tax Credit Allocation Committee Opportunity Area according to the most recent California State Treasurer TCAC/HCD Opportunity Area Maps.

(4) through (6) [No change in text.]

(b) through (c) [No change in text.]

§142.1315 Findings for Denial of Development that Provide Affordable Dwelling Units

Development that constructs affordable *dwelling units* or an emergency shelter may only be denied if the decision maker makes a written *finding* as to one of the following:

- (a) The City has met or exceeded its share of the regional housing need allocation for the planning period within the General Plan Housing Element under California Government Code section 65584 for the income category proposed for the residential *development*;
- (b) Construction of the affordable *dwelling units* or emergency shelter would have a specific, adverse impact upon public health and safety and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact without rendering the *development* unaffordable to *low income* and *moderate income* households or rendering the *development* of the emergency shelter financially infeasible. A specific, adverse impact means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was *deemed complete* or the *applicant* submitted a preliminary application under California Government Code section 65941.1. The following shall not constitute a specific, adverse impact upon the public health or safety:
 - (1) Inconsistency with a zoning ordinance or *land use plan* designation.
 - (2) The eligibility to claim a welfare exemption under California Revenue and Taxation Code section 214(g).

- (c) Construction of the affordable *dwelling units* or emergency shelter would be contrary to local, state, or federal law including inconsistency with the resource protection standards of the *Local Coastal Program* or the Environmentally Sensitive Lands Regulations in Chapter 14, Article 3, Division 1 and there is no feasible method to satisfactorily mitigate the inconsistency without rendering the *development* unaffordable to *low income* and *moderate income* households or rendering the *development* of the emergency shelter financially infeasible.
- (d) Construction of the affordable *dwelling units* or emergency shelter is proposed on land within an OC, OR, OF, AG, or AR zone that is *abutting* at least two sides by land being used for agricultural or resource preservation purposes.
- (e) Construction of the affordable *dwelling units* or emergency shelter is inconsistent with both the zoning ordinance and *land use plan* designation on the date the application was *deemed complete* or the *applicant* submitted a preliminary application under California Government Code section 65941.1.

Section 40. Chapter 14, Article 3, Division 1 of the San Diego Municipal Code is amended by amending section 143.0110, to read as follows:

§143.0110 When Environmentally Sensitive Lands Regulations Apply

This Division applies to all proposed *development* on a *premises* where *environmentally sensitive lands* are present. Outside the Coastal Overlay Zone, *development* on a *premises* that does not contain *environmentally sensitive lands*

but is located adjacent to a *premises* that contains *environmentally sensitive lands* is not subject to this Division, except that the *development* shall comply with Section 143.0110(d).

(a) through (b) [No change in text.]

(c) A Neighborhood Development Permit or Site Development Permit is not required for the following *development* activity:

(1) *Development* on a *premises* containing *environmentally sensitive lands* that is limited to interior modifications or repairs, or any exterior repairs, alterations or maintenance that does not increase the footprint of an existing building or *accessory structure*, and will not encroach into the *environmentally sensitive lands* during or after construction. For a *premises* containing a *sensitive coastal bluff*, any addition shall observe a minimum 40-foot *setback* from the *coastal bluff edge*.

(2) Outside of the Coastal Overlay Zone, *development* on a *premises* containing *environmentally sensitive lands* where the *development*:

(A) through (B) [No change in text.]

(C) Would comply with the *MHPA* adjacency guidelines as applicable; and

(D) Would either:

(i) through (ii) [No change in text.]

(3) through (10) [No change in text.]

(d) through (e) [No change in text.]

Section 41. Chapter 14, Article 3, Division 7 of the San Diego Municipal Code is amended by amending sections 143.0715, 143.0717, 143.0720, and 143.0740, retitling and amending sections 143.0744 and 143.0745, amending section 143.0746, adding new section 143.0749, retitling and amending section 143.0750, and by adding new sections 143.0755, 143.0760, and 143.0765, to read as follows:

§143.0715 When Affordable Housing Density Bonus Regulations Apply

This Division applies to any *development* with five or more *dwelling units*, not including *density* bonus *dwelling units*, in exchange for either of the following:

- (a) A portion of the total *dwelling units* in the *development* being reserved for *very low*, *low*, or *moderate income* or senior households; or for *lower income students*, transitional foster youth, disabled veterans, or homeless persons in accordance with this Division;
- (b) The donation of land, pursuant to the State Density Bonus Law; or
- (c) A portion of the total *shared housing units* in a *shared housing building* in accordance with Section 143.0755.

§143.0717 Required Replacement of Affordable Units

- (a) [No change in text.]
- (b) The number and type of required replacement *dwelling units* shall be determined as follows:
 - (1) For a *development* containing any occupied *dwelling units*, the *development* must contain at least the same number of replacement *dwelling units*, of equivalent size, with at least the same total number of *bedrooms* as the *dwelling units* being replaced. If the *development* contains any occupied affordable *dwelling units* on

the application submittal date, each occupied replacement affordable *dwelling units* must provide the same *bedroom* mix as the occupied affordable *dwelling units*. The replacement affordable *dwelling units* must be made affordable to and occupied by persons and families in the same or a lower income category as the occupied *dwelling units*. For unoccupied *dwelling units* in the *development*, the replacement *dwelling units* shall be made affordable to and occupied by persons and families in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the *dwelling units* were occupied by lower income renter households in the same proportion of lower income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage. A *development* consisting of one *single dwelling unit* on a site with a single affordable *dwelling unit* may replace the affordable *dwelling unit* with a *dwelling unit* of any size at any income level.

- (2) If all the *dwelling units* are vacant or have been demolished within the five years preceding the application submittal date, the *development* must contain at least the same number of replacement

dwelling units, of equivalent size, with at least the same total number of *bedrooms*, as existed at the highpoint of those *dwelling units* in the five-year period preceding the application submittal date. The replacement protected *dwelling units* must be made affordable to and occupied by persons and families in the same or a lower income category as those in occupancy at that same time. If the income categories are unknown for the highpoint, it is rebuttably presumed that the affordable *dwelling units* were occupied by *very low income*, *low income*, or *moderate income* renter households in the same proportion of *very low income*, *low income*, or *moderate income* renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage. A *development* consisting of one *single dwelling unit* on a site with a single affordable *dwelling unit* may replace the affordable *dwelling unit* with a *dwelling unit* of any size at any income level.

(3) through (5) [No change in text.]

§143.0720 Density Bonus in Exchange for Affordable Housing Units

(a) through (c) [No change in text.]

(d) A for-sale affordable housing *density* bonus agreement shall utilize the following qualifying criteria:

(1) through (8) [No change in text.]

(9) If a for-sale affordable *dwelling unit* has not been purchased by a qualifying *very low, low, or moderate* income household within 180 days of the issuance of a Certificate of Occupancy, the for-sale affordable *dwelling unit* may be sold to a qualified nonprofit housing corporation in accordance with California Government Code Section 65915(c)(2). The qualified nonprofit corporation shall ensure owner-occupancy pursuant to the income limitation recorded in the *density* bonus agreement.

(e) A *density* bonus agreement for housing for senior citizens shall utilize the following qualifying criteria:

(1) The *development* consists of housing for senior citizens or qualifying residents as defined under California Civil Code sections 51.3 and 51.12, where at least 35 *dwelling units* are provided; or a *mobilehome* park that limits residency based on age requirements for housing for older persons under California Civil Code section 798.76 or 799.5. For purposes of Section 143.0720, *development* includes a Continuing Care Retirement Community in accordance with Sections 141.0303 and 143.0755.

(2) [No change in text.]

(f) [No change in text.]

(g) A *density* bonus for *lower income student's* housing *development* shall utilize the following qualifying criteria:

- (1) Student housing *developments* shall provide *bedrooms* with two or more rental beds that include either shared or private bathrooms, and shall offer access to shared or private living rooms, *kitchens* and laundry facilities.
- (2) *Developments* receiving a *density* bonus of greater than 35 percent shall not be located on sites that require replacement *dwelling units* pursuant to Section 143.0717.
- (3) No *off-street parking spaces* are required for *developments* in which at least 20 percent of the pre-*density* bonus units are affordable to *lower income students*.
- (4) A *lower income student's density* bonus agreement shall utilize the following qualifying criteria:
 - (A) At least 10 percent of the pre-*density* bonus units in the *development* shall be affordable to *lower income students* at a rent that does not exceed 30 percent of 65 percent of the area median income for a single-room occupancy unit type.
 - (i) The eligibility of a student shall be verified by an affidavit, award letter, or letter of eligibility provided by the institution of higher education that the student is enrolled in, or by the California Student Aid Commission, stating that the student receives or is eligible for financial aid, including an

institutional grant or fee waiver, from the college or university, the California Student Aid Commission, or the federal government.

- (ii) For the purposes of calculating a *density* bonus granted pursuant to Section 143.0720(g), the term “unit” means one rental bed and its pro rata share of associated common area facilities.

(B) All units in the student housing *development* shall be used exclusively for undergraduate, graduate, or professional students enrolled currently or in the past six months in at least six academic units at an institution of higher education accredited by the Western Association of Schools and Colleges: Senior College and University Commission or the Accrediting Commission for Community and Junior Colleges.

(C) The *development* will provide *lower income students* experiencing homelessness priority for the applicable affordable units. A homeless service provider, as defined in section 103577(e)(3) of the California Health and Safety Code, or institution of higher education that has knowledge of a *lower income student's* homeless status may verify a *lower income student's* status as homeless.

(D) Rental beds reserved for *lower income students* cannot be limited to specific *bedrooms* in the *development*.

- (E) Rental units shall remain available as affordable units for a period of 55 years or longer, as may be required by other laws or covenants.
- (F) The *lower income student* units shall be comparable in mix and amenities to the market-rate student units in the *development* and be dispersed throughout the *development*.
- (G) *Lower income students* must be allowed to share a unit with students of any income level.

(h) through (n) [No change in text.]

- (o) A residential or mixed-use *development* may receive a 0.5 *floor area ratio* bonus that may be combined with any other bonuses and incentives found within this Division and within Chapter 14, Article 3, Division 10 if any portion of the *development* is located on a *premises* that meets all the following:

(1) through (3) [No change in text.]

(p) through (q) [No change in text.]

§143.0740 Incentives in Exchange for Affordable Housing Dwelling Units

An *applicant* proposing a *density* bonus shall be entitled to incentives as described in this Division for any *development* for which a written agreement and a deed of trust securing the agreement is entered into by the *applicant* and the President and Chief Executive Officer of the San Diego Housing Commission. The City shall process an incentive requested by an *applicant* as set forth in Section 142.0740.

(a) through (d) [No change in text.]

- (e) For a *development* providing 100 percent of the pre-*density* bonus *dwelling units* as affordable to *very low income*, *low income*, and *moderate income* households in accordance with Section 143.0720(h); or *development* within a *Sustainable Development Area*, *transit priority area*, or Mobility Zone 3 as defined in Section 143.1103(a)(3), providing 100 percent of the total pre-*density* and post-*density* bonus *dwelling units* as affordable to *very low income*, *low income*, and *moderate income* households in accordance with Section 143.0720(i), five incentives shall be available. If the *development* is located within a *Sustainable Development Area*, *transit priority area*, or Mobility Zone 3 as defined in Section 143.1103(a)(3), the *applicant* shall also receive a *structure height* increase of up to three additional *stories* or 33 feet.

§143.0744 Affordable Housing by a Public Agency or Qualified Non-Profit Corporation

Affordable housing may be permitted on a *premises* owned by a public agency or a qualified nonprofit corporation in accordance with Process One on a *premises* located within a base zone that does not allow *multiple dwelling unit development*, subject to all the following:

- (a) The application for the *premises* is submitted by a person that has the authority to fill out an application in accordance with Section 112.0102 and is a public agency or a qualified nonprofit corporation qualified under Section 501(c)(3) of the Internal Revenue Code.
- (b) The *development* includes one of the following:

- (1) *A multiple dwelling unit development* in which at least 25 percent of the total *dwelling units*, exclusive of a manager's unit or units, are covenant-restricted as affordable to *very low income, low income, or moderate income* households;
 - (2) *A multiple dwelling unit development* for use by people employed by a public agency to be constructed under a contract with a public agency;
 - (3) *A multiple dwelling unit development* for use by active or retired military personnel or veterans, to be constructed by or through a contract with the federal government;
 - (4) *A multiple dwelling unit development* for use by *lower income students* constructed by or through a contract with a community college district or a state operated university;
 - (5) *A permanent supportive housing*;
 - (6) A transitional housing; or
 - (7) An emergency shelter.
- (c) The *premises* is located:
- (1) Within Mobility Zone 1, 2, or 3 as defined in Section 143.1103(a);
 - (2) Outside of an area designated for industrial, park, or open space in a *land use plan*;
 - (3) Within High and Very High Fire Hazard Severity Zones, the *applicant* shall demonstrate that the *lot* fronts an improved *street* with at least two evacuation routes to the satisfaction of the Fire Code Official; and

- (4) Within High and Very High Fire Hazard Severity Zones, the *lot* shall not front a cul-de-sac or be located on a *premises* that only has one point of ingress or egress.
- (d) The residential *density* maximums for *development* shall not apply.
- (e) The residential maximum *floor area ratio* shall be determined by the Mobility Zone as defined in Section 143.1103 and the percentage of *very low income, low income, and moderate income dwelling units* provided as identified in Table 143-07E.
- (1) Where a *premises* is located within two or more Mobility Zones, the entire *premises* shall be subject to the *development* regulations applicable to the Mobility Zone with the greatest *floor area ratio* bonus.
- (2) *Development* located within the Coastal Overlay Zone and the Coastal Height Limit Overlay Zone shall be limited to a maximum 2.5 *floor area ratio*, and to a maximum 30-foot *structure height* except for those areas located within Mobility Zone 1.

¹ Mobility Zones as defined in Section 143.1103.

² For base zones that have a maximum *floor area ratio* equal to or greater than the *floor area ratio* specified in Table 143-07D, the *development* shall receive an additional *floor area ratio* bonus of 3.0 for *very low income* and *low income dwelling units*.

³ For base zones that have a maximum *floor area ratio* equal to or greater than the *floor area ratio* specified in Table 143-07D, the *development* shall receive an additional *floor area ratio* bonus of 1.5 for *moderate income dwelling units*.

(f) Residential *development* shall comply with the following *development* regulations:

(1) Within Mobility Zone 1, residential *development* shall comply with the underlying base zone, except for the *floor area ratio*.

(2) Within Mobility Zones 2 and 3, residential *development* shall comply with the *development* regulations of the RM-2-5 base zone with the exception of the following:

(A) *Floor area ratio* and *density* shall be based on Table 143-07E.

(B) *Lot* area and *lot* dimensions shall be based on the base zone.

(g) *Development* consistent with Section 143.0744 shall be entitled to incentives and waivers in accordance with Sections 143.0740 and 143.0743.

- (h) Affordable *dwelling units* within a *multiple dwelling unit development* shall remain available and affordable for a period of 55 years or longer, as may be required by other laws or covenants.

§143.0745 Locating Required Affordable Dwelling Units Off-Site

A *development* that complies with the Affordable Housing Regulations may provide all or a portion of the required affordable *dwelling units* off-site in accordance with the following:

- (a) through (b) [No change in text.]
- (c) Off-site affordable *dwelling units* that do not meet the locational criteria in Section 143.0745(a) may be located in an area where the receiver site is within a *Sustainable Development Area* and in an area identified as a High or Highest Resource California Tax Credit Allocation Committee (CTCAC) Opportunity Area.
- (d) through (g) [No change in text.]

§143.0746 Affordable Housing in All Communities

- (a) Affordable housing uses not otherwise allowed in High or Highest Resource California Tax Credit Allocation Committee (CTCAC) Areas.
- (b) Affordable housing may be permitted in High or Highest Resource CTCAC Areas in accordance with Process One on a *premises* located within a non-residential base zone that does not otherwise allow *multiple dwelling unit development*, subject to all the following:

- (1) The *development* proposes to construct one or more of the following:
 - (A) through (D) [No change in text.]
 - (E) SRO *hotel rooms* in a SRO *hotel* that meets the deed restriction requirement in Section 143.0746(b)(7).
- (2) The *premises* is located within all the following:
 - (A) through (B) [No change in text.]
 - (C) A community planning area in which less than 5 percent of the existing *dwelling units* are covenant-restricted to *very low income, low income, or moderate income* households;
 - (D) Outside of an area identified as Industrial or Open Space in a *land use plan*;
 - (E) Within High and Very High Fire Hazard Severity Zones, the *applicant* shall demonstrate that the *lot* fronts an improved *street* with at least two evacuation routes to the satisfaction of the Fire Code Official; and
 - (F) Within High and Very High Fire Hazard Severity Zones, the *lot* shall not front a cul-de-sac or be located on a *premises* that only has one point of ingress or egress.
- (3) [No change in text.]
- (4) Residential *development* shall comply with the *development* regulations of the RM-2-5 base zone with the exception of *density, floor area ratio, lot area, and lot dimensions*.
- (5) through (7) [No change in text.]

§143.0749 Affordable Housing for Artists In or Near Cultural Districts

The purpose of these regulations is to provide additional options for creating affordable housing for artists, in a manner consistent with the Local Tenant Preferences to Prevent Displacement Act (California Government Code section 7061). These regulations support access to *dwelling units* affordable to *very low income*, *low income*, or *moderate-income* artists at risk of displacement and further the City's cultural preservation and anti-displacement goals without violating the California Fair Employment and Housing Act or the Federal Fair Housing Act.

- (a) A *development* that provides housing for *very low income*, *low income*, or *moderate income* households may reserve up to 10 percent of the affordable *dwelling units* for artists if all the following requirements are met:
 - (1) The *development* shall be located in or within one-half mile of:
 - (A) A state designated cultural district under California Government Code section 8758; or
 - (B) A designated cultural district with defined boundaries adopted by the City Council.
 - (2) A household shall meet the affordability standards and occupant qualifications for *very low income*, *low income*, or *moderate income*, as determined by the San Diego Housing Commission.
 - (3) A household must hold a valid and current business license from the State of California or show other proof of employment in visual, graphic, or performing art of any media, including painting,

print, drawing, sculpture, craft, photograph, film, or performance as defined by California Government Code section 65914.8, and as otherwise determined by the City Manager;

- (4) A *very low income, low income, or moderate income* household shall not be displaced from an existing affordable *dwelling unit* to allow occupancy for an artist; and
- (5) Any affordable *dwelling unit* reserved for an artist in a *development* that remains unoccupied for more than six months shall instead be made available to any *very low income, low income, or moderate income* household.

§143.0750 Affordable Housing Incentives and Waivers

An *applicant* requesting a *density* bonus, incentive(s), waiver(s), or parking reduction(s) provided under this Division shall identify, at the time of application, any requested incentive(s), waiver(s), or parking reductions to the satisfaction of the City Manager.

§143.0755 Shared Housing Development

A *development* containing *shared housing buildings* or *shared housing units* requesting an affordable housing *density* bonus is subject to the following:

- (a) A *shared housing building* may be permitted in base zones that permit an affordable housing *density* bonus.
- (b) Shall meet one of the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(1), 143.0720(d)(2), 143.0720(e), 143.0720(h), or 143.0720(i); and

- (c) For purposes of calculating base *density* and *density* bonus granted under Section 143.0720, the term “unit” means one *shared housing unit* and its pro rata share of associated common area facilities.

§143.0760 Additional Density Bonus allowed by the State

An *applicant* proposing a *density* bonus as set forth in Tables 143-07A, 143-07B, or 143-07C shall be eligible for an additional *density* bonus allowed by the state under California Government Code section 65915(v) and in accordance with Section 143.0760.

- (a) Additional state *density* bonus. An eligible *development* may receive an additional *density* bonus subject to all the following:
- (1) The *development* shall meet the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(1), 143.0720(d)(2), and 143.0720(d)(3).
 - (2) The *development* shall provide sufficient pre-*density* bonus *dwelling units* as affordable to *very low income*, *low income*, and *moderate income* households to achieve a 50 percent *density* bonus as set forth in Tables 143-07A, 143-07B, or 143-07C.
 - (3) After achieving 50 percent *density* bonus, the *applicant* shall include additional pre-*density* bonus *dwelling units* as affordable to *very low income* or *moderate income* households as part of the *development* and receive an additional *density* bonus as specified in Tables 143-07F and 143-07G. These additional pre-*density*

bonus *dwelling units* restricted as affordable to *very low income* or *moderate income* households may be offered as for-sale or rental units.

- (4) The maximum number of *dwelling units* restricted as affordable to *very low income*, *low income*, and *moderate income* households shall not exceed 50 percent of the total *dwelling units* in the *development*.
- (5) The maximum total *density* bonus for the *development* shall not exceed 100 percent of the pre-*density* bonus *dwelling units*.

§143.0765 Utilizing the Provisions of this Division

An application to utilize the provisions of this Division may be denied if the City makes a written *finding* based upon a preponderance of the evidence that the *development* would have a specific, adverse impact upon public health or safety and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact. A specific, adverse impact means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was *deemed complete*. The following shall not constitute a specific, adverse impact upon the public health or safety:

- (a) Inconsistency with the use, *development* standards, or *density* of a zoning ordinance or *land use plan* designation; or
- (b) The eligibility to claim a welfare exemption under California Revenue and Taxation Code section 214(g).

Section 42. Chapter 14, Article 3, Division 8 of the San Diego Municipal Code is amended by retitling and amending section 143.0860, to read as follows:

§143.0860 Regulations for Coastal Overlay Zone Affordable Housing Replacement Dwelling Units

- (a) Replacement *dwelling units* shall comply with all the following:
 - (1) Replacement *dwelling units* shall provide housing opportunities similar to those provided by the *dwelling units* converted or demolished.

- (2) Replacement *dwelling units* shall be acceptable to the Executive Director of the San Diego Housing Commission in accordance with a Coastal Affordable Housing Compliance Permit.
- (3) The replacement *dwelling units* shall contain at least the same total number of *bedrooms* and provide at least the same *bedroom* mix as those converted or demolished.

(b) through (e) [No change in text.]

Section 43. Chapter 14, Article 3, Division 10 of the San Diego Municipal Code is amended by amending sections 143.1002 and 143.1005, retitling and amending section 143.1010, amending section 143.1015, adding new section 143.1016, and by amending section 143.1025, to read as follows:

§143.1002 Application of Complete Communities Housing Solutions Regulations

- (a) At the request of the *applicant*, except as otherwise provided in Section 143.1030, the regulations in this Division shall apply to any *development* within a *Sustainable Development Area* where any portion of the *premises* contains zoning that is commercial, residential, or mixed-use and the *premises* is zoned to allow 20 *dwelling units* per acre, or greater or has a *land use plan* designation that allows for 20 *dwelling units* per acre, or greater and is within one-quarter mile of a rail station, not including additional *dwelling units* permitted under this Division, if all the following requirements are met:
 - (1) The *development* includes *dwelling units* affordable to *very low income*, *low income*, or *moderate income* households, in

accordance with Section 143.1015(a)(1)-(3), 143.1015(a)(4),
143.1016(a)(1)-(3), or 143.1016(a)(4) and the following criteria.

(A) through (B) [No change in text.]

(2) [No change in text.]

(3) The rental *dwelling units* within the *development* shall not be used
for a rental term of less than 30 consecutive days.

(b) through (f) [No change in text.]

§143.1005 Required Replacement of Existing Affordable Units

(a) [No change in text.]

(b) The number and type of required replacement affordable *dwelling units*
shall be determined as follows:

(1) For developments containing any affordable *dwelling units*, the
development must contain at least the same number of replacement
affordable *dwelling units*, with at least the same total number of
bedrooms as the *dwelling units* being replaced. If the *development*
contains any occupied *affordable dwelling units* on the application
submittal date, each replacement *affordable dwelling unit* for the
occupied *affordable dwelling units* shall provide the same *bedroom*
mix as the occupied *affordable dwelling units*. The replacement
affordable dwelling units shall be made affordable to and occupied
by persons and *families* in the same or a lower income category as
the occupied *affordable dwelling units*. For unoccupied affordable
dwelling units in the *development*, the replacement affordable
dwelling units shall be made affordable to and occupied by persons

and *families* in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the affordable *dwelling units* were occupied by lower income renter households in the same proportion of lower income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement affordable *dwelling units* shall be provided in that same percentage. A *development* consisting of one *single dwelling unit* on a site with a single affordable *dwelling unit* may replace the affordable *dwelling unit* with a *dwelling unit* of any size at any income level.

- (2) If all the affordable *dwelling units* are vacant or have been demolished within the seven years preceding the application submittal date, the *development* must contain at least the same number of replacement affordable *dwelling units*, with at least the same total number of *bedrooms*, as existed at the highpoint of those units in the seven-year period preceding the application submittal date, and must be made affordable to and occupied by persons and *families* in the same or a lower income category as those in occupancy at that same time. If the income categories are unknown for the highpoint, it is rebuttably presumed that the affordable *dwelling units* were occupied by *very low income* and

low income renter households in the same proportion of *very low income* and *low income* renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage. A *development* consisting of one *single dwelling unit* on a site with a single affordable *dwelling unit* may replace the affordable *dwelling unit* with a *dwelling unit* of any size at any income level.

- (3) [No change in text.]
- (4) All replacement affordable *dwelling units* shall be affordable for at least 55 years unless the *dwelling units* are provided in accordance with Section 143.1015(a)(6)(B). *Very low income*, *low income*, and *moderate income* households located within an area identified as a Low Resource or High Segregation and Poverty Opportunity Area by the California Tax Credit Allocation Committee when the *development* application is *deemed complete*, shall receive priority preference for new covenant-restricted *dwelling units* created under this Division.
- (5) through (7) [No change in text.]
- (8) For-sale *dwelling units* to be counted towards the affordable requirements of this Division shall meet all the following qualifying criteria:

- (A) The initial occupant of all for-sale affordable *dwelling units* shall be a *very low income, low income, or moderate income* household.
- (B) Prior to, or concurrent with, the sale of each affordable *dwelling unit*, the *applicant* shall require the buyer to execute and deliver a promissory note in favor of the San Diego Housing Commission so that the repayment of any initial subsidy is ensured.
- (C) Each for-sale *dwelling unit* shall be occupied by the initial owner at all times until the resale of the *dwelling unit*.
- (D) Upon the first resale of a *dwelling unit*, the seller shall comply with all conditions regarding the sale of a *dwelling unit*, as applied by the San Diego Housing Commission, and as set forth in California Government Code section 65915(c)(2).

§143.1010 Incentives in Exchange for Affordable Housing and Infrastructure Amenities

An *applicant* proposing *development* that is consistent with the criteria in Section 143.1002 shall be entitled to the following incentives:

(a) through (e) [No change in text.]

(f) Waiver of Development Impact Fees if the *development* provides a residential *density* that is at least 120 percent of the maximum permitted *density* of the applicable base zone or Planned District for the following:

(1) [No change in text.]

(2) Up to 30 percent of the total number of *dwelling units* that do not exceed 500 square feet, provided that at least 10 percent or more of the total *dwelling units* in the *development* are at least three *bedroom dwelling units*.

(3) [No change in text.]

(g) through (j) [No change in text.]

§143.1015 Required Provision of Affordable Dwelling Units

(a) In accordance with Section 143.1002(a)(1), an *applicant* requesting application of the regulations in this Division shall provide a written agreement to provide affordable *dwelling units*, entered into by the *applicant* and the President and Chief Executive Officer of the San Diego Housing Commission and secured by a deed of trust, that meets the following requirements:

(1) through (4) [No change in text.]

(5) The number of required affordable *dwelling units* for *development* located in FAR Tier 1 shall be determined by multiplying the proposed number of *dwelling units* in the *development* with the maximum base *floor area ratio*, illustrated in Figure H of the Centre City Planned District Ordinance in Chapter 15, Article 6, Division 3, then dividing by the proposed *floor area ratio* of the *development* and multiplying by the percentages of affordable *dwelling units* required in Section 143.1015(a)(1-3) or 143.1015(a)(4).

(6) [No change in text.]

(7) As an alternative to the requirements in Section 143.1015(a)(1)-(3) or 143.1015(a)(4) to provide the required rental *dwelling units* onsite, the required rental *dwelling units* may be provided on a different *premises* from the *development* subject to all the following requirements:

(A) The required rental *dwelling units* shall be located on a receiver site that is located within a *Sustainable Development Area* and one of the following Resource Opportunity Areas identified by the California Tax Credit Allocation Committee when the *development* application is *deemed complete*:

- (i) High Resource Opportunity Areas;
- (ii) Highest Resource Opportunity Areas;
- (iii) Moderate Resource Opportunity Areas located in the same community planning area and Council District of the *premises* of the *development*; or
- (iv) Moderate Resource Opportunity Area within three miles of the *premises* of the *development*.

(B) through (E) [No change in text.]

(b) Nothing in this Division shall preclude an *applicant* from using affordable *dwelling units* newly constructed or rehabilitated by another *applicant* to satisfy the requirements of this Division, including contracting with an affordable housing developer with experience obtaining tax-exempt bonds, low income housing tax credits, and other competitive sources of

financing, upon approval by the San Diego Housing Commission. The *applicant* shall cause the off-site affordable deed-restricted *dwelling units* to be newly constructed or rehabilitated in accordance with Section 142.1304(c)(5) or Section 142.1307.

§143.1016 Required Provision of For-Sale Affordable Dwelling Units

- (a) In accordance with Section 143.1002(a)(1), an *applicant* requesting application of the regulations in this Division shall provide a written agreement to provide for-sale affordable *dwelling units*, entered into by the *applicant* and the President and Chief Executive Officer of the San Diego Housing Commission secured by a deed of trust that meets the following requirements:
 - (1) Provides at least 15 percent of the *dwelling units* in the *development*, excluding any additional *dwelling units* allowed under a *floor area ratio* bonus, affordable to *very low income* households at a cost that does not exceed 30 percent of 50 percent of the area *median income*, as adjusted for household size;
 - (2) Provides at least 15 percent of the *dwelling units* in the *development*, excluding any additional *dwelling units* allowed under a *floor area ratio* bonus, affordable to *moderate income* households at a cost that shall not be less than 28 percent of the gross income of the household, that does not exceed 35 percent of 110 percent of the area *median income*, as adjusted for household size; and

- (3) Provides at least 10 percent of the *dwelling units* in the *development*, excluding any additional *dwelling units* allowed under a *floor area ratio* bonus, affordable to *low income* households at a cost that does not exceed 30 percent of 70 percent of the area *median income*, as adjusted for household size.
- (4) As an alternative to the requirements in Section 143.1016(a)(1)-(3), an *applicant* may meet one of the following requirements:
 - (A) Provide at least 40 percent of the *dwelling units* in the *development*, excluding any additional *dwelling units* allowed under a *floor area ratio* bonus, affordable to *very low income* households at a cost that does not exceed 30 percent of 50 percent of the area *median income*, as adjusted for household size; or
 - (B) Provide at least 100 percent of the *dwelling units* in the *development*, excluding any additional *dwelling units* allowed under a *floor area ratio* bonus, affordable to *moderate income* households at a cost, including an allowance for utilities that does not exceed:
 - (i) 30 percent of 80 percent of the area *median income*, as adjusted for household size for at least 50 percent of the required for-sale *dwelling units*; and
 - (ii) 30 percent of 120 percent of the area *median income*, as adjusted for household size for the remainder of the required for-sale *dwelling units*.

- (C) The number of required affordable *dwelling units* for *development* located in FAR Tier 1 shall be determined by multiplying the proposed number of *dwelling units* in the *development* with the maximum base *floor area ratio*, illustrated in Figure H of the Centre City Planned District Ordinance in Chapter 15, Article 6, Division 3, then dividing by the proposed *floor area ratio* of the *development* and multiplying by the percentages of affordable *dwelling units* required in Section 143.1016(a)(1)-(3) or Section 143.1016(a)(4), as applicable.
- (5) For-sale *dwelling units* to be counted as affordable and meet the requirements of this Division, shall meet the following qualifying criteria:
- (A) The affordable *dwelling units* shall be comparable in *bedroom* mix and amenities to the market-rate *dwelling units* in the *development*, as determined by the San Diego Housing Commission, except that the affordable *dwelling units* shall not be required to exceed three *bedrooms* per *dwelling unit*. The affordable *dwelling units* shall have access to all common areas and amenities provided by the *development*. The square footage and interior features of

the affordable *dwelling units* shall be consistent with current building standards for new housing in the City of San Diego.

- (B) The initial occupant of all for-sale affordable *dwelling units* shall be a *very low income, low income, or moderate income* household.
 - (C) Prior to, or concurrent with, the sale of each affordable *dwelling unit*, the *applicant* shall require the buyer to execute and deliver a promissory note in favor of the San Diego Housing Commission, so that the repayment of any initial subsidy is ensured.
 - (D) Each for-sale *dwelling unit* shall be occupied by the initial owner at all times until the resale of the *dwelling unit*.
 - (E) Upon the first resale of a *dwelling unit*, the seller shall comply with all conditions regarding the sale of a *dwelling unit*, as applied by the San Diego Housing Commission, and as set forth in California Government Code section 65915(c)(2).
- (6) As an alternative to the requirements in Section 143.1016(a)(1)-(3) or Section 143.1016(a)(4) to provide the required for-sale *dwelling units* on-site, the required for-sale *dwelling units* may be provided on a different *premises* from the *development* subject to all the following requirements:

- (A) The required for-sale *dwelling units* shall be located on a receiver site that is located within a *Sustainable Development Area* and one of the following Resource Opportunity Areas identified by the California Tax Credit Allocation Committee when the *development* application is *deemed complete*:
- (i) High Resource Opportunity Area;
 - (ii) Highest Resource Opportunity Area;
 - (iii) Moderate Resource Opportunity Area located in the same community planning area and Council District of the *premises* of the *development*; or
 - (iv) Moderate Resource Opportunity Area within three miles of the *premises* of the *development*.
- (b) Nothing in this Division shall preclude an applicant from using affordable *dwelling units* newly constructed or rehabilitated by another *applicant* to satisfy the requirements of this Division, including contracting with an affordable housing developer with experience obtaining tax-exempt bonds, low income housing tax credits, and other competitive sources of financing, upon approval by the San Diego Housing Commission. The *applicant* must cause the off-site affordable deed-restricted *dwelling units* to be newly constructed or rehabilitated in accordance with Section 142.1304(e)(5) or Section 142.1307.

§143.1025 Supplemental Development Regulations

Development utilizing the regulations in this Division must comply with the following Supplemental Development Regulations and may not utilize the waivers provided in Section 143.1010(g) to deviate from the requirements in Section 143.1025.

(a) Pedestrian Circulation Space. All *development* shall include the following pedestrian circulation improvements:

(1) Urban *Parkway* Requirements. The *applicant* shall provide an urban *parkway* that is at least 14 feet in width measured from the face of the curb or at a width required per Section 142.0670(a)(4), whichever is greater. For a *premises* that is less than 25,000 square feet, an *applicant* may elect to provide a bicycle repair station, a wayfinding *sign*, public seating, a public drinking fountain or a smart kiosk, in lieu of an urban *parkway*. All *development* in Section 143.1025 shall meet the minimum *parkway* requirements in Section 142.0670(a)(4).

(A) [No change in text.]

(B) Buffer Area. The urban *parkway* shall include a buffer area to separate the clear path from the parking, driving, or vehicular travel lane. The buffer area shall be at least six feet in width and shall include street trees, which may be located within tree grates or a continuous planter strip in accordance with Section 142.0670(a)(4).

(C) An *applicant* may meet the urban *parkway* minimum width requirement in Section 143.1025(a)(1) by providing a public space fronting the urban *parkway* if all the following requirements are met:

(i) Up to four feet of the urban *parkway* may be satisfied through the provision of a public space fronting the urban *parkway*, so long as the minimum *parkway* requirements in Section 142.0670(a)(4) and Community Plan Implementation Overlay Zone regulations in Chapter 13, Article 2, Division 14, or Community Enhancement Overlay Zone regulations in Chapter 13, Article 2, Division 16, if applicable, are met;

(ii) through (viii) [No change in text.]

(2) through (4) [No change in text.]

(b) through (e) [No change in text.]

Section 44. Chapter 14, Article 3, Division 11 of the San Diego Municipal Code is amended by amending section 143.1103, to read as follows:

§143.1103 Mobility Choices Requirements

(a) [No change in text.]

(b) All *development* located within Mobility Zone 2 or Mobility Zone 3 shall provide VMT Reduction Measures in accordance with Land Development Manual, Appendix T as follows:

(1) through (4) [No change in text.]

(5) In lieu of providing the VMT Reduction Measures in Section 143.1103(b)(1), (2), (6), or (7), the *applicant* may pay the VMT Reduction Measure Buy Out Fee, as adopted by the City Council, which shall be used to fund active transportation and VMT-reducing infrastructure projects located within Mobility Zone 1, Mobility Zone 2, or Mobility Zone 3 to reduce Citywide VMT.

(6) *Development* in Mobility Zone 2 that provides more than the minimum parking required in Chapter 14, Article 2, Division 5 shall be required to provide 8 points of VMT Reduction Measures in accordance with the Land Development Manual, Appendix T. For purposes of Section 143.1103, the *transit priority area* regulations within Sections 142.0525 and 142.0528 shall not apply for the minimum required parking for *multiple dwelling units*.

(7) *Development* in Mobility Zone 3 that provides more than the minimum parking required in Chapter 14, Article 2, Division 5 shall be required to provide 11 points of VMT Reduction Measures in accordance with the Land Development Manual, Appendix T. For purposes of Section 143.1103, *transit priority area* regulations within Sections 142.0525 and 142.0528 shall not apply for the minimum required parking for *multiple dwelling units*.

(c) [No change in text.]

Section 45. Chapter 14, Article 3, Division 12 of the San Diego Municipal Code is amended by amending sections 143.1201 and 143.1203, and by retitling and amending sections 143.1210 and 143.1212, to read as follows:

§143.1201 Purpose of the Dwelling Unit Protection Regulations

The purpose of these regulations is to specify when and how a residential *development* that proposes demolition of existing *dwelling units* or *protected dwelling units* must replace those *dwelling units*. These regulations are intended to implement California Government Code sections 66300.5 and 66300.6 and the City of San Diego's General Plan Housing Element by requiring replacement of *dwelling units* and *protected dwelling units* for any residential *development* subject to this Division.

§143.1203 When the Dwelling Unit Protection Regulations Apply

This Division applies to any *development* with a complete *development* application submitted on or after January 1, 2020, except:

- (a) Industrial *development*;
- (b) *Development* on a *premises* that is entirely within a base zone that was adopted prior to January 1, 2022 in accordance with Chapter 12, Article 3, Division 1, and does not permit residential *development*; and
- (c) *Protected dwelling units* as defined in Section 143.1207 on a *premises* with a *previously conforming* use.

§143.1210 Replacement of Dwelling Units

Development subject to this Division shall include at least as many *dwelling units* as the most recent permitted *development* on the *premises*. Prior to the issuance of a permit for the demolition or removal of any existing *dwelling units*, the

applicant shall record a covenant with the City, ensuring that new *development*, as specified in Section 143.1203, provides at least as many existing *dwelling units* as the existing *development* on the *premises*.

§143.1212 Replacement of Protected Dwelling Units

Development subject to this Division that proposes demolition of vacant or occupied *protected dwelling units* on the *premises* shall comply with all the following:

- (a) [No change in text.]
- (b) The *development* shall replace all existing or demolished *protected dwelling units* on the *premises*. If the *development* does not include residential *development*, the replacement *dwelling units* may be provided off-site on a different *premises*, subject to the following:
 - (1) The replacement *dwelling units* shall be located on a receiver site that is located within:
 - (A) A *Sustainable Development Area*; and
 - (B) The following Resource Opportunity Areas identified by the California Tax Credit Allocation Committee when the *development* application is *deemed complete*:
 - (i) High Resource Opportunity Area;
 - (ii) Highest Resource Opportunity Area;
 - (iii) Moderate Resource Opportunity Area if the new *development* is located within a Moderate or Low Resource Opportunity Area; or

- (iv) A Low Resource Opportunity Area if the new *development* is located within a Low Resource Opportunity Area.
- (2) Prior to the issuance of the Certificate of Occupancy for any *development* that provides replacement *dwelling units* off-site, the *applicant* shall provide the City Manager with a Certificate of Occupancy or similar documentation demonstrating that the replacement *dwelling units* have been constructed; and
- (3) An *applicant* may enter into an agreement with another *applicant*, to the satisfaction of the City Manager, to construct the off-site replacement *dwelling units*. These replacement *dwelling units* shall not be rent-restricted under any other program or policy by any entity and shall not have received a loan or project-based vouchers from the San Diego Housing Commission or City of San Diego.
- (c) The *protected dwelling units* shall be replaced as follows:
 - (1) For developments containing any *protected dwelling units*, the *development* must contain at least the same number of replacement *protected dwelling units*, with at least the same total number of *bedrooms* as the *dwelling units* being replaced. If the *development* contains any occupied *protected dwelling units* on the application submittal date, each occupied replacement *protected dwelling unit* shall provide the same *bedroom* mix as the occupied *protected dwelling units*. The replacement *protected dwelling units* shall be made affordable to and occupied by persons and families in the

same or a lower income category as the occupied *protected dwelling units*. For unoccupied *protected dwelling units* in the *development*, the replacement *protected dwelling units* shall be made affordable to and occupied by persons and families in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the *protected dwelling units* were occupied by *very low income* and *low income* renter households in the same proportion of *very low income* and *low income* renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *protected dwelling units* shall be provided in that same percentage. A *development* consisting of one *single dwelling unit* on a site with a single *protected dwelling unit* may replace the *protected dwelling unit* with a *dwelling unit* of any size at any income level.

- (2) If all the *protected dwelling units* are vacant or have been demolished within the five years preceding the application submittal date, the *development* must contain at least the same number of replacement *protected dwelling units*, of equivalent size and, with at least the same total number of *bedrooms*, as existed at the highpoint of those units in the five-year period preceding the

application submittal date, and shall be made affordable to and occupied by persons and *families* in the same or a lower income category as those in occupancy at that same time. In the Barrio Logan Community Plan Area, if all the *protected dwelling units* are vacant or have been demolished within the seven years preceding the application submittal date, the *development* shall contain at least the same number of replacement *protected dwelling units*, with at least the same total number of *bedrooms*, as existed at the highpoint of those units in the seven-year period preceding the application submittal date, and shall be made affordable to and occupied by persons and *families* in the same or lower income category as the last household in occupancy. If the income categories are unknown for the highpoint, it is rebuttably presumed that the *protected dwelling units* were occupied by *very low income* and *low income* renter households in the same proportion of *very low income* and *low income* renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *protected dwelling units* shall be provided in that same percentage. A *development* consisting of one *single dwelling*

unit on a site with a single *protected dwelling unit* may replace the *protected dwelling unit* with a *dwelling unit* of any size at any income level.

(3) through (5) [No change in text.]

(d) through (f) [No change in text.]

Section 46. Chapter 14, Article 3, Division 13 of the San Diego Municipal is amended by amending sections 143.1303, 143.1305, and 143.1310, to read as follows:

§143.1303 Application of Multi-Dwelling Unit and Urban Lot Split Regulations in Single Dwelling Unit Zones

(a) [No change in text.]

(b) This Division is not applicable in the following circumstances:

(1) through (3) [No change in text.]

§143.1305 Utilizing the Provisions of this Division

(a) [No change in text.]

(b) An application to utilize the provisions of this Division may be denied if the City makes a written *finding* based upon a preponderance of the evidence that the *development* would have a specific, adverse impact upon public health and safety, and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact. A specific, adverse impact means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was *deemed complete*. The following shall not constitute a specific, adverse impact upon the public health or safety:

(1) through (2) [No change in text.]

(c) This Division may be utilized in conjunction with *Accessory Dwelling Unit development* consistent with the following regulations:

(1) [No change in text.]

(2) An *Accessory Dwelling Unit* or *Junior Accessory Dwelling Unit* shall not be permitted on a *premises* that proposes to utilize or has utilized both the *multiple dwelling unit* provisions of Section 143.1310 and the urban *lot split* provisions of Section 143.1315.

(A) If an *Accessory Dwelling Unit* or *Junior Accessory Dwelling Unit* exists on a *premises* that proposes to utilize the provisions of both Section 143.1310 and Section 143.1315, the *Accessory Dwelling Unit* or *Junior Accessory Dwelling Unit* shall be removed or converted to one of the *multiple dwelling units* permitted under Section 143.1310.

(B) [No change in text.]

§143.1310 Construction of Multiple Dwelling Units in a Single Dwelling Unit Zone

Up to two *dwelling units* may be permitted on a *premises* within a RS, RE, RX, RT, or Planned District Zones that permits *single dwelling unit development*, but not *multiple dwelling unit development*, in accordance with the following regulations:

(a) The *development* regulations of the base zone in which the *premises* is located shall apply, except as specified in Section 143.1310:

(1) through (4) [No change in text.]

(5) Landscape Regulations. If *development* would result in more than two *dwelling units* within the two *premises* permitted by this Division, compliance with the street tree regulations under Section 142.0409 is required.

(6) through (8) [No change in text.]

(b) Notwithstanding Section 143.1310(a), up to two *dwelling units*, each with a maximum *gross floor area* of 800 square feet, shall be permitted on a *premises* with an existing or proposed *dwelling unit*, regardless of non-compliance with one or more *development* regulations. The *development* shall comply with the *floor area ratio* of the underlying base zone unless the *development* incorporates an existing *structure* that exceeds the allowable *floor area ratio* or is under the allowable *floor area ratio* by less than 800 square feet, in which case a second *dwelling unit* that does not exceed 800 square feet shall *be permitted*.

Section 47. Chapter 14, Article 3, Division 14 of the San Diego Municipal Code is amended by amending section 143.1403, to read as follows:

§143.1403 Application of the Climate Action Plan Consistency Regulations

- (a) This Division applies to the following:
- (1) [No change in text.]
 - (2) Non-residential *development* that adds more than 1,000 square feet and results in 5,000 square feet or more of total *gross floor area*, excluding unoccupied spaces such as mechanical equipment and storage areas;

- (3) Parking facilities as a *primary use*; and
- (4) *Development* utilizing the ADU Home Density Bonus Program in accordance with Section 141.0302(d)-(e). *ADUs* and *JADUs* allowed under state law shall be exempt from the requirements of this Division.

(b) through (c) [No change in text.]

Section 48. Chapter 14, Article 3 of the San Diego Municipal Code is amended by adding new Division 15, and sections 143.1501, 143.1505, 143.1510, 143.1515, and 143.1520, to read as follows:

Chapter 14

Article 3: Supplemental Development Regulations

Division 15: Streamlined Small Lot Subdivisions

§143.1501 Purpose of the Streamlined Small Lot Subdivision Regulations

These regulations are intended to allow ministerial approval for residential *subdivisions* of 10 *lots* or less and the construction of *single dwelling unit* or *multiple dwelling unit development* on the resulting *subdivisions* as specified in this Division.

§143.1505 Application of Streamlined Small Lot Subdivision Regulations

- (a) The regulations in this Division apply to *lots* that meet the following criteria, except as prohibited in Section 143.1505(b). The regulations in this Division that apply to the proposed *subdivision* and *development* shall exclude any portion of the original *lot* that is placed in a future remainder *lot*, including *lot* size, *density*, or maximum number of *lots*.

- (1) Permitted use and *lot* size requirements.
 - (A) For *multiple dwelling unit development*, the *lot* shall meet the following:
 - (i) Does not exceed 5 acres in *lot* size; and
 - (ii) Within a base zone that permits *multiple dwelling unit development*.
 - (B) For *single dwelling unit development*, the *lot* shall meet the following:
 - (i) Does not exceed 1.5 acres in *lot* size;
 - (ii) Within a base zone that permits *single dwelling unit development*;
 - (iii) Contains no permanent *structures* unless such *structures* are abandoned and uninhabitable or the *structures* will be contained on a future *remainder parcel* in accordance with Section 143.1515(j); and
 - (iv) Does not contain *dwelling units* that are subject to a deed restriction or an affordability covenant, or any *dwelling units* that have been demolished or occupied by a tenant within the five years preceding the *development* application submittal date.
- (2) *Lot* adjacency requirements.
 - (A) At least 75 percent of the *lot* shall be abutting, or separated by an improved *public right-of-way* from land developed

exclusively with one or more of the following uses or use categories, including their corresponding separately regulated uses:

- (i) Residential;
- (ii) Retail Sales;
- (iii) Commercial Services;
- (iv) Offices;
- (v) Educational Facilities; or
- (vi) Transit Passenger Facility. Transit Passenger Facility means a bus or rail transit center or station that is served by one or more transit services and may include passenger benches or shelters.

(B) The remaining portion of the *lot* perimeter may be abutting or separated by an improved *public right-of-way* from land that is vacant and within a base zone that allows for the uses in Section 143.1505(a)(2)(A).

(b) This Division is not applicable in the following circumstances:

(1) When a *lot* is located within or contains any of the following:

- (A) Prime farmland or farmland of statewide importance, as defined in United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated in

a *land use plan* for agricultural protection or preservation by a local ballot measure that was approved by the voters of the City of San Diego;

- (B) *Wetlands*;
- (C) Very High Fire Hazard Severity Zones as determined by the California Department of Forestry and Fire Protection pursuant to California Government Code section 51178;
- (D) A hazardous waste site that is listed under California Government Code section 65962.5 or a hazardous waste site designated by the Department of Toxic Substances Control under California Health and Safety Code section 25356, unless the State Department of Public Health, State Water Resources Control Board, or Department of Toxic Substances Control has cleared the site for residential use or residential mixed uses;
- (E) A delineated earthquake fault zone as determined by the State Geologist in any official maps published by the California State Geologist, unless the *development* complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law (Part 2.5 (commencing with section 18901) of Division 13 of the Health and Safety Code), and by the Development Services Department;

- (F) *Special Flood Hazard Areas*, unless:
- (i) The *lot* is subject to a Letter of Map Revision prepared by the Federal Emergency Management Agency and issued to the City of San Diego; or
 - (ii) The *lot* meets Federal Emergency Management Agency requirements necessary to meet minimum flood plain management criteria of the National Flood Insurance Program under Part 59 (commencing with section 59.1) and Part 60 (commencing with section 60.1) of Subchapter B of Chapter I of Title 44 of the Code of Federal Regulations.
- (G) A regulatory *floodway* as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency, unless the *development* has received a no-rise certification in accordance with section 60.3(d)(3) of Title 44 of the Code of Federal Regulations. If an *applicant* is able to satisfy all applicable federal qualifying criteria in order to provide that the *lot* satisfies Section 143.1505(b)(1)(G) and is otherwise eligible for streamlined approval under Section 143.1505, an application shall not be denied on the

basis that the *applicant* did not comply with any additional City permit requirement, standard, or action that is applicable to that *lot*;

(H) The *MHPA* of the *MSCP Subarea Plan*; or

(I) *Environmentally Sensitive Lands*.

(2) If the *development* requires the demolition or alteration of any of the following:

(A) A *dwelling unit* that is subject to a deed restriction or affordability covenant; or

(B) A *dwelling unit* that was occupied by a tenant within the five years preceding the date the application is submitted, including any *dwelling unit* that has been demolished or vacated by tenants prior to the submission of an application for *development*.

(3) If a *lot* contains *SRO hotel rooms* or other *dwelling units* that were withdrawn from rent or lease in accordance with the Ellis Act, California Government Code sections 7060 through 7060.7, within the 15-year period preceding the *development* application submittal date.

§143.1510 Utilizing the Provisions of Streamlined Small Lot Subdivision Regulations

(a) Streamlined Small *Lot Subdivision* Mapping.

- (1) An application for a *parcel map* or a Process One *tentative map* for a streamlined residential *subdivision* on a qualifying *lot* shall be approved by the City Engineer if all criteria in this Division are satisfied.
 - (2) All applications for *subdivision* mapping under this Division shall comply with the *subdivision* requirements of Section 143.1515.
- (b) Residential *Development* on Subdivided *Lots*.
- (1) An application for a residential *development* on a *lot* that is subdivided under Section 143.1515 shall be permitted in accordance with Process One Construction Permit.
 - (2) All applications for residential *development* under this Division shall comply with the *development* requirements of Section 143.1520.
- (c) An application utilizing the provisions of this Division may be denied if the City makes a written *finding* based upon a preponderance of the evidence that the *development* would have a specific, adverse impact upon public health and safety and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact. A specific, adverse impact means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was *deemed complete*. The following shall not constitute a specific, adverse impact upon the public health or safety:

- (1) Inconsistency with a zoning ordinance or *land use plan* designation.
 - (2) The eligibility to claim a welfare exemption under California Revenue and Taxation Code section 214(g).
- (d) In accordance with California Government Code section 66499.41, this Division shall not be utilized in conjunction with the following:
 - (1) An *Accessory Dwelling Unit* or *Junior Accessory Dwelling Unit* shall not be permitted on a *lot* created through this Division; and
 - (2) A *lot* created under this Division shall not be further subdivided under an urban *lot* split in accordance with Section 143.1315.
- (e) The *development* regulations of the base zone in which the *lot* is located, and the provisions of Chapters 12, Article 5 (Subdivision Procedures) and Chapter 14, Article 4 (Subdivision Regulations), shall apply except as specified in this Division.
- (f) No other discretionary action pursuant to the Land Development Code shall be required for an application that complies with this Division, except when a Coastal Development Permit is required by Section 126.0702.

§143.1515 Requirements for a Streamlined Small Lot Subdivision

A Streamlined Small *Lot Subdivision* may be permitted in accordance with Section 143.1510(a) for the *subdivision* of a *lot* that meets all the following requirements:

- (a) The *subdivision* results in ten or fewer *lots* and the residential *development* on the *lot* to be subdivided contains no more than ten *dwelling units*;

- (b) The *lot* proposed to be subdivided was not previously established under this Division or an urban *lot* split under Section 143.1315.
- (c) The minimum *lot* size for the *subdivision* shall comply with either of the following:
 - (1) At least 600 square feet in *lot* area in base zones that permit *multiple dwelling unit development*, or
 - (2) At least 1,200 square feet in *lot* area in base zones that permit *single dwelling unit development*.
- (d) The *subdivision* type and resulting *development* shall be one of the following:
 - (1) Constructed on fee simple ownership *lots*;
 - (2) Part of a common interest development as defined in California Civil Code section 4100;
 - (3) Part of a housing cooperative as defined in California Civil Code section 817;
 - (4) Owned by a community land trust as defined in California Government Code section 66499.41; or
 - (5) Part of a tenancy in common as defined in California Civil Code section 685.
- (e) If the *parcel* proposed to be subdivided is identified within the Adequate Sites Inventory in the most recently adopted General Plan Housing Element, the proposed *development* shall meet the following:

- (1) The *development* shall provide at least as many *dwelling units* as the Adequate Sites Inventory identified for the *parcel* proposed to be subdivided.
- (2) If the Adequate Sites Inventory identified the *parcel* proposed to be subdivided with the ability to have *dwelling units* affordable to *very low income* or *low income* households, the *development* shall provide at least as many *very low income* and *low income dwelling units* as identified in the Adequate Sites Inventory. Prior to the issuance of the first Building Permit for the *development*, the *applicant* shall record a deed restriction requiring that the *very low income* and *low income dwelling units* remain available and affordable for a period of at least 45 years.
- (f) If the *parcel* proposed to be subdivided is not identified within the Adequate Sites Inventory in the most recently adopted General Plan Housing Element, the *development* shall have a minimum density equal to 66 percent of the maximum allowable *density* of the zone for the *parcel* proposed to be subdivided or 20 *dwelling units* per acre, whichever is greater.
- (g) The *lots* created under this Division shall be served by a public water and sewer system.
- (h) The *subdivision* shall not subdivide any *dwelling unit* that exists on the original *lot* as of the *development* application submittal date, unless a *remainder lot* is created in accordance with Section 143.1510(j).

- (i) The *subdivision* may include a designated *remainder parcel* that is not counted toward the maximum of ten *lots* and ten *dwelling units*, provided that the *remainder parcel* retains existing uses or *structures*, does not contain any new *dwelling units*, and is not an *accessory use* or building to the primary *development*.
- (j) Prior to the recordation of the *subdivision* map, the *applicant* shall record a covenant with the City ensuring that no *lot* resulting from a *subdivision* pursuant to this Division shall be sold, leased, or financed separately from any other such *lots* unless each parcel that is sold, leased, or financed meets one of the following criteria:
 - (1) The *lot* contains a residential *structure* completed in compliance with all applicable provisions in the California Building Standards Code that includes at least one *dwelling unit*;
 - (2) The *lot* already contains an existing legally permitted residential *structure*;
 - (3) The *lot* is reserved for internal circulation, open space, or common area; or
 - (4) The *lot* is the only remaining parcel within the *subdivision* that is not *developed* with a residential *structure* in compliance with all applicable provisions of the California Building Standards Code.
- (k) Information about a homeowners' association shall not be required by the Davis-Stirling Common Interest Development Act found in California Civil Code section 4000, *et seq.*

§143.1520 Development Regulations for Streamlined Small Lot Subdivisions

Dwelling units developed within a Streamlined Small *Lot Subdivision* shall be subject to the following *development* regulations:

- (a) Minimum *Setback* Regulations.
 - (1) No interior *setback* is required between *dwelling units* within the proposed *subdivision*, except as required by the California Building Code (Title 24 of the California Code of Regulations).
 - (2) Side *yard* and rear *yard setbacks* from the pre-subdivided perimeter *lot* line shall be four feet or must comply with the base zone, whichever is less.
 - (3) *Dwelling units* must comply with the front yard and *street side yard setbacks* of the base zone.
 - (4) Notwithstanding Section 143.1520(a)(1)-(3), no *setback* is required for an existing *structure*. In addition, a *structure* that is constructed in the same location and within the same *building envelope* as an existing *structure* may continue to observe the same *setbacks* as the *structure* it replaced.
 - (5) For all *structures*, the Fire Code Official may require a defensible space buffer that is greater than the *setback* required by the base zone to ensure compliance with safety regulations including the California Building Standards Code, Title 24 of the California Code of Regulations.

- (b) *Average gross floor area.* The proposed *dwelling units* for the *development* shall not exceed an average of 1,750 square feet. For the purpose of this Division, habitable area means the finished and heated floor area fully enclosed by the inside surface of walls, windows, doors, and partitions, and having a headroom of at least 6.5 feet, including working, living, eating, cooking, sleeping, stair, hall, service, and storage areas, but excluding garages, carports, parking spaces, cellars, half-stories, and unfinished *attics* and *basements*.
- (c) *Parking Regulations.*
 - (1) Within a *transit priority area*, no *parking spaces* are required for the *development*.
 - (2) Outside of a *transit priority area*, one *parking space* per *dwelling unit* shall be provided.
 - (A) If the *applicant* can demonstrate to the satisfaction of the City Manager that there is access to a car share or other shared vehicle within 500 feet of the *premises*, no *parking spaces* are required for the *development*.
 - (B) *Off-street parking spaces* are not required to be in a garage, covered or enclosed by a *structure*.
- (d) *Floor Area Ratio Regulations.*
 - (1) For a *development* consisting of 3 to 7 *dwelling units*, inclusive, the maximum *floor area ratio* shall be 1.0, or the *floor area ratio* of the underlying base zone, whichever is greater.

- (2) For a *development* consisting of 8 to 10 *dwelling units*, inclusive, the maximum *floor area ratio* shall be 1.25 or the *floor area ratio* of the underlying base zone, whichever is greater.

Section 49. Chapter 14, Article 4, Division 2 of the San Diego Municipal Code is amended by amending section 144.0211, to read as follows:

§144.0211 Lot Design Requirements for Tentative Maps

The proposed *subdivision* lots shall be designed as follows:

- (a) [No change in text.]
- (b) All *lots* shall meet the area, frontage, width, and depth requirements of the applicable zone or shall comply with the standards as specified in a Planned Development Permit approved with the *tentative map*, except as required for *development* in accordance with Chapter 14, Article 3, Division 15;
- (c) through (d) [No change in text.]

Section 50. Chapter 14, Article 4, Division 5 of the San Diego Municipal Code is amended by amending section 144.0507, to read as follows:

§144.0507 Development Regulations for Condominium Conversions

Prior to *final map* approval, to the satisfaction of the City Engineer, the following improvements shall be completed:

- (a) through (f) [No change in text.]
- (g) *Street and Alley Improvements* – *Street and Alley* improvements shall be constructed in accordance with Section 142.0625.

Section 51. Chapter 14, Article 5, Division 38 of the San Diego Municipal Code is amended by amending section 145.3806, to read as follows:

Chapter 14: General Regulations

Article 5: Building Regulations

Division 38: Additions and Modifications to Appendix P of the California Building Code

§145.3806 Local Addition of Section P113 “Emergency Housing Alternatives and Modifications” to the California Building Code

- (a) [No change in text.]
- (b) Section P113.1 Alternatives and Modifications is added as follows:

P113.1 Alternatives and Modifications. Alternatives and/or modifications that are reasonably equivalent to the requirements in Appendix P and this Division may be granted by the Building Official and Fire Code Official for individual buildings or structures used for emergency housing.

Section 52. Chapter 15, Article 1, Division 1 of the San Diego Municipal Code is amended by amending section 151.0103, to read as follows:

§151.0103 Applicable Regulations

- (a) [No change in text.]
- (b) The following regulations apply in all planned districts:
 - (1) through (13) [No change in text.]
 - (14) Hydrogen Vehicle Fueling Stations regulations contained in Land Development Code Section 141.0804, within planned districts that permit industrial or commercial *developments*.
 - (15) *Setback* requirements in all planned districts. For all *structures*, the Fire Code Official may require a defensible space buffer that is greater than the *setback* required by the base zone to ensure

compliance with safety regulations that include the California Building Standards Code, Title 24 of the California Code of Regulations.

Section 53. Chapter 15, Article 3, Division 1 of the San Diego Municipal Code is amended by amending section 153.0103, to read as follows:

§153.0103 Applicable Regulations

Where not otherwise specified or inconsistent with the Carmel Valley Planned District Ordinance, the following provisions of the Land Development Code apply:

Chapter 11 (Land Development Procedures); through Chapter 14, Article 7 (Plumbing and Mechanical Regulations). [No change in text.]

Where there is a conflict between the Land Development Code and the Carmel Valley Planned District Ordinance, the Planned District Ordinance applies, except as it relates to *transit priority area*, in which case the *transit priority area* parking ratio shall apply.

Section 54. Chapter 15, Article 3, Division 3 of the San Diego Municipal Code is amended by amending section 153.0309, to read as follows:

§153.0309 Employment Center (EC)

(a) Permitted Uses

No building, improvement, or portion thereof shall be erected, constructed, converted, established, altered, or enlarged, nor shall any lot or premises be used except for one or more of the following purposes:

Section 59. The Council dispenses with a full reading of this Ordinance before its passage because a written copy of this Ordinance was made available to the Council and the public before the date of its passage.

Section 60. Before becoming effective, this Ordinance will be submitted to the San Diego County Regional Airport Authority acting as the Airport Land Use Commission (ALUC) for a consistency finding with the Airport Land Use Compatibility Plan (ALUCP) for San Diego International Airport, Marine Corps Air Station Miramar, Gillespie Field, Montgomery-Gibbs Executive Airport, and Brown Field Municipal Airport (collectively, Airports). If the ALUC determines this Ordinance is consistent with the ALUCP for the Airports, this Ordinance shall take effect and be in force on the date of the finding of consistency, provided that at least 30 days have passed from the date of final passage, except that provisions of this Ordinance inside the Coastal Overlay Zone, which are subject to California Coastal Commission jurisdiction as a City of San Diego Local Coastal Program amendment, will not

take effect until the date the California Coastal Commission unconditionally certifies those provisions as a local coastal program amendment.

If the ALUC determines this Ordinance is consistent or conditionally consistent, subject to proposed modifications, with the ALUCP, this Ordinance will be submitted to the Council for reconsideration. If the ALUC determines this Ordinance is conditionally consistent with the ALUCP for the Airports, but consistency is subject to the proposed modifications, the Council may amend this Ordinance to accept the proposed modifications, and this Ordinance as amended will take effect and be in force on the thirtieth day from and after its final passage, except that provisions of this Ordinance inside the Coastal Overlay Zone, which are subject to California Coastal Commission jurisdiction as a City of San Diego Local Coastal Program amendment, shall not take effect until the date the California Coastal Commission unconditionally certifies those provisions as a local coastal program amendment. A proposed decision by the Council to overrule a determination or inconsistency, or to reject the proposed modifications for a finding of conditional consistency, will include the findings required pursuant to California Public Utilities Code section 21670 and require a two-thirds vote. The proposed decision and findings will be forwarded to the ALUC, the California Department of Transportation, Division of Aeronautics, and the airport operators for the Airports; and the Council will hold a second hearing not less than forty-five days from the date the proposed decision and findings were provided. At the hearing, any comments submitted by the public agencies will be considered and a final decision to overrule a determination of inconsistency will require a two-thirds vote. If the Council makes a final decision to overrule a determination of inconsistency, this Ordinance will take effect on the thirtieth day after that final decision, except that provisions of this Ordinance inside the Coastal Overlay Zone, subject to California Coastal Commission jurisdiction as a City of

San Diego Local Coastal Program amendment, will not take effect until the date the California Coastal Commission unconditionally certifies those provisions as a local coastal program amendment.

Section 61. No permits shall be issued for development that is inconsistent with the provisions of this Ordinance unless a deemed complete application for such permits is submitted to the City prior to the date on which the applicable provisions of this Ordinance become effective.

Section 62. Council recently considered San Diego Ordinances O-22031, O-22042, O-22049, O-22050, O-22076, and O-22080, and Council will consider Ordinances O-2026-109 and O-2026-120 in the near future, which amends San Diego Municipal Code sections also amended by this Ordinance. Therefore, the City Clerk, with the written approval and concurrence of the City Attorney, is authorized to reconcile the numbering of sections and placement of text within these sections upon the final passage of the Ordinances, without further action by the Council, pursuant to San Diego Charter section 275.

- (f) The City Manager may waive the requirement for a bond, ~~as established in the Land Development Manual~~unless otherwise required by Section 129.0119.

§129.0203 Exemptions from a Building Permit

- (a) A Building Permit is not required for the following *structures* and activities, except when the *development* would involve alterations, repairs, or improvements to a *historical resource* as described in Section 143.0220; when *development* on a *premises* containing *environmentally sensitive lands* requires a *development permit* in accordance with Section 143.0110; or when a building is constructed with unreinforced masonry bearing walls or exterior wall parapets:

(1) through (24) [No change in text.]

- (25) Monitored Perimeter Security Fence Systems in accordance with Section 142.0390(d)(2).

(b) through (c) [No change in text.]

§129.0710 How to Apply for a Public Right-of-Way Permit

An application for a Public Right-of-Way Permit shall be submitted in accordance with Sections 112.0102 and 129.0105. The submittal requirements for Public

Right-of-Way Permits are listed in the Land Development Manual. A *development permit* is required prior to issuance of a Public Right-of-Way Permit for the following:

- (a) If the proposed *encroachment* involves construction of a privately-owned *structure* or facility into the *public right-of-way* dedicated for a *street* or an *alley*, and where the *applicant* is the *record owner* of the underlying fee title, a Neighborhood Development Permit is required in accordance with Section 126.0402(j) except for the following, which are subject to approval by the City Engineer in accordance with Process One:

(1) through (8) [No change in text.]

- (9) ~~Encroachment of equipment necessary for fiber optic development or a wireless communication facility into the public right-of-way by applicants for the fiber optic or wireless communication facility industries that can demonstrate that installation of the equipment cannot be undergrounded, as verified by the City Engineer or designee. The equipment shall not exceed 3 feet above the finished grade of the curb line and 4 feet in diameter.~~

~~(10)~~(9) The *encroachment* is permitted under Section 141.0629 (Promenade).

- (b) If the proposed *encroachment* is erected, placed, constructed, established or maintained in the *public right-of-way* when the *applicant* is not the *record owner* of the property on which the *encroachment* will be located,

a Site Development Permit is required in accordance with

Section 126.0502(d)(6), except for the following:

(1) through (5) [No change in text.]

~~(6) Encroachment of equipment necessary for fiber optic development or a wireless communication facility into the public right-of-way by applicants for the fiber optic or wireless communication facility industries that can demonstrate that installation of the equipment cannot be undergrounded, as verified by the City Engineer or designee. The equipment shall not exceed 3 feet above the finished grade of the curb line and 4 feet in diameter.~~

(c) through (d) [No change in text.]

(e) If the proposed encroachment includes utility equipment necessary for fiber optic development within the public right-of-way, and the applicant for the fiber optic development can demonstrate that installation of the equipment cannot be undergrounded, as verified by the City Engineer or their designee, and where the applicant is not the record owner of the property, the public right-of-way permit shall be required as follows:

(1) Utility equipment necessary for fiber optic development proposed to be erected, placed, constructed, established, or maintained in the public right-of-way that does not exceed 48 inches above the finished grade of the curb line and 48 inches in width and height is subject to approval by the City Engineer in accordance with Process One.

- (2) Utility equipment necessary for fiber optic *development* proposed to be erected, placed, constructed, established, or maintained in the *public right-of-way* that exceeds 48 inches above the finished *grade* of the curb line and 48 inches in width and height, a Neighborhood Development Permit is required in accordance with Section 126.0402(t).

§129.0750 Expiration of a Public Right-of-Way Permit

- (a) A Public Right-of-Way Permit shall expire by limitation and become void 24 months after the date of permit issuance, ~~unless an exception is granted in one~~ except if any of the following ways apply:
- (1) At the time of permit issuance, the City Manager may approve an expiration date exceeding 24 months if the permittee can demonstrate that the complexity or size of the project makes completion of the project within 24 months unreasonable. -The expiration date for the Public Right-of-Way Permit shall be specified on the permit; ~~or~~
- (2) A Public Right-of-Way Permit issued as part of a *subdivision* improvement agreement shall expire in accordance with the terms of that agreement; or
- (3) [No change in text.]
- (b) [No change in text.]

Maximum *floor area ratio* is specified in Tables 131-05C, 131-05D, 131-05E, and is subject to the following additional regulations:

(a) *Floor Area Ratio* Bonus for Mixed Use

(1) A *floor area ratio* bonus is provided in some commercial zones, as indicated in Tables 131-05C, 131-05D, and 131-05E, for residential uses that are developed as a part of a mixed-use *development*. A minimum required residential *floor area ratio* is shown in the tables, and must be applied toward the residential portion of the project. The remainder of the bonus may be used for either commercial or residential uses. An additional *floor area ratio* bonus of 0.5 may be applied toward the residential portion of a mixed-use *development* that complies with all the following:

(A) The *premises* is located in Mobility Zone 2 or Mobility Zone 3;

(B) The *premises* is located within a High or Highest California Tax Credit Allocation Committee (CTCAC) Opportunity

Area, within the prior 12 months of when the development application is deemed complete; and

(C) All affordable dwelling units shall be provided within the mixed-use development or on the same premises.

§131.0712 Supplemental Regulations for RMX and EMX Zones

These regulations are intended to enable joint living and working opportunities and contribute to the vitality of mixed-use zones. ~~The following regulations apply to development within RMX zones where indicated in Table 131-07B, when the primary use and secondary use are both residential.~~

(a) ~~A minimum of 10 percent of the structures' ground floor gross floor area ratio shall be dedicated to facilitating home-based employment, excluding leasing offices, gyms, or community rooms. This requirement can be met by including one or more of the following:~~

- ~~(1) Live/work quarters in accordance with Section 141.0311;~~
- ~~(2) Shopkeeper units; or~~
- ~~(3) A minimum of 500 square feet to accommodate home-occupation amenities, shared resources, and facilities such as conference rooms or co-work spaces.~~

(a) The following regulations apply to development within RMX zones where indicated in Table 131-07B, when the primary use and secondary use are both residential.

(1) A minimum of 10 percent of the structures' ground floor gross floor area ratio shall be dedicated to facilitating home-based employment, excluding leasing offices, gyms, or community rooms. This requirement can be met by including one or more of the following:

- (A) Live/work quarters in accordance with Section 141.0311;
- (B) Shopkeeper units; or
- (C) A minimum of 500 square feet to accommodate home-occupation amenities, shared resources, and facilities such as conference rooms or co-work spaces.

- (b) [No change in text.]
- (c) Within the EMX zones, no more than 50 percent of the gross floor area of a live/work quarter shall be counted as a non-residential use for the purposes of determining the primary use and secondary use.

§131.0717 Bulk Standards for Buildings Over 90 Feet in Height

For purposes of ~~this~~ Section 131.0717, bulk and scale are divided into the two main areas of the building base and the tower. Buildings over 90 feet in height shall adhere to the following requirements:

- (a) through (b) [No change in text.]
- (c) A *street wall* shall be provided for 70 percent of the building frontage along the *public right-of-way*, with the following exceptions, which may be subtracted from the length of the frontage:
 - ~~(A)~~(1) Publicly or privately-owned plazas;
 - ~~(B)~~(2) Courtyard entrances up to 30 feet wide for residential uses;
 - ~~(C)~~(3) Recessed entrances up to a maximum of 25 feet in width and a maximum of 15 feet in depth. These may include an entry into an interior accessway for vehicles and pedestrians or vehicle or passenger drop-off area, which may be located behind the required street wall; and
 - ~~(D)~~ Entries into interior or auto courts, or auto drop-offs may be allowed behind the required *street wall*.

~~(E)~~(4) Areas where the *existing grade* of the *public right-of-way* differs from the building pad *grade* by more than two feet, as measured vertically from the building pad grade to the existing grade of the public right of-way.

(d) [No change in text.]

§131.0720 **Setback Requirements in Mixed-Use Zones**

For all *structures*, the Fire Code Official may require a defensible space buffer that is greater than the setback required by the base zone to ensure compliance with safety regulations including the California Building Standards Code, Title 24 of the California Code of Regulations.

§132.1502 **Where the Airport Land Use Compatibility Overlay Zone Applies**

(a) This overlay zone applies to properties that are located within an airport influence area as identified in an adopted Airport Land Use Compatibility Plan for a public use or military airport. Property within this overlay zone may be located within multiple airport influence areas. Table 132-15A lists the airport influence areas that apply within the boundaries of the overlay zones as identified on the listed maps, on file in the office of the City Clerk.

§132.1510 Noise Compatibility

Noise compatibility between airport operations and proposed *development* within Review Area 1 of this overlay zone shall be evaluated as follows:

- (a) This overlay zone applies to properties that are located within an airport influence area as identified in an adopted Airport Land Use Compatibility Plan for a public use or military airport. Property within this overlay zone may be located within multiple airport influence areas. Table 132-15A lists the airport influence areas that apply within the boundaries of the overlay zones as identified on the listed maps, on file in the office of the City Clerk.

§132.1515 Safety Compatibility

Safety compatibility between airport operations and proposed *development* within Review Area 1 of this overlay zone shall be evaluated in accordance with this Section 132.1515.

- (a) Relative aircraft accident risk exposure for property surrounding an airport is identified on Airport Land Use Compatibility Plan safety zone maps set forth in Table 132-15F, prepared and adopted by the Airport Land Use Commission for each airport, and filed in the office of the City Clerk. Adopted safety zone maps identified in Table 132-15F and applicable safety compatibility tables shall be used to determine land use compatibility in accordance with Section 132.1515(b).

(c) Rules for calculation and measurement of safety compatibility.

The intent is to measure the total number of *dwelling units* for a proposed residential *development* and the total intensity (people per acre) for a proposed non-residential *development* to determine compliance with the applicable safety zone. Uses that are identified as permitted in a safety zone are presumed to comply with the limits for that safety zone. Uses that are identified as a limited use or require a *development permit* in accordance with Tables 132-15G, 132-15H, 132-15I, or 132-15J shall be subject to a calculation of *density* or intensity as follows:

(1) Residential *development density*

(A) through (E) [No change in text.]

(F) Residential *development* shall be clustered to provide open land on a *premises* equal or greater than 10 acres and shall meet the following:

- (i) A minimum of 2,500 square feet or 5 percent of the premises of the development, whichever is greater, shall be provided as open land.
 - (ii) The maximum amount of open land required shall not exceed more than 20,000 square feet.
 - (iii) The minimum length and width of open land shall be 25 feet.
 - (iv) The open land shall be a single contiguous area.
 - (v) The grade of the open land shall not a slope with a gradient steeper than 5:1.
 - (vi) The open land may be landscaped but shall not have trees.
 - (vii) The open land shall not have any permanent above grade structures.
 - (viii) The square footage of the open land may count toward the common open space requirements of the base zone, landscape, and public space requirements.
- (2) Non-residential *development* intensity
- (A) through (F) [No change in text.]
- (G) Within the San Diego International Airport influence area, Tables 132-15I and 132-15J identify the maximum persons per acre. The total persons per acre calculation for a

development shall include occupants in outdoor areas,

which shall include accessory uses.

Airspace protection compatibility within Review Areas 1 and 2 of the Airport

Land Use Compatibility Overlay Zone shall be evaluated in accordance with

Section 132.1520.

- (a) Within each airport influence area, an airspace protection area is designated to protect navigable airspace and to avoid creation of hazards to aircraft in flight in accordance with Code of Federal Regulations, Title 14, Part 77 (Federal Aviation Regulations Part 77). For purposes of Section 132.1520, *development* also includes temporary construction equipment such as cranes. The airspace protection area geographically

consists of locations within the Federal Aviation Regulations Part 77 surfaces, and the Federal Aviation Administration notification area identified on Airport Land Use Compatibility Plan airspace protection maps, prepared and adopted by the Airport Land Use Commission for each airport and filed in the office of the City Clerk. Adopted airspace protection maps identified in Table 132-15K shall be used to determine land use compatibility in accordance with Section 132.1520(b).

§132.1555 Override Process

(a) An *applicant* may request a decision from the City Council to overrule a determination of inconsistency made by the Airport Land Use Commission in accordance with the consistency determination process in Section 132.1550. Any decision by the City Council to overrule a determination of inconsistency requires a Planning Commission recommendation and two City Council hearings. The first hearing shall be a proposed decision to overrule and the second hearing shall be a final decision to overrule, as follows:

(1) The City Council shall hold a public hearing to propose a decision to overrule a determination of inconsistency made by the Airport Land Use Commission;

(2) The Planning Commission shall hold a public hearing to provide a recommendation on the City Council's proposed decision to

overrule the determination of inconsistency with Site Development Permit Sections 126.0505(a) and 132.1555(d), in accordance with Process Five; and

- (3) The second City Council hearing shall be a final decision to overrule the determination of inconsistency. The findings required for approval will be the general findings for Site Development Permits in Section 126.0505(a), and the findings for a proposed decision to overrule the Airport Land Use Commission's determination in Section 132.1515(d).

- (b) ~~Associated development permits shall be consolidated and decided by the City Council as~~ As part of the hearing to overrule the Airport Land Use Commission, the City Council shall only consider the proposed overrule action and shall not consolidate this action with other development permits, maps, or other approvals associated with the development.

§141.0302 Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs)

Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs), are permitted as a limited use decided in accordance with Process One, indicated with an "L" in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones), subject to the following regulations.

- (a) Regulations for *ADUs* and *JADUs*.

- (1) through (8) [No change in text.]

(9) ADUs and JADUs allowed under state law shall be exempt from the Climate Action Plan Consistency regulations in accordance with Chapter 14, Article 3, Division 14.

(10) For the purpose of ADU and JADU regulations, multiple detached single dwelling units on an individual lot do not qualify as a multiple-dwelling unit structure.

(b) through (c) [No change in text.]

(d) ~~ADU Home Density~~ Density Bonus. In addition to the ADUs and JADUs permitted under Sections 141.0302(b) and 141.0302(c), additional bonus ADUs and affordable ADUs shall be permitted subject to the following:

(1) through (2) [No change in text.]

(3) *Floor Area Ratio.*

(A) Within a base zone that permits *single dwelling unit developments* but not *multiple dwelling unit developments*, the maximum *floor area ratio* shall be determined as follows:

(i) through (ii) [No change in text.]

(iii) For the ~~RS-1-1, RS-1-2, RS-1-3, RS-1-4, RS-1-5, RS-1-6, and~~ RS-1-7 base zones, the applicable *floor area ratio* shall be determined in accordance with Table 131-04J using the adjusted *lot area* as described in Sections 141.0302(d)(3)(A)(i) and 141.0302(d)(3)(A)(ii).

(B) Within a base zone that permits *multiple dwelling unit developments*, where the *lot* contains *environmentally sensitive lands*, the maximum permitted *floor area ratio* shall be determined by using the area of the *lot* that does not contain *environmentally sensitive lands*.

(4) through (7) [No change in text.]

(8) *ADU Home ~~Density~~Density Bonus Agreement*. The affordable *ADUs* shall be guaranteed through a written agreement and a deed of trust securing the agreement, entered into by the *applicant* and President and Chief Executive Officer of the San Diego Housing Commission, or their designee, prior to the issuance of a Building Permit for the first affordable *ADU* or bonus *ADU*, whichever occurs first, that meets the following requirements:

(A) A rental affordable *ADU* home ~~density~~density bonus agreement shall utilize the following qualifying criteria:

(i) through (iv) [No change in text.]

(B) Violations. If the terms of the rental affordable *ADU* home ~~density~~density bonus agreement are violated by the *applicant*, the *applicant* shall be liable for a minimum penalty of \$10,000 per *ADU* per month, in addition to any fines outlined in the rental affordable *ADU* home ~~density~~density bonus agreement with the San Diego Housing Commission.

- (9) *ADU Home ~~Density~~ Density Bonus Program Community Enhancement Fee.* The *applicant* shall pay an *ADU Home ~~Density~~ Density Bonus Program Community Enhancement Fee* as established by San Diego Resolution, calculated based on the *gross floor area* of the affordable *ADUs* and bonus *ADUs*, except that the *gross floor area* of any affordable *ADUs* that meet all the following shall not be included in the calculation:

(A) through (B) [No change in text.]

- (10) All affordable *ADUs* and bonus *ADUs* in the *development* shall comply with the Climate Action Plan Consistency regulations in accordance with Chapter 14, Article 3, Division 14 regulations.

- (e) *ADU Bonus for Accessible *ADUs*.* For *development* utilizing the *ADU Home ~~Density~~ Density Bonus Program* in accordance with Section 141.0302(d), a maximum of one additional accessible *ADU* shall be permitted if the *development* includes:

(1) through (2) [No change in text.]

(f) through (g) [No change in text.]

§141.0313 Transitional Housing Facilities

Transitional housing facilities offer residential accommodations for a specified period of time, mental health support and counseling services, and other support services to prepare *families* and individuals for independent living. Transitional

housing facilities do not include drug or alcohol in-house treatment or rehabilitation facilities, work furlough or probationary residential facilities, or emergency shelters.

Transitional housing facilities are permitted as a limited use in zones indicated with an “L” and may be permitted with a Conditional Use Permit decided in accordance with Process Five, in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the regulations below. Section 112.0509(b) requiring a Planning Commission recommendation for Process Five applications shall not be applicable to transitional housing facilities.

(a) through (j) [No change in text.]

(k) Transitional housing for youth and young adults may include nonresidential uses and administrative office space in accordance with Section 141.1315(e).

§141.0315 Permanent Supportive Housing

Permanent supportive housing is permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations:

(a) through (d) [No change in text.]

(e) *Permanent supportive housing* includes transitional housing for youth and young adults, and may include nonresidential uses and administrative office space, as defined in California Government Code sections 65650 and 65651. The non-residential gross floor area within a permanent

supportive housing development shall be used for on-site supportive services and administrative office space as follows:

- (1) On-site supportive services.
 - (A) For development with 20 or fewer permanent supportive housing units, at least 90 square feet must be allocated for on-site supportive services.
 - (B) For development with more than 20 permanent supportive housing units, at least three percent of the total gross floor area of the development must be dedicated to on-site supportive services intended solely for tenant use. These services may include community rooms, case management offices, computer rooms, and common kitchens.
- (2) Administrative office space. Administrative office space shall not exceed 25 percent of the total gross floor area of the development. Administrative office space means the main or auxiliary offices used by a qualified nonprofit corporation to provide on-site supportive services at a permanent supportive housing development authorized by Section 141.0315 and any off-street parking spaces required to serve the office space. It may also include space used for other qualified nonprofit corporation activities not directly related to the corresponding permanent supportive housing development.

§141.0316 **Emergency Shelters**

Emergency shelters are facilities that provide housing for homeless persons with minimal supportive services that are limited to occupancy of six months or less.

An emergency shelter may be seasonal or year-round. Emergency shelters operating for 30 days or less in any 365-day period which are *accessory uses* to religious institutions or religious organizations are exempt from

Section 141.0316.

Emergency shelters are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the regulations in Section 141.0316(a). Emergency shelters may be permitted with a Conditional Use Permit decided in accordance with Process Five in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the regulations in Section 141.0316(b). Notwithstanding Section 131.0111, for the purpose of determining applicable *development* regulations, emergency shelters shall be considered commercial *development*.

(a) **Limited Use Regulations**

- (1) Emergency shelters shall provide an on-site waiting area of at least 10 square feet per bed to accommodate clients and prevent queuing into the *public right-of-way*. Any outdoor waiting area shall be physically separated with a fence, wall, or other applicable physical barrier from the *public right-of-way*.

- (2) Emergency shelters shall provide off-street parking at a rate of at least one space for each full-time-equivalent employee, calculated at eight hours of working time per employee per 24-hour period.
 - (3) Hours of operation shall be limited to the hours between 6:00 p.m. and 8:00 a.m.
 - (4) Emergency shelters shall provide on-site supervision at all times. At least one full-time equivalent employee shall be provided for every 20 beds.
 - (5) The applicant shall submit to the City and implement the following:

 - (A) A communications plan for addressing issues or concerns regarding the emergency shelter raised by the local community, neighborhood, business organizations, and adjacent neighbors;
 - (B) A loitering control plan to minimize the congregation of overnight residents during daylight hours on the premises, in parking lots serving the premises, and on public sidewalks adjacent to the premises; and
 - (C) A litter control plan to maintain the premises and any adjacent premises in a litter free condition at all times.
 - (6) Adequate outdoor lighting for public safety shall be maintained. Outdoor lighting shall comply with Section 142.0740.
- (b) Conditional Use Permit Regulations

- (1) Emergency shelters are not permitted in *Proposition A Lands*.
- (2) Emergency shelters shall provide at least 35 square feet of sleeping area per bed.
- (3) Emergency shelters shall provide an on-site waiting area of at least 10 square feet per bed to accommodate clients and to prevent queuing into the *public right-of-way*. Any outdoor waiting area shall be physically separated with a fence, wall, or other applicable physical barrier from the *public right-of-way*.
- (4) Emergency shelters shall provide at least one toilet for every 15 beds.
- (5) Emergency shelters shall provide off-street parking at a rate of at least one space for each full-time-equivalent employee, calculated at eight hours of working time per employee per 24-hour period.
- (6) Hours of operation shall be limited to the hours between 6:00 p.m. and 8:00 a.m.
- (7) Emergency shelters shall provide on-site supervision at all times. At least one full-time equivalent employee shall be provided for every 30 beds.
- (8) Living, dining, and *kitchen* areas shall be physically separated from sleeping areas. The shelter shall provide telephone services separate from the office phone to provide privacy.
- (9) The *applicant* shall submit to the City and implement the following:

- (A) A communications plan for addressing community-raised issues or concerns regarding the emergency shelter with the local community, neighborhood, business organizations, and adjacent neighbors;
- (B) A loitering control plan to minimize the congregation of overnight residents during daylight hours on the premises, in parking lots serving the premises, and on public sidewalks adjacent to the premises; and
- (C) A litter control plan to maintain the premises and any adjacent premises in a litter free condition at all times.

~~(d)~~(c) Homeless Day Centers

Homeless day centers may be permitted with a Conditional Use Permit decided in accordance with Process Four in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations.

(1) through (6) [No change in text.]

§141.0420 Wireless Communication Facilities

Wireless communication facilities shall comply with the approval process set forth in Section 141.0420(a) through (c) as applicable to the *development*. All *wireless communication facilities* are subject to the general regulations in Section 141.0420(d), the general design requirements in Section 141.0420(e) and the

Wireless Communication Facilities Guidelines in the Land Development Manual.

Section 141.0420 does not apply to amateur (HAM) radio communication facilities.

(a) Limited Use Regulations

Wireless communication facilities are permitted as a limited use decided in accordance with Process One as follows:

(1) through (2) [No change in text.]

(3) In the *public right-of-way* provided that the *wireless communication facility* is a small cell *wireless communication facility* as defined in Section 141.0420(a)(3)(A) below.

(A) A small cell *wireless communication facility* is a *wireless communication facility* on or concealed within a streetlight pole with a cobra arm mounted working luminaire that meets the following requirements:

(i) The *wireless communication facility* is attached to an existing, replacement, or new streetlight pole that is standard for the proposed location and complies with the applicable guidelines in the Land Development Manual; the *antennas* and associated equipment do not exceed a total of ~~45~~28 cubic feet, and no part of the *wireless communication facility* extends more than 24 inches from the streetlight

pole in any direction; except that if the *antenna* is top-mounted, the *antenna* or any material concealing the *antenna* may extend vertically up to 48 inches above the highest point of the cobra arm.

(ii) [No change in text.]

(B) [No change in text.]

(4) through (5) [No change in text.]

(6) A strand-mounted *wireless communication facility* is allowed only on existing utility poles and overhead utility wires. *Antennas* and associated equipment shall comply with the cable management design standards and be painted to match the color of the pole's surface on which they are attached.

(7) A temporary *wireless communication facility* shall be designed to provide service during construction, an emergency event, a citywide public event, or pilot projects in accordance with the *Wireless Communication Facility* Guidelines in the Land Development Manual.

(A) A *substantial conformance* review is required for a temporary *wireless communication facility*.

(B) A temporary *wireless communication facility* shall comply with the following requirements:

(i) Equipment associated with a temporary *wireless communication facility* shall be limited to three

antennas and six radios, surge suppressors, rvcaps,
or similar equipment;

(ii) A temporary wireless communication facility shall
not exceed 250 square feet;

(iii) No more than two cabinets shall be permitted; and

(iv) Generators shall not be permitted.

(C) An application for a temporary wireless communication
facility shall be submitted no later than 30 days prior to the
expiration of the existing substantial conformance review.
The application shall include a construction schedule and
justification for the extension of the substantial
conformance review.

(D) A temporary wireless communication facility shall not be
installed for more than 180 days. The applicant may
request only one extension, provided that the total duration
of the wireless communication facility, including the
extension, does not exceed 365 days.

(E) All temporary wireless communication facilities shall be
subject to the requirements of Section 141.0420. Failure to
comply with the requirements of Section 141.0420 shall be
subject to the revocation of the substantial conformance

review approval and require the immediate removal of the temporary wireless communication facility in accordance with Section 141.0420(d)(9).

(b) Neighborhood Use Permit Regulations

Wireless communication facilities may be permitted with a Neighborhood Use Permit decided in accordance with Process Two, as follows:

- (1) In commercial or industrial zones on a *premises* containing residential ~~or mixed-use development~~ uses;
- (2) ~~With~~ In a residential, agricultural, or open space zone, or on a premises without a zoning designation, when antennas are located at least more than 100 feet from the property line of on a premises with a dwelling unit, child care center, or school with children enrolled in any grade kindergarten through grade 8 where located any of the following uses:
 - (A) ~~in an agricultural zone~~ Residential;
 - (B) ~~on~~ On dedicated parkland subject to San Diego Charter section 55, except in an open space zone; or
 - (C) ~~in a residential zone on a premises that does not contain residential development~~ Schools with children enrolled in kindergarten through grade 8; or
 - (D) Child care facilities.
- (3) In the *public right-of-way* when the *wireless communication facilities* are not small cell *wireless communication facilities*;

~~provided that the wireless communication facility does not include any ground-mounted equipment other than a pole to which the wireless communication facility is attached or is concealed within.~~

- (4) Equipment associated with the wireless communication facility including small cell wireless communications facilities within the public right-of-way, where new ground-mounted equipment not to exceed 48 inches in height and width and no more than one cabinet per wireless communication facilities and small cell wireless communication facilities provider.
- (5) All small cell wireless communication facilities and wireless communication facilities within the public right-of-way, where new ground-mounted equipment does not exceed 48 inches in height and width.

(c) Conditional Use Permit Regulations

Wireless communication facilities may be permitted with a Conditional Use Permit as follows:

- (1) Decided in accordance with Process Three, where the *development* meets the following locational criteria:

 - (A) ~~Wireless communication facilities with~~ In a residential, agricultural, or open space zone, or on a premises without a zoning designation, when antennas are located less than 100 feet from the property line of on a premises with a dwelling unit, child care center, or school with children

~~enrolled in any grade kindergarten through grade 8 where~~
~~located~~any of the following uses:

- (i) ~~in a residential zone on a premises that does not~~
~~contain residential development~~Residential; or
- (ii) ~~in an agricultural zone.~~On dedicated parkland
subject to San Diego Charter section 55;
- (iii) Schools with children enrolled in kindergarten
through grade 8; or
- (iv) Child care facilities.

- (B) ~~In~~Equipment associated with the wireless communication facility
including small cell wireless communication facilities with the
~~public~~public-right-of-way with, where new ground-mounted
equipment ~~exceeding 3 feet~~exceeds 48 inches in height and width
above the finished ~~grade of the curb line and greater than 4 feet in~~
~~diameter; other than a pole to which the~~or more than one cabinet
~~per wireless communication facility is attached~~facilities and small
cell wireless communication facilities provider.

- (2) Decided in accordance with Process Four, where the *development*
~~meets the following locational criteria:~~

- (A) ~~On dedicated parkland subject to San Diego Charter section~~
~~55 in any zone, except on public right-of-way within~~
~~dedicated parkland, with antennas located less than 100~~
~~feet from the property line of a premises with a dwelling~~

~~unit, child care center, or school with children enrolled in~~
~~any grade kindergarten through grade 8 is a wireless~~
~~communication facility that deviates from the requirements~~
~~in Section 141.0420(c), and is not identified in Section~~
~~126.0402 as requiring a Neighborhood Development~~
~~Permit, shall be required to obtain a Planned Development~~
~~Permit in accordance with Chapter 12, Article 6,~~
~~Division 6.~~

~~(B) In a residential zone on a premises that contains residential~~
~~development.~~

~~(C) In an open space zone.~~

(d) [No change in text.]

(e) Design Requirements

The following regulations apply to all *wireless communication facilities*:

(1) through (2) [No change in text.]

(3) Equipment associated with *wireless communication facilities* shall
be located within an existing *building envelope*, whenever
possible. If an exterior equipment enclosure is necessary, it shall be
of a height minimally necessary to conceal the equipment, with an
area not to exceed ~~250~~300 square feet, unless a Neighborhood
Development Permit is granted in accordance with
Section 126.0402.

(4) through (7) [No change in text.]

(8) *Antennas shall comply with the following design requirements:*

(A) [No change in text.]

(B) No portion of an *antenna*, including any concealment measures, shall be more than ~~12-24~~ inches away from the *structure*, unless a Neighborhood Development Permit is granted in accordance with Section 126.0402. Projections shall be minimally visible, unless the applicant provides evidence demonstrating to the satisfaction of the City Manager that the wireless communication facilities cannot operate without exceeding 12 inches, in which case no portion of the antenna shall be more than 18 inches away from the structure no other mounting apparatus or antenna(s) are available and would therefore result in significant loss in network coverage to the intended coverage area to the satisfaction of the City Engineer.

(C) through (E) [No change in text.]

(F) Any antenna mounted to a pole shall be completely concealed from view within a radome in accordance with the Wireless Communication Facility Guidelines in the Land Development Manual. If the proposed radome exceeds the design standards of Section 141.0420, a Neighborhood Development Permit is required in accordance with Section 126.0402, prior to installation.

(G) Antennas, except for shrouds and skirts, shall not exceed eight feet in length or three feet in width, unless a Neighborhood Development Permit is granted in accordance with Section 126.0402.

(9) Vertical elements, designed as flagpoles or light standards, shall replicate the design, diameter, and proportion of the vertical element they are intending to imitate. Flagpoles shall maintain a tapered design. An alternative design may be permitted with a Neighborhood Development Permit in accordance with Section 126.0402.

(10) through (11) [No change in text.]

(f) *Public Right-of-Way Installations*

Wireless communication facilities may be installed in the *public right-of-way* in the *parkway*. *Wireless communication facilities* located in the *public right-of-way* are subject to all other applicable requirements of the Municipal Code and the following additional design requirements:

(1) through (3) [No change in text.]

(4) *Wireless communication facilities* mounted on a City street light pole or a City signalized pole shall include a turn-off switch that is mounted to the pole, unless the *applicant* provides evidence to the satisfaction of the City Engineer demonstrating an alternative design for the turn-off switch is needed.

§141.0621 Sidewalk Cafes, Streetaries, and Active Sidewalks

The sidewalk cafes, streetaries, and active sidewalks regulations establish requirements for outdoor dining and other uses located within the *public right-of-way*. For the purposes of ~~this~~ Section 141.0621, sidewalk cafes are defined as outdoor dining spaces located within the sidewalk area of the *public right-of-way* that are associated with adjacent eating and drinking establishments;

streetaries are defined as outdoor spaces located in a *street* space formerly dedicated to parking spaces that serves as an extension of an eating and drinking establishment; and active sidewalks are defined as the permanent extension of the curb into the *public right-of-way* to facilitate activation of the *public right-of-way* through recreational amenities, landscaped areas, seating areas, farmers marketmarkets, ~~artworks~~ artworks, or outdoor dining. Sidewalk cafes, streetaries, and active sidewalks are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations. It is not the intent of ~~this~~ Section 141.0621 to regulate outdoor eating and drinking establishment areas that are located on private property.

(a) Limited Use Regulations for Sidewalk Cafes

(1) Design requirements

(A) through (L) [No change in text.]

(M) Parking for a sidewalk cafe portion of an eating and drinking establishment shall only be required if:

(i) through (ii) [No change in text.]

(iii) A sidewalk cafe is located ~~in the Parking Impact Overlay Zone~~ outside of a Transit Priority Area.

(2) through (4) [No change in text.]

(b) Limited Use Regulations for Streetaries

(1) [No change in text.]

(2) Permit Requirements

(A) through (B) [No change in text.]

(C) Removal of on-street parking spaces to construct streetaries shall comply with the following:

(i) through (iii) [No change in text.]

(iv) Within both the Coastal Overlay Zone and the Beach Impact Area of the Parking Impact Overlay Zone, but outside of the *Transit Priority Area*, all on-street parking removed to construct a streetary shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public either on the same *premises* as the business proposing the streetary, or off-premises through ~~shared parking~~ *shared parking* in accordance with Section 142.0545.

(D) through (Q) [No change in text.]

(3) through (5) [No change in text.]

(c) Limited Use Regulations for Active Sidewalks

(1) through (2) [No change in text.]

(3) Permit Requirements:

(A) [No change in text.]

(B) Removal of on-street parking spaces to construct active sidewalks shall comply with the following:

(i) On-street accessible parking spaces provided in accordance with Title 24 of the California Code of Regulations (California Building Standards Code) ~~shall not~~ may only be removed for the construction of active sidewalks if they are replaced with an equivalent number of new accessible spaces and relocated within the block perimeter or within 500 feet of their original location, subject to the approval of the City Engineer.

(ii) through (iii) [No change in text.]

(iv) Within both the Coastal Overlay Zone and the Beach Parking Impact Area, but outside of the Transit Priority Area, all on-street parking removed to construct an active sidewalk shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public either on the same *premises* as the business proposing the active sidewalk, or off-premises through ~~shared parking~~ shared parking in accordance with Section 142.0545.

(C) through (K) [No change in text.]

(4) through (7) [No change in text.]

§141.0628 Outdoor Dining on Private Property

The permanent use of a private property for outdoor dining is permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones), subject to the following regulations:

(a) Permit Requirements:

(1) through (4) [No change in text.]

(5) Removal of required *off-street parking spaces* to construct outdoor dining on private property shall comply with the following:

(A) through (C) [No change in text.]

(D) Within both a *Sustainable Development Area* and the Coastal Overlay Zone, the following regulations apply:

(i) Outside of the Beach Impact Area of the Parking Impact Overlay Zone, *off-street parking spaces* in excess of the minimum number of spaces required by Chapter 14, Article 2, Division 5 may be removed for the construction of outdoor dining on private property. All parking required by Chapter 14, Article 2, Division 5 that is removed for the construction of outdoor dining on private property shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public through ~~shared parking~~ shared parking in accordance with Section 142.0545.

- (ii) Within the Beach Impact Area of the Parking Impact Overlay Zone, but outside of the Transit Priority Area, all *off-street parking spaces* removed to construct outdoor dining on private property shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public through *shared parking* in accordance with Section 142.0545.

(6) through (9) [No change in text.]

(b) [No change in text.]

§141.0629 Promenade

For the purposes of this Section 141.0629, a promenade is defined as the partial or complete *street* closure to vehicular traffic to facilitate active transportation uses such as walking, biking, recreation, outdoor dining, and enjoyable public interaction. Promenades enhance pedestrian safety, encourage non-motorized transportation and foster neighborhood interaction and outdoor activities, increasing the likelihood that more pedestrians will travel by foot or bicycle.

Within the Coastal Overlay Zone, promenades shall not be permitted along *streets* that are adjacent to exclusively residential uses. A promenade initiated by the City shall not be subject to the additional requirements of this Section 141.0629.

(a) [No change in text.]

(b) Permit Requirements:

(1) [No change in text.]

(2) For promenades that remove on-street parking spaces the following shall apply:

(A) On-street accessible parking spaces provided in accordance with Title 24 of the California Code of Regulations (California Building Standards Code) ~~shall not~~ may be removed for the construction of promenades if they are replaced with an equivalent number of new accessible spaces and relocated within the block perimeter or within 500 feet of their original location, subject to the approval of the City Engineer.

(B) through (C) [No change in text.]

(D) Within both the Coastal Overlay Zone and the Beach Parking Impact Area, but outside of a Transit Priority Area, all on-street parking removed to construct a promenade shall be replaced with an equivalent number of *off-street parking spaces* provided at no cost to the public either on the same *premises* as the business(es) proposing the promenade, or ~~off-premises~~ off-premises through ~~shared parking~~ shared parking in accordance with Section 142.0545.

§141.0801 Automobile Service Stations

Automobile service stations are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations. -Automobile service stations may be permitted with a Neighborhood Use Permit decided in accordance with a Process Two in the zones indicated with an “N” or with a Conditional Use Permit decided in accordance with Process Three in the zones indicated with a “C” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones) subject to the following regulations.

- (a) [No change in text.]
- (b) The following activities may be permitted as *accessory uses* in automobile service stations:
 - (1) through (4) [No change in text.]
 - (5) Hydrogen vehicle fueling stations in accordance with Section 141.0804.
- (c) through (i) [No change in text.]

§141.0804 Hydrogen Vehicle Fueling Stations

Hydrogen vehicle fueling stations are facilities that contain equipment and structural design components necessary to ensure the safety of hydrogen vehicle fueling stations, including hydrogen-refueling canopies, that are used to store and dispense hydrogen fuel to vehicles, according to industry codes and standards, that are open to the public.

Hydrogen vehicle fueling stations are permitted as a limited use in the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones), subject to the following regulations. The regulations are intended to facilitate the use of hydrogen vehicle fueling stations, to comply with state requirements for timely administrative approvals, and allow an *applicant* to appeal a denial of an application of a *construction permit* for a hydrogen vehicle fueling station.

- (a) A *construction permit* decided in accordance with Process One shall be required for the installation of a hydrogen vehicle fueling station with a *deemed complete* application submitted prior to January 1, 2030.

 - (1) The *construction permit* application shall be submitted in accordance with Sections 112.0102 and 129.0105.
 - (2) Within a planned district, subject to Chapter 15 of the Land Development Code, a separate Planned District Ordinance Permit shall not be required in addition to the *construction permit* required under Section 141.0804.
- (b) In reviewing the *construction permit*, the Building Official shall evaluate whether the hydrogen vehicle fueling station meets all applicable health and safety requirements of local, state, and federal law and shall apply the following regulations:

 - (1) A hydrogen vehicle fueling station shall meet all the following, as applicable:

- (A) Safety and performance standards established by the Society of Automotive Engineers and accredited nationally recognized testing laboratories; and
- (B) Any rules established by the California Air Resources Board, Energy Commission, or Department of Food and Agriculture regarding safety, reliability, weights, and measures.
- (2) Existing landscaping shall not be removed if it is required under the Landscape Regulations (Chapter 14, Article 2 Division 4), unless it is replaced with equivalent or greater landscape elsewhere on the premises.
- (3) The applicant shall demonstrate that a hydrogen vehicle fueling station on private property will accommodate a vehicle to be fueled while parked without protruding into the public right-of-way.
- (4) Street frontage, setback, and driveway requirements shall be consistent with Sections 141.0801(c) through 141.0801(e).
- (5) The premises of a hydrogen vehicle fueling station shall not contain any residential uses.
- (6) Notwithstanding the zones indicated with an “L” in the Use Regulations Tables in Chapter 13, Article 1 (Base Zones), a hydrogen vehicle fueling station may be permitted on a premises that was previously developed with an automobile service station.

- (7) A hydrogen vehicle fueling station may be an *accessory use* for an automobile service station in accordance with Section 141.1801.
- (c) The Building Official shall approve, in accordance with Process One, the hydrogen vehicle fueling station unless the Building Official determines there is substantial evidence of a specific, adverse impact upon the public health or safety, which for the purpose of Section 141.0408(c) means a significant quantifiable, direct, and unavoidable impact based on objective, identified, and written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete, and there is no feasible method or alternative to satisfactorily mitigate or avoid the specific, adverse impact.
- (d) If the Building Official determines that the proposed hydrogen fueling station could have a specific, adverse impact upon the public health or safety, then the Building Official shall make written *findings* notifying the applicant that the *construction permit* for the hydrogen vehicle fueling station is denied, the basis for that denial, and the appeal rights set forth in Section 141.0408(e).
- (e) Notwithstanding Section 112.0502, an *applicant* may appeal the denial of an application for a *construction permit* for a hydrogen vehicle fueling station to the Planning Commission by filing an application for an appeal hearing with the City Manager no later than 10 *business days* after the decision date. The *applicant* shall be responsible for all administrative costs associated with processing the appeal.

(f) The *application* shall include the contents for appeal identified in Section 112.0510(a).

(1) Grounds for Appeal. A denial may only be appealed on the grounds that the stated *findings* to deny the *construction permit* are not supported by substantial evidence.

(2) Scheduling an Appeal Hearing. The City Manager shall assign a date for an appeal hearing before the Planning Commission no later than 30 calendar days after the date on which an application for the appeal hearing is filed with the City Manager.

(3) Power to Act on the Decision at Appeal Hearing. The Planning Commission may affirm, reverse, or modify the decision to deny a *construction permit* for a hydrogen vehicle fueling station in accordance with the following:

(A) A decision to affirm the Building Official decision requires a *finding* based on substantial evidence in the record that the proposed hydrogen vehicle fueling station would have a specific, adverse impact upon the public health or safety and there is no feasible or alternative method to satisfactorily mitigate or avoid the specific, adverse impact. In addition, the *finding* shall include the basis for rejection of potential alternatives to prevent the adverse impact.

(B) If the Planning Commission determines that there is no substantial evidence in the record that the proposed

hydrogen vehicle charging station would have a specific, adverse impact upon the public health or safety, then the decision by the Building Official shall be reversed and the construction permit shall be approved.

- (C) If the Planning Commission determines that conditions of approval would mitigate the specific, adverse impact upon the public health or safety, then the decision by the Building Official shall be reversed, and the construction permit shall be conditionally approved. Any conditions imposed shall be mitigated by the applicant at the lowest cost possible.

(a) through (b) [No change in text.]

(c) *Fence Height in Required Front Yards and Required Street Side Yards*

(1) *Solid Fences*

(A) [No change in text.]

(B) The height of a *solid fence* located in a required *yard* may increase as the *fence* is placed farther from the front or *street side property line*. No portion of the *fence* shall exceed height established by a line drawn beginning at a point ~~3~~three feet above *grade* at the *property line* and ending at a point ~~6~~six feet above *grade* at the *setback line*, as shown in ~~Diagram~~ 142-03A.

Diagram 142-03A

§142.0390 Monitored Perimeter Security Fence Systems

(a) through (b) [No change in text.]

(c) General Regulations

(1) Use Regulations

Monitored perimeter security *fence* systems may be permitted by a Process One and shall only be allowed in industrial zones that do not allow for residential *development*, unless otherwise specified in Section 142.0390.

(2) through (4) [No change in text.]

(d) Sunset Provision. The following supplemental regulations apply to monitored perimeter security *fence* systems with an Alarm System Permit application submitted prior to January 1, 2028, in accordance with California Civil Code section 835.

(1) Monitored perimeter security *fence* systems shall be constructed and operated in accordance with the standards and specifications of the International Electrotechnical Commission International Standard IEC 60335, Part 2-27:2018.

(2) Monitored perimeter security *fence* systems shall not require a Building Permit in accordance with Process One. Monitor perimeter security *fence* systems shall only require an Alarm System Permit in accordance with Chapter 3, Article 3, Division 37 in any zone that does not permit residential use, provided all the following apply:

(A) The *premises* contains a use that allows for the commercial storage, parking, serving, selling or renting of vehicles,

vessels, equipment, materials, freight, or utility
infrastructure within an outdoor lot or yard;

(B) The premises does not contain any residential or visitor
accommodation uses;

(C) There are no abutting properties with a residential use; and

(D) The premises is not within 300 feet, measured horizontally
in a straight line from property line to property line, of a
public park, child care facility, recreation center,
community center or school.

(3) Monitored perimeter security fence systems shall be permitted by a
Process One and require an Alarm System Permit in accordance
with Chapter 3, Article 3, Division 37 in any zone that does not
permit residential use, provided all the following apply.

(A) The premises contains a use that allows for the commercial
storage, parking, serving, selling or renting of vehicles,
vessels, equipment, materials, freight, or utility
infrastructure within an outdoor lot or yard;

(B) The premises does not contain any residential or visitor
accommodation uses; and

(C) There is an abutting property with a residential use; and

(D) The premises is within 300 feet from property line to
property line to a public park, child care facility, recreation
center, community center or school.

§142.0403 General Planting and Irrigation Requirements

All planting, irrigation, brush management, and landscape-related improvements required by this ~~division~~ Division must comply with the regulations in Section 142.0403 and with the Landscape Standards in the Land Development Manual.

(a) [No change in text.]

(b) Plant Material Requirements

(1) through (7) [No change in text.]

(8) All pruning shall comply with the standards of the American National Standards Institute (ANSI) for ~~free~~ tree care operations and the International Society of Arboriculture (ISA) best management practices for ~~free~~ tree pruning. Topping of trees is prohibited.

§142.0545 Shared Parking Requirements

(a) Approval Criteria. ~~In all zones except single-unit residential zones,~~
~~§~~Shared parking may be approved through a Building Permit subject to the following requirements.

(1) Shared parking requests shall be for two or more different ~~land~~
~~uses~~ or developments located adjacent or near to one another,
subject to the standards in ~~this section~~ Section 142.0545.

- (2) ~~All~~Shared parking facilities for uses or developments shall be located within a ~~1200~~2,000-foot ~~horizontal distance of the uses served~~walking distance along a pedestrian path of travel using sidewalks.

When a place of religious assembly is located with a residential *development* in accordance with Section 142.0565, both uses shall be eligible for reduced minimum parking requirements, subject to the following:

- (a) The place of religious assembly and residential *development* shall be located outside of a *Transit Priority Area*.
- (b) The residential *development* shall comply with all the following:
 - (1) The residential *development* shall be located on a *lot* that meets at least one of the following:
 - (A) Contains required *off-street parking spaces* for the place of religious assembly;
 - (B) Is located on an *abutting property* that contains required *off-street parking spaces* for the place of religious assembly; or
 - (C) Is within 0.1 miles from a *lot* that contains *off-street parking spaces* for the place of religious assembly.
 - (2) The residential *development* shall be located on *premises* owned, controlled, and operated by the place of religious assembly; and
 - (3) The residential *development* has applied for and qualifies to receive a *density* bonus under Chapter 14, Article 3, Division 7.
- (c) Minimum parking requirements:

- (1) The minimum *off-street parking spaces* required for an existing place of religious assembly that is legally constructed as of the date the application is *deemed complete* shall be 50 percent of the *off-street parking spaces* that exist on the date the residential *development* application is *deemed complete*. The remaining *off-street parking spaces* may be used for the residential *development*. A *premises* that is *previously conforming* because it does not provide the required number of *off-street parking spaces* required by this Division is exempt from the requirements in Section 142.0510(d).
- (2) The minimum *off-street parking spaces* required for *development* of a place of religious assembly shall be 50 percent of that required in Table 142-05G when developed in conjunction with a residential *development* proposed in accordance with Section 142.0565.
- (3) The minimum *off-street parking spaces* required for the residential *development* shall not be greater than one *off-street parking space* per *dwelling unit*.

§142.0611 Exemptions from Requirement to Provide Public Improvements Incidental to a Building Permit

The following activities are exempt from Section 142.0610:

(a) through (e) [No change in text.]

(f) A residential or mixed-use *development* with at least 50 percent of the *gross floor area* dedicated to residential uses is exempt from a *dedication*

requirement to widen a *street* for the purpose of mitigating vehicular traffic impacts, or achieving a planned *street* width for the purpose of increasing vehicular capacity as identified by the applicable *land use plan* or City of San Diego Street Design Manual, unless one of the following applies:

- (1) The *development* is located outside of a *transit priority area* and has a linear *street frontage* of 500 feet or more.
- (2) The *dedication* is necessary to preserve the health, safety, and welfare of the public, including pedestrians and bicyclists as determined by the City Engineer.
- (3) The *dedication* is necessary to construct *public improvements*, including curbs, gutters, street trees, *parkways*, stormwater, wastewater and sewer improvements, to the satisfaction of the City Engineer.

§142.0625 When Street and Alley Improvements Are Required for Condominium Conversions

No subdivision approval process shall be completed for any *condominium conversion* in accordance with Section 144.0507 unless the *streets* and *alleys* abutting the *premises* have been dedicated and improved along the *abutting frontage* to the prevailing standards of the City of San Diego, to the satisfaction of the City Engineer. *Street* improvements shall include street trees, curbs, gutters, sidewalks, and half-width paving. *Alley* improvements shall consist of full-width paving.

§142.0640 Development Impact Fees for Public Facilities and Spaces

(a) Purpose

The purpose of this Section 142.0640 is to implement the City's General Plan, which contains policies related to the maintenance of an effective facilities financing infrastructure and public spaces program to ensure the impact of new *development* is mitigated through appropriate fees adopted by the City Council, which include Development Impact Fees. This Section applies to communities identified as Facilities Benefit Assessment communities and Development Impact Fee communities in the City's General Plan. Facilities Benefit Assessments (FBAs) and Development Impact Fees (DIFs) are collectively identified as DIFs. Nothing in this Section 142.0640 shall be construed to prohibit the City from imposing additional ~~DIFs~~ Development Impact Fees on a particular project.

(b) Payment of Fees

Development Impact Fees (as defined in California Government Code ~~Section~~ section 66000) for applicable *development* shall be paid prior to requesting a final inspection. A final inspection shall not occur until the applicable ~~DIFs~~ Development Impact Fees are paid in areas where ~~DIFs~~ Development Impact Fees have been established by City Council resolution or ordinance. ~~Notwithstanding the above~~ In addition to the Development Impact Fees payable prior to a final inspection, the City Manager may also require the payment of ~~DIFs~~ Development Impact Fees for *development* that would increase demand for public facilities or result

in the need for new public facilities. ~~DIFs~~ Development Impact Fees shall not be required for inclusionary *dwelling units* provided ~~pursuant to~~ under Chapter 14, Article 2, Division 13 if the *applicant* has satisfied all the requirements of Division 13 for inclusionary *dwelling units* on the same *premises* as the market-rate *dwelling units*. The ~~DIF~~ Development Impact Fee amount due shall be based upon the ~~DIF~~ Development Impact Fee schedule in effect when the *development* application was *deemed complete*, or the ~~DIF~~ Development Impact Fee schedule in effect when the fees are paid, whichever amount is lower, plus an automatic increase consistent with Section 142.0640(c), if applicable.

Exemptions:

- (1) *Accessory Dwelling Units less than 750 square feet in gross floor area, Junior Accessory Dwelling Units, movable tiny houses, and guest quarters* are exempt from ~~DIF~~, ~~except as follows~~

Development Impact Fees. The following are also exempt:

- (A) The first two *Accessory Dwelling Units* on a *premises* are shall be exempt from the requirement to pay ~~DIF~~ Development Impact Fees, regardless of the *gross floor area* of the *Accessory Dwelling Unit*, unless the *Accessory Dwelling Units* are constructed in accordance with Section 143.1305(c)(1), in which case payment of ~~DIF~~ Development Impact Fees will be required ~~in accordance with Section 142.0640(b)(1)(B)~~ if the *Accessory Dwelling*

Units area is greater than 750 square feet in gross floor area.

Where more than two Accessory Dwelling Units are

proposed, the exemption shall apply to the first two

Accessory Dwelling Units with the smallest gross floor area.

- (B) ~~Accessory Dwelling Units that are 750 or more square feet in gross floor area and are in excess of the first two Accessory Dwelling Units on a premises or are constructed in accordance with Section 143.1305(c)(1) shall be required to pay DIF at the multiple dwelling unit rate, which shall be scaled in accordance with Table 142-06A based upon the Accessory Dwelling Unit size, or shall be proportionate in relation to the square footage of the primary dwelling unit on the premises at the multiple dwelling unit rate, whichever results in the lower DIF. The DIF for the Accessory Dwelling Unit shall not exceed the DIF for the primary dwelling unit.~~

- ~~(C)(B)~~ Notwithstanding Sections 142.0640(b)(1)(A) and (B), Accessory Dwelling Units, regardless of gross floor area, on a premises in which the record owner agrees to reside in one of the dwelling units as their primary residence for a minimum of three years from the date of building permit Building Permit issuance for the Accessory Dwelling Unit are exempt from the requirement to pay DIFDevelopment

Impact Fees. Prior to the issuance of the ~~building permit~~
Building Permit, the *record owner* shall sign an affidavit
acknowledging the *record owner* intends to reside in one of
the *dwelling units* as their primary residence for a minimum
of three years from the date of issuance of the ~~building~~
~~permit~~ Building Permit for the *Accessory Dwelling Unit*.

The affidavit shall be in a form that is approved by the City
and recorded in the Office of the County Recorder. This
requirement shall not apply to a *record owner* that is a
community land trust, as defined in California Revenue and
Taxation Code ~~Section~~ section 402.1(a)(11)(C)(ii), or is a
qualified nonprofit corporation as described in California
Revenue and Taxation Code ~~Section~~ section 214.15.

- (2) *Permanent Supportive Housing*, low barrier navigation centers,
and transitional housing facilities are exempt from
~~DIFs~~ Development Impact Fees.
- (3) Inclusionary *dwelling units* provided pursuant to Chapter 14,
Article 2, Division 13 are exempt from ~~DIFs~~ Development Impact
Fees if the *applicant* has satisfied all the requirements of
Division 13 for inclusionary *dwelling units* on the same *premises*
as the market-rate *dwelling units*. When an *applicant* provides
more affordable *dwelling units* than required pursuant to ~~under~~

Chapter 14, Article 2, Division 13, the exemption is applied to the largest (in terms of square feet) applicable affordable *dwelling unit(s)*.

- (4) For *development* utilizing the Complete Communities: Housing Solutions Regulations in Chapter 14, Article 3, Division 10, all covenant-restricted affordable *dwelling units*, and all *dwelling units* that do not exceed 500 square feet or that contain at least three bedrooms, as specified in Section 143.1010(f), and up to 30 percent of the *dwelling units* that do not exceed 500 square feet as specified in Section 143.1010(f), are exempt from ~~DIFs~~Development Impact Fees.
- (5) For *development* of a streetary, in accordance with Section 141.0621, the ~~DIFs~~Development Impact Fees shall be assessed at a rate of 1/15th of the Development Impact Fees established by City Council resolution or ordinance, and shall be collected every two years with the issuance of the applicable ~~Public Right of Way~~ Right-of-Way Permit.
- (6) Active sidewalks developed in accordance with Section 141.0621 are exempt from ~~DIFs~~Development Impact Fees.
- (7) The first two *dwelling units* constructed in accordance with Chapter 14, Article 3, Division 13 shall be exempt from the requirement to pay ~~DIF~~Development Impact Fees. The third and fourth *dwelling units* constructed in accordance with Chapter 14,

Article 3, Division 13 shall be required to pay ~~DIF~~, which shall be scaled in accordance with ~~Table 142-06A~~, based upon the *dwelling unit-size* Development Impact Fees.

- (8) *Development* that designs and constructs an onsite park that satisfies the *development's* park standard identified in the Parks Master Plan, shall not be subject to the requirement to pay the Citywide Park ~~DIF~~ Development Impact Fees, where the requirements set forth in San Diego Resolution R-313688

(Aug. 13, 2021) (Resolution R-313688) have been satisfied.

Development that designs and constructs an ~~onsite~~ on-site park that satisfies a portion of the *development's* parks standards shall be subject to a proportionate share credit of the ~~DIF~~ Development Impact Fee for the Citywide Park ~~DIF~~ Development Impact Fee where the requirements set forth in Resolution R-313688 have been satisfied. To be eligible for any exemption under this subsection, the following additional requirements shall apply:

(A) through (D) [No change in text.]

(E) A performance bond and payment bond shall be provided for the design and construction of the park prior to the final inspection of the first *dwelling* ~~units~~ unit in the *development*, ~~and no~~ Prior to the performance bond and payment bond being accepted, a deposit account shall be established to the satisfaction of the City Manager, for the administration of the bonds. No final inspection shall occur for the remaining 50 percent of the total *dwelling units* in the *development* until the park has been constructed to the satisfaction of the Parks and Recreation Director, or their designee; and

(F) Prior to requesting final inspection of the first *dwelling unit* in the *development*, a fee in the amount of 10 percent of the total ~~DIF~~ Development Impact Fee related to parks that

would have otherwise been required shall be paid to fund park and recreation improvements in the City in accordance with Resolution R-313688.

- (9) Interim residential *development* that obtains a Building Permit in accordance with Section 141.0309 shall be required to pay one-third of the applicable residential ~~DIF~~Development Impact Fee. At the end of 10 years from issuance of the Neighborhood Use Permit, if the interim residential use and associated Neighborhood Use Permit is extended beyond the initial term, the remaining two-thirds of the applicable residential ~~DIF~~Development Impact Fee in effect at the time of the granting of the initial Building Permit shall be paid.

(c) Automatic Annual Increases

~~For communities identified as Development Impact Fee communities in the General Plan, unless otherwise specified in the applicable~~ For all Development Impact Fees adopted by City Council resolution(s) establishing the DIFs, the amount of the DIFs-Development Impact Fees shall be increased, starting on July 1, 2010, and on each July 1st thereafter, based on the one-year change (from March to March) in the Construction Cost Index (CCI) for Los Angeles as published monthly in the Engineering News-Record. The increases to ~~DIFs~~Development Impact Fees consistent with the Construction Cost Index in Los Angeles shall be automatic and shall not require further action of the City Council. If the

one-year change in the CCI for any given year is less than 0.2 percent, the City Manager or designee may elect to keep the ~~DIFs for Development Impact Fee communities~~ Development Impact Fees unchanged. ~~For communities identified as Facilities Benefit Assessment communities in the General Plan, the DIFs shall be the amount identified in the applicable fee schedule adopted by City Council resolution.~~

(d) Waiver or Reduction of Fees

Any party on whom ~~DIFs~~ Development Impact Fees are imposed may file an application for a waiver or reduction of the ~~DIFs~~ Development Impact Fees with the City Manager in accordance with this ~~Subsection~~ subsection. Nothing in this ~~Subsection~~ subsection shall affect the requirements set forth in Section 142.0640(b). The procedures provided in this ~~Subsection~~ subsection are additional to any other procedure authorized by law for protesting or challenging ~~DIFs~~ Development Impact Fees.

- (1) An application for a waiver or reduction of ~~DIFs~~ Development Impact Fees shall set forth the factual and legal basis to support the application for a waiver or reduction of ~~DIFs~~ Development Impact Fees.
- (2) An application for a waiver or reduction of ~~DIFs~~ Development Impact Fees shall only be processed after the applicable fee or amount of deposit, as adopted by City Council resolution, has been paid in full. If a deposit is required, and the deposit as adopted by City Council resolution is insufficient to cover the actual cost to

the City to process the application, an additional deposit, in an amount determined by the City Manager, shall be required. Any unused portion of a deposit shall be returned to the *applicant*. If the City Council grants the application for a waiver or reduction of the ~~DIFs~~Development Impact Fees, then the fee or the amount of the deposit expended shall be returned to the *applicant* in full, minus a ~~five-hundred-dollar~~ \$500 processing fee.

- (3) An application for a waiver or reduction of ~~DIFs~~Development Impact Fees shall be filed no later than 10 calendar days after the ~~DIFs~~Development Impact Fees are paid.
- (4) The decision on an application for a waiver or reduction of ~~DIFs~~Development Impact Fees shall be decided by the City Council within 60 calendar days of the date that the application is received by the City Manager, but failure of the City Council to hold a hearing within this time frame does not limit the authority of the City Council to consider the application. The *applicant* shall bear the burden of presenting evidence to support the application for a waiver or reduction of ~~DIFs~~Development Impact Fees.
- (5) Notice of the time and place of the City Council hearing, including a general explanation of the matter to be considered shall be mailed at least 14 calendar days prior to the hearing to the *applicant*, and any interested party who files a written request with the City Manager requesting mailed notice of all applications for a

~~DIFs~~ Development Impact Fees waiver or reduction. Written requests for this notice shall be valid for one year from the date on which it is filed unless a renewal request is filed prior to the end of the one-year term.

(6) An application for a waiver or reduction of ~~DIFs~~ Development Impact Fees may only be granted if the City Council makes the following *finding*: there is no reasonable relationship between the amount of the ~~DIFs~~ Development Impact Fees and the cost of the public facilities attributable to the *development* on which the ~~DIFs~~ Development Impact Fees are imposed.

(7) If an application for a waiver or reduction of ~~DIFs~~ Development Impact Fees is granted, any ~~DIFs~~ Development Impact Fees previously paid with respect to the application at issue shall be refunded in accordance with the resolution adopted by the City Council granting the application.

(e) Adjustments to ~~DIFs~~ Development Impact Fees for Residential Development
The City Manager or designee is authorized to adjust ~~DIFs~~ Development Impact Fees for residential *development* to reflect residential uses not identified in the fee schedule approved by the City Council.

(f) Developer Reimbursement Agreements (DRA)

For purposes of this Division, a DRA means an agreement to reimburse another entity for all or a portion of the cost of the entity's contracts with consultants and/or contractors for the design and construction of a public

works project. The City Manager may enter into a DRA for a public works project that contains supplemental size, capacity, number, or length, or will serve Citywide needs, the need for which is not directly attributable to the *development*, provided that the following minimum requirements are satisfied:

(1) The source of reimbursement shall be limited to ~~DIFs~~ Development Impact Fees (as defined in California Government Code section 66000) funds.

(2) through (4) [No change in text.]

(5) For DRAs executed prior to July 1, 2023, should the applicable Community specific ~~DIF~~ Development Impact Fee fund be exhausted, the City Manager may authorize a credit against any applicable Citywide ~~DIF~~ Development Impact Fee or reimbursement funds to developers in accordance with the ~~DRA's~~ DRAs executed prior to July 1, 2023.

§142.1304 Inclusionary Affordable Housing Requirements

From July 1, 2020 through June 30, 2024, the requirements of subsections (a) and (b) of this Section 142.1304 shall be implemented incrementally as set forth in the Inclusionary Affordable Housing Implementation and Monitoring Procedures Manual on file with the San Diego Housing Commission (Procedures Manual). Effective July 1, 2024, all residential *development* subject to this Division shall include inclusionary *dwelling units* as follows:

(a) through (h) [No change in text.]

(i) A *development* that is required to provide inclusionary *dwelling units* in accordance with this Division may reserve up to 10 percent of those affordable *dwelling units* for artists if all the requirements in Section 143.0749 are met.

§142.1305 Methods of Compliance

(a) The requirement to provide inclusionary *dwelling units* may be met in any of the following ways:

(1) through (2) [No change in text.]

- (3) On a different *premises* from the *development* that does not meet the locational criteria in Section 142.1305(a)(2) ~~but lies within the City of San Diego~~, if the receiver site is within a *Sustainable Development Area*, and in an area identified as a High or Highest Resource California Tax Credit Allocation Committee Opportunity Area according to the most recent California State Treasurer TCAC/HCD Opportunity Area Maps, ~~and less than five percent of the existing dwelling units in that community planning area are covenant-restricted to very low income, low income, or moderate income households.~~

(4) through (6) [No change in text.]

(b) through (c) [No change in text.]

§142.1315 Findings for Denial of Development that Provide Affordable Dwelling Units

Development that constructs affordable dwelling units or an emergency shelter may only be denied if the decision maker makes a written finding as to one of the following:

- (a) The City has met or exceeded its share of the regional housing need allocation for the planning period within the General Plan Housing Element under California Government Code section 65584 for the income category proposed for the residential development;
- (b) Construction of the affordable dwelling units or emergency shelter would have a specific, adverse impact upon public health and safety and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse

impact without rendering the *development* unaffordable to *low income* and *moderate income* households or rendering the *development* of the emergency shelter financially infeasible. A specific, adverse impact means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was *deemed complete* or the *applicant* submitted a preliminary application under California Government Code section 65941.1. The following shall not constitute a specific, adverse impact upon the public health or safety:

- (1) Inconsistency with a zoning ordinance or *land use plan* designation.
- (2) The eligibility to claim a welfare exemption under California Revenue and Taxation Code section 214(g).

- (c) Construction of the affordable *dwelling units* or emergency shelter would be contrary to local, state, or federal law including inconsistency with the resource protection standards of the *Local Coastal Program* or the *Environmentally Sensitive Lands Regulations* in Chapter 14, Article 3, Division 1 and there is no feasible method to satisfactorily mitigate the inconsistency without rendering the *development* unaffordable to *low income* and *moderate income* households or rendering the *development* of the emergency shelter financially infeasible.

- (d) Construction of the affordable *dwelling units* or emergency shelter is proposed on land within an OC, OR, OF, AG, or AR zone that is *abutting* at least two sides by land being used for agricultural or resource preservation purposes.
- (e) Construction of the affordable *dwelling units* or emergency shelter is inconsistent with both the zoning ordinance and *land use plan* designation on the date the application was *deemed complete* or the *applicant* submitted a preliminary application under California Government Code section 65941.1.

§143.0110 When Environmentally Sensitive Lands Regulations Apply

This Division applies to all proposed *development* on a *premises* where *environmentally sensitive lands* are present. Outside the Coastal Overlay Zone, *development* on a *premises* that does not contain *environmentally sensitive lands* but is located adjacent to a *premises* that contains *environmentally sensitive lands* is not subject to this Division, except that the *development* shall comply with Section 143.0110(d).

(a) through (b) [No change in text.]

(c) A Neighborhood Development Permit or Site Development Permit is not required for the following *development* activity:

- (1) *Development* on a *premises* containing *environmentally sensitive lands* that is limited to interior modifications or repairs, or any exterior repairs, alterations or maintenance that does not increase the footprint of an existing building or *accessory structure*, and

will not encroach into the *environmentally sensitive lands* during or after construction. For a premises containing a sensitive coastal bluff, any addition shall observe a minimum 40-foot setback from the coastal bluff edge.

- (2) Outside of the Coastal Overlay Zone, *development* on a *premises* containing *environmentally sensitive lands* where the *development*:

(A) through (B) [No change in text.]

(C) Would comply with the *MHPA* adjacency guidelines as applicable; and

~~(D)~~ ~~Would maintain 40-foot setback from the coastal bluff edge of a sensitive coastal bluff; and~~

~~(E)~~(D) Would either:

(i) through (ii) [No change in text.]

(3) through (10) [No change in text.]

(d) through (e) [No change in text.]

§143.0715 When Affordable Housing Density Bonus Regulations Apply

This Division applies to any *development* ~~where current zoning allows for~~ with five or more *dwelling units*, not including *density bonus units* *dwelling units*, in exchange for either of the following:

- (a) A portion of the total *dwelling units* in the *development* being reserved for *very low, low, or moderate income* or senior households; or for *lower income students*, transitional foster youth, disabled veterans, or homeless persons in accordance with this Division; ~~or~~

- (b) The donation of land, pursuant to the State Density Bonus Law; or
- (c) A portion of the total *shared housing units* in a *shared housing building* in accordance with Section 143.0755.

§143.0717 Required Replacement of Affordable Units

- (a) [No change in text.]
- (b) The number and type of required replacement *dwelling units* shall be determined as follows:
 - (1) For a *development* containing any occupied *dwelling units*, the *development* must contain at least the same number of replacement *dwelling units*, of equivalent size ~~and~~, with at least the same total number of bedrooms, and as the *dwelling units* being replaced. If the *development* contains any occupied affordable *dwelling units* on the application submittal date, each occupied replacement affordable *dwelling units* must provide the same bedroom mix as the occupied affordable *dwelling units*. The replacement affordable *dwelling units* must be made affordable to and occupied by persons and families in the same or a lower income category as the occupied *dwelling units*. For unoccupied *dwelling units* in the *development*, the replacement *dwelling units* shall be made affordable to and occupied by persons and families in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the *dwelling units* were occupied by lower income

renter households in the same proportion of lower income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage. A development consisting of one single dwelling unit on a site with a single affordable dwelling unit may replace the affordable dwelling unit with a dwelling unit of any size at any income level.

- (2) If all of the *dwelling units* are vacant or have been demolished within the five years preceding the application submittal date, the *development* must contain at least the same number of replacement *dwelling units*, of equivalent size ~~and~~, with at least the same total number of bedrooms, as existed at the highpoint of those units dwelling units in the ~~five-year~~ five-year period preceding the application, ~~and~~ submittal date. The replacement protected dwelling units must be made affordable to and occupied by persons and families in the same or a lower income category as those in occupancy at that same time. If the income categories are unknown for the highpoint, it is rebuttably presumed that the affordable dwelling units were occupied by *very low income*, *low income*, or *moderate income* renter households in the same proportion of very

low income, low income, or moderate income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage. A development consisting of one single dwelling unit on a site with a single affordable dwelling unit may replace the affordable dwelling unit with a dwelling unit of any size at any income level.

§143.0720 Density Bonus in Exchange for Affordable Housing Units

(a) through (c) [No change in text.]

(d) A for-sale affordable housing *density* bonus agreement shall utilize the following qualifying criteria:

(1) through (8) [No change in text.]

(9) If a for-sale affordable dwelling unit has not been purchased by a qualifying very low, low, or moderate income household within 180 days of the issuance of a Certificate of Occupancy, the for-sale affordable dwelling unit may be sold to a qualified nonprofit housing corporation in accordance with California Government Code Section 65915(c)(2). The qualified nonprofit corporation shall ensure owner-occupancy pursuant to the income limitation recorded in the density bonus agreement.

(e) A *density* bonus agreement for housing for senior citizens shall utilize the following qualifying criteria:

(1) The *development* consists of housing for senior citizens or qualifying residents as defined under California Civil Code ~~Section~~ sections 51.3 and 51.12, where at least 35 *dwelling units* are provided; or a *mobilehome* park that limits residency based on age requirements for housing for older persons ~~pursuant to under~~ California Civil Code Section-section 798.76 or 799.5. For purposes of Section 143.0720, development includes a Continuing Care Retirement Community in accordance with Sections 141.0303 and 143.0755.

(2) [No change in text.]

(f) [No change in text.]

(g) A *density* bonus for *lower income student's* housing ~~density bonus agreement-development~~ shall utilize the following qualifying criteria:

(1) Student housing developments shall provide bedrooms with two or more rental beds that include either shared or private bathrooms, and shall offer access to shared or private living rooms, kitchens and laundry facilities.

(2) Developments receiving a density bonus of greater than 35 percent shall not be located on sites that require replacement dwelling units pursuant to Section 143.0717.

(3) No off-street parking spaces are required for developments in which at least 20 percent of the pre-density bonus units are affordable to lower income students.

(4) A lower income student's density bonus agreement shall utilize the following qualifying criteria:

~~(1)~~(A) At least 10 percent of the pre-density bonus units in the development shall be affordable to lower income students at a rent that does not exceed 30 percent of 65 percent of the area median income for a single-room occupancy unit type.

~~(A)~~(i) The eligibility of a student shall be verified by an affidavit, award letter, or letter of eligibility provided by the institution of higher education that the student is enrolled in, or by the California Student Aid Commission, stating that the student receives or is eligible for financial aid, including an institutional grant or fee waiver, from the college or university, the California Student Aid Commission, or the federal government.

~~(B)~~(ii) For the purposes of calculating a density bonus granted pursuant to Section 143.0720(g), the term "unit" means one rental bed and its pro rata share of associated common area facilities.

- (2)(B) All units in the student housing *development* shall be used exclusively for undergraduate, graduate, or professional students enrolled ~~full-time~~ currently or in the past six months in at least six academic units at an institution of higher education accredited by the Western Association of Schools and Colleges: Senior College and University Commission or the Accrediting Commission for Community and Junior Colleges.
- (3)(C) The *development* will provide *lower income students* experiencing homelessness priority for the applicable affordable units. A homeless service provider, as defined in ~~Section~~ section 103577(e)(3) of the California Health and Safety Code, or institution of higher education that has knowledge of a *lower income student's* homeless status may verify a *lower income student's* status as homeless.
- (4)(D) The Rental beds reserved for *lower income student* units shall be comparable in mix and amenities to the market-rate student units in the *development* and be dispersed throughout *students* cannot be limited to specific bedrooms in the *development*.
- (5)(E) Rental units shall remain available as affordable units for a period of 55 years or longer, as may be required by other laws or covenants.

(F) The lower income student units shall be comparable in mix and amenities to the market-rate student units in the development and be dispersed throughout the development.

(G) Lower income students must be allowed to share a unit with students of any income level.

(h) through (n) [No change in text.]

(o) A residential or mixed-use *development* ~~consistent with all base zone requirements~~ may receive a 0.5 *floor area ratio* bonus that may be combined with any other bonuses and incentives found within this Division and within Chapter 14, Article 3, Division 10 if any portion of the *development* is located on a *premises* that meets all of the following:

(1) through (3) [No change in text.]

(p) through (q) [No change in text.]

§143.0740 Incentives in Exchange for Affordable Housing Dwelling Units

An *applicant* proposing a *density* bonus shall be entitled to incentives as described in this Division for any *development* for which a written agreement and a deed of trust securing the agreement is entered into by the *applicant* and the President and Chief Executive Officer of the San Diego Housing Commission. The City shall process an incentive requested by an *applicant* as set forth in ~~this section~~ Section 143.0740.

(a) through (d) [No change in text.]

(e) For a *development* providing 100 percent of the pre-*density* bonus *dwelling units* as affordable to *very low income, low income, and moderate*

income households in accordance with Section 143.0720(h); or *development* within a *Sustainable Development Area, transit priority area*, or Mobility Zone 3 as defined in Section 143.1103(a)(3), providing 100 percent of the total pre-*density* and post-*density* bonus *dwelling units* as affordable to *very low income, low income, and moderate income* households in accordance with Section 143.0720(i), five incentives shall be available. If the *development* is located within a *Sustainable Development Area, transit priority area*, or Mobility Zone 3 as defined in Section 143.1103(a)(3), the *applicant* shall also receive a *structure height* increase of up to 3-three additional *stories* or 33 feet.

§143.0749 Affordable Housing for Artists In or Near Cultural Districts

The purpose of these regulations is to provide additional options for creating affordable housing for artists, in a manner consistent with the Local Tenant Preferences to Prevent Displacement Act (California Government Code section 7061). These regulations support access to *dwelling units* affordable to *very low income, low income, or moderate-income* artists at risk of displacement and further the City's cultural preservation and anti-displacement goals without violating the California Fair Employment and Housing Act or the Federal Fair Housing Act.

(a) A *development* that provides housing for *very low income, low income, or moderate income* households may reserve up to 10 percent of the affordable *dwelling units* for artists if all the following requirements are met:

(1) The *development* shall be located in or within one-half mile of:

(A) A state designated cultural district under California Government Code section 8758; or

(B) A designated cultural district with defined boundaries adopted by the City Council.

(2) A household shall meet the affordability standards and occupant qualifications for *very low income, low income, or moderate income*, as determined by the San Diego Housing Commission.

(3) A household must hold a valid and current business license from the State of California or show other proof of employment in

visual, graphic, or performing art of any media, including painting, print, drawing, sculpture, craft, photograph, film, or performance as defined by California Government Code section 65914.8, and as otherwise determined by the City Manager;

(4) A very low income, low income, or moderate income household shall not be displaced from an existing affordable dwelling unit to allow occupancy for an artist; and

(5) Any affordable dwelling unit reserved for an artist in a development that remains unoccupied for more than six months shall instead be made available to any very low income, low income, or moderate income household.

§143.0750 Affordable Housing Incentives and Waivers Report

An applicant requesting a density bonus, incentive(s), waiver(s), or parking reduction(s) provided under this Division shall ~~submit~~identify, at the time of application, an ~~Affordable Housing Incentives and Waivers Report~~ any requested incentive(s), waiver(s), or parking reductions to the satisfaction of the City Manager. ~~The report shall document the basis for the requested incentive(s), waiver(s), or parking reductions.~~

§143.0755 Shared Housing Development

A development containing shared housing buildings or shared housing units requesting an affordable housing density bonus is subject to the following:

(a) A shared housing building may be permitted in base zones that permit an affordable housing density bonus.

- (b) Shall meet one of the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(1), 143.0720(d)(2), 143.0720(e), 143.0720(h), or 143.0720(i); and
- (c) For purposes of calculating base *density* and *density* bonus granted under Section 143.0720, the term “unit” means one *shared housing unit* and its pro rata share of associated common area facilities.

§143.0760 Additional Density Bonus allowed by the State

An applicant proposing a *density* bonus as set forth in Tables 143-07A, 143-07B, or 143-07C shall be eligible for an additional *density* bonus allowed by the state under California Government Code section 65915(v) and in accordance with Section 143.0760.

- (a) Additional state *density* bonus. An eligible *development* may receive an additional *density* bonus subject to all the following:
- (1) The *development* shall meet the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(1), 143.0720(d)(2), and 143.0720(d)(3).
- (2) The *development* shall provide sufficient pre-*density* bonus dwelling units as affordable to very low income, low income, and moderate income households to achieve a 50 percent *density* bonus as set forth in Tables 143-07A, 143-07B, or 143-07C.
- (3) After achieving 50 percent *density* bonus, the applicant shall include additional pre-*density* bonus dwelling units as affordable to very low income or moderate income households as part of the

development and receive an additional density bonus as specified in Tables 143-07F and 143-07G. These additional pre-density bonus dwelling units restricted as affordable to very low income or moderate income households may be offered as for-sale or rental units.

- (4) The maximum number of *dwelling units* restricted as affordable to *very low income*, *low income*, and *moderate income* households shall not exceed 50 percent of the total *dwelling units* in the *development*.
- (5) The maximum total *density* bonus for the *development* shall not exceed 100 percent of the *pre-density* bonus *dwelling units*.

§143.0765 Utilizing the Provisions of this Division

An application to utilize the provisions of this Division may be denied if the City makes a written *finding* based upon a preponderance of the evidence that the *development* would have a specific, adverse impact upon public health or safety and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact. A specific, adverse impact means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was *deemed complete*. The following shall not constitute a specific, adverse impact upon the public health or safety:

- (a) Inconsistency with the use, *development* standards, or *density* of a zoning ordinance or *land use plan* designation; or
- (b) The eligibility to claim a welfare exemption under California Revenue and Taxation Code section 214(g).

§143.0860 Standards-Regulations for Coastal Overlay Zone Affordable Housing Replacement Dwelling Units

- (a) Replacement *dwelling units* shall comply with all the following:
 - (1) Replacement *dwelling units* shall provide housing opportunities similar to those provided by the *dwelling units* converted or demolished.

(3) The replacement *dwelling units* ~~need not be identical to those converted or demolished, but should be provided in the same~~ bedroom-ratios shall contain at least the same total number of bedrooms and provide at least the same bedroom mix as those converted or demolished.

(b) through (e) [No change in text.]

§143.1002 Application of Complete Communities Housing Solutions Regulations

(a) At the request of the *applicant*, except as otherwise provided in Section 43.1030, the regulations in this Division shall apply to any *development* within a *Sustainable Development Area* where any portion of the *premises* contains zoning that is commercial, residential, or mixed-use and the *premises* is zoned to allow 20 *dwelling units* per acre₂ or greater or has a *land use plan* designation that allows for 20 *dwelling units* per acre₂ or greater and is within ~~one~~one-quarter mile of a rail station, not including additional *dwelling units* permitted under this Division, if all of the following requirements are met:

(1) The *development* includes *dwelling units* affordable to *very low income, low income, or moderate income* households, in accordance with Section 143.1015(a)(1)-(3)₂ ~~or~~ 143.1015(a)(4)₂ 143.1016(a)(1)-(3), or 143.1016(a)(4) and the following criteria.

(A) through (B) [No change in text.]

(C) ~~A portion of the total *dwelling units* in the *development* shall be reserved for *very low income*, *low income*, or *moderate income* households, in accordance with Section 143.1015(a)(1)-(3) or 143.1015(a)(4).~~

(2) [No change in text.]

(3) The rental *dwelling units* within the *development* shall not be used for a rental term of less than 30 consecutive days.

(b) through (f) [No change in text.]

§143.1005 Required Replacement of Existing Affordable Units

(a) [No change in text.]

(b) The number and type of required replacement affordable *dwelling units* shall be determined as follows:

(1) For ~~*development*~~ developments containing any ~~occupied~~ affordable *dwelling units*, the *development* must contain at least the same number of replacement affordable *dwelling units*, of equivalent size and, and must with at least the same total number of *bedrooms* as the *dwelling units* being replaced. If the *development* contains any occupied affordable *dwelling units* on the application submittal date, each replacement affordable *dwelling unit* for the occupied affordable *dwelling units* shall provide the same *bedroom* mix as the occupied affordable *dwelling units*. The replacement affordable *dwelling units* shall be made affordable to and occupied by persons and *families* in the same or a lower income category as the

occupied affordable *dwelling units*. For unoccupied affordable *dwelling units* in the *development*, the replacement affordable *dwelling units* shall be made affordable to and occupied by persons and *families* in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the affordable *dwelling units* were occupied by lower income renter households in the same proportion of lower income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement affordable *dwelling units* shall be provided in that same percentage. A *development* consisting of one *single dwelling unit* on a site with a single affordable *dwelling unit* may replace the affordable *dwelling unit* with a *dwelling unit* of any size at any income level.

- (2) If all of the affordable *dwelling units* are vacant or have been demolished within the seven years preceding the application submittal date, the *development* must contain at least the same number of replacement affordable *dwelling units*, ~~of equivalent size and~~ with at least the same total number of bedrooms, as existed at the highpoint of those units in the seven-year period preceding the application submittal date, and must be made

affordable to and occupied by persons and *families* in the same or a lower income category as those in occupancy at that same time. If the income categories are unknown for the highpoint, it is rebuttably presumed that the affordable dwelling units were occupied by *very low income* and *low income* renter households in the same proportion of *very low income* and *low income* renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage. A development consisting of one single dwelling unit on a site with a single affordable dwelling unit may replace the affordable dwelling unit with a dwelling unit of any size at any income level.

- (3) [No change in text.]
- (4) All rental-replacement affordable *dwelling units* shall be affordable for at least 55 years unless the dwelling units are provided in accordance with Section 143.1015(a)(6)(B). *Very low income, low income, and moderate income* households located within an area identified as a Low Resource or High Segregation and Poverty Opportunity Area by the California Tax Credit Allocation Committee when the *development* application is *deemed complete*,

(a) The regulations in this Division apply to *lots* that meet the following criteria, except as prohibited in Section 143.1505(b). The regulations in this Division that apply to the proposed *subdivision* and *development* shall exclude any portion of the original *lot* that is placed in a future remainder *lot*, including *lot* size, *density*, or maximum number of *lots*.

(1) Permitted use and *lot* size requirements.

(A) For *multiple dwelling unit development*, the *lot* shall meet the following:

(i) Does not exceed 5 acres in *lot* size; and

(ii) Within a base zone that permits *multiple dwelling unit development*.

(B) For *single dwelling unit development*, the *lot* shall meet the following:

(i) Does not exceed 1.5 acres in *lot* size;

(ii) Within a base zone that permits *single dwelling unit development*;

(iii) Contains no permanent *structures* unless such *structures* are abandoned and uninhabitable or the *structures* will be contained on a future *remainder parcel* in accordance with Section 143.1515(j); and

(iv) Does not contain *dwelling units* that are subject to a deed restriction or an affordability covenant, or any

dwelling units that have been demolished or
occupied by a tenant within the five years preceding
the development application submittal date.

(2) Lot adjacency requirements.

(A) At least 75 percent of the lot shall be abutting, or separated
by an improved public right-of-way from land developed
exclusively with one or more of the following uses or use
categories, including their corresponding separately
regulated uses:

(i) Residential;

(ii) Retail Sales;

(iii) Commercial Services;

(iv) Offices;

(v) Educational Facilities; or

(vi) Transit Passenger Facility. Transit Passenger

Facility means a bus or rail transit center or station

that is served by one or more transit services and

may include passenger benches or shelters.

(B) The remaining portion of the lot perimeter may be abutting
or separated by an improved public right-of-way from land
that is vacant and within a base zone that allows for the
uses in Section 143.1505(a)(2)(A).

(b) This Division is not applicable in the following circumstances:

- (1) When a *lot* is located within or contains any of the following:
- (A) Prime farmland or farmland of statewide importance, as defined in United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated in a *land use plan* for agricultural protection or preservation by a local ballot measure that was approved by the voters of the City of San Diego;
- (B) *Wetlands*;
- (C) Very High Fire Hazard Severity Zones as determined by the California Department of Forestry and Fire Protection pursuant to California Government Code section 51178;
- (D) A hazardous waste site that is listed under California Government Code section 65962.5 or a hazardous waste site designated by the Department of Toxic Substances Control under California Health and Safety Code section 25356, unless the State Department of Public Health, State Water Resources Control Board, or Department of Toxic Substances Control has cleared the site for residential use or residential mixed uses;

(E) A delineated earthquake fault zone as determined by the State Geologist in any official maps published by the California State Geologist, unless the *development* complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law (Part 2.5 (commencing with section 18901) of Division 13 of the Health and Safety Code), and by the Development Services Department;

(F) *Special Flood Hazard Areas*, unless:

- (i) The *lot* is subject to a Letter of Map Revision prepared by the Federal Emergency Management Agency and issued to the City of San Diego; or
- (ii) The *lot* meets Federal Emergency Management Agency requirements necessary to meet minimum flood plain management criteria of the National Flood Insurance Program under Part 59 (commencing with section 59.1) and Part 60 (commencing with section 60.1) of Subchapter B of Chapter I of Title 44 of the Code of Federal Regulations.

(G) A regulatory *floodway* as determined by the Federal Emergency Management Agency in any official maps

published by the Federal Emergency Management Agency, unless the *development* has received a no-rise certification in accordance with section 60.3(d)(3) of Title 44 of the Code of Federal Regulations. If an *applicant* is able to satisfy all applicable federal qualifying criteria in order to provide that the *lot* satisfies Section 143.1505(b)(1)(G) and is otherwise eligible for streamlined approval under Section 143.1505, an application shall not be denied on the basis that the *applicant* did not comply with any additional City permit requirement, standard, or action that is applicable to that *lot*;

(H) The *MHPA* of the *MSCP Subarea Plan*; or

(I) *Environmentally Sensitive Lands*.

(2) If the *development* requires the demolition or alteration of any of the following:

(A) A *dwelling unit* that is subject to a deed restriction or affordability covenant; or

(B) A *dwelling unit* that was occupied by a tenant within the five years preceding the date the application is submitted, including any *dwelling unit* that has been demolished or vacated by tenants prior to the submission of an application for *development*.

- (3) If a lot contains SRO hotel rooms or other dwelling units that were withdrawn from rent or lease in accordance with the Ellis Act, California Government Code sections 7060 through 7060.7, within the 15-year period preceding the development application submittal date.

§143.1510 Utilizing the Provisions of Streamlined Small Lot Subdivision Regulations

(a) Streamlined Small Lot Subdivision Mapping.

- (1) An application for a parcel map or a Process One tentative map for a streamlined residential subdivision on a qualifying lot shall be approved by the City Engineer if all criteria in this Division are satisfied.
- (2) All applications for subdivision mapping under this Division shall comply with the subdivision requirements of Section 143.1515.

(b) Residential Development on Subdivided Lots.

- (1) An application for a residential development on a lot that is subdivided under Section 143.1515 shall be permitted in accordance with Process One Construction Permit.
- (2) All applications for residential development under this Division shall comply with the development requirements of Section 143.1520.

- (c) An application utilizing the provisions of this Division may be denied if the City makes a written finding based upon a preponderance of the evidence that the development would have a specific, adverse impact upon

public health and safety and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact. A specific, adverse impact means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete. The following shall not constitute a specific, adverse impact upon the public health or safety:

- (1) Inconsistency with a zoning ordinance or land use plan designation.
- (2) The eligibility to claim a welfare exemption under California Revenue and Taxation Code section 214(g).

(d) In accordance with California Government Code section 66499.41, this Division shall not be utilized in conjunction with the following:

- (1) An Accessory Dwelling Unit or Junior Accessory Dwelling Unit shall not be permitted on a lot created through this Division; and
- (2) A lot created under this Division shall not be further subdivided under an urban lot split in accordance with Section 143.1315.

(e) The development regulations of the base zone in which the lot is located, and the provisions of Chapters 12, Article 5 (Subdivision Procedures) and Chapter 14, Article 4 (Subdivision Regulations), shall apply except as specified in this Division.

(f) No other discretionary action pursuant to the Land Development Code shall be required for an application that complies with this Division.

except when a Coastal Development Permit is required by
Section 126.0702.

§143.1515 **Requirements for a Streamlined Small Lot Subdivision**

A Streamlined Small Lot Subdivision may be permitted in accordance with
Section 143.1510(a) for the subdivision of a lot that meets all the following
requirements:

- (a) The subdivision results in ten or fewer lots and the residential development
on the lot to be subdivided contains no more than ten dwelling units;
- (b) The lot proposed to be subdivided was not previously established under
this Division or an urban lot split under Section 143.1315.
- (c) The minimum lot size for the subdivision shall comply with either of the
following:
 - (1) At least 600 square feet in lot area in base zones that permit multiple
dwelling unit development, or
 - (2) At least 1,200 square feet in lot area in base zones that permit
single dwelling unit development.
- (d) The subdivision type and resulting development shall be one of the
following:
 - (1) Constructed on fee simple ownership lots;
 - (2) Part of a common interest development as defined in California
Civil Code section 4100;
 - (3) Part of a housing cooperative as defined in California Civil Code
section 817;

- (4) Owned by a community land trust as defined in California Government Code section 66499.41; or
 - (5) Part of a tenancy in common as defined in California Civil Code section 685.
- (e) If the *parcel* proposed to be subdivided is identified within the Adequate Sites Inventory in the most recently adopted General Plan Housing Element, the proposed *development* shall meet the following:
 - (1) The *development* shall provide at least as many *dwelling units* as the Adequate Sites Inventory identified for the *parcel* proposed to be subdivided.
 - (2) If the Adequate Sites Inventory identified the *parcel* proposed to be subdivided with the ability to have *dwelling units* affordable to *very low income* or *low income* households, the *development* shall provide at least as many *very low income* and *low income dwelling units* as identified in the Adequate Sites Inventory. Prior to the issuance of the first Building Permit for the *development*, the *applicant* shall record a deed restriction requiring that the *very low income* and *low income dwelling units* remain available and affordable for a period of at least 45 years.
- (f) If the *parcel* proposed to be subdivided is not identified within the Adequate Sites Inventory in the most recently adopted General Plan Housing Element, the *development* shall have a minimum density equal to

66 percent of the maximum allowable *density* of the zone for the *parcel* proposed to be subdivided or 20 *dwelling units* per acre, whichever is greater.

(g) The *lots* created under this Division shall be served by a public water and sewer system.

(h) The *subdivision* shall not subdivide any *dwelling unit* that exists on the original *lot* as of the *development* application submittal date, unless a *remainder lot* is created in accordance with Section 143.1510(j).

(i) The *subdivision* may include a designated *remainder parcel* that is not counted toward the maximum of ten *lots* and ten *dwelling units*, provided that the *remainder parcel* retains existing uses or *structures*, does not contain any new *dwelling units*, and is not an *accessory use* or building to the *primary development*.

(j) Prior to the recordation of the *subdivision* map, the *applicant* shall record a covenant with the City ensuring that no *lot* resulting from a *subdivision* pursuant to this Division shall be sold, leased, or financed separately from any other such *lots* unless each parcel that is sold, leased, or financed meets one of the following criteria:

(1) The *lot* contains a residential *structure* completed in compliance with all applicable provisions in the California Building Standards Code that includes at least one *dwelling unit*;

(2) The *lot* already contains an existing legally permitted residential *structure*;

- (3) The lot is reserved for internal circulation, open space, or common area; or
- (4) The lot is the only remaining parcel within the subdivision that is not developed with a residential structure in compliance with all applicable provisions of the California Building Standards Code.
- (k) Information about a homeowners' association shall not be required by this Division, except as required by the Davis-Stirling Common Interest Development Act found in California Civil Code section 4000, et seq.

§143.1520 Development Regulations for Streamlined Small Lot Subdivisions

Dwelling units developed within a Streamlined Small Lot Subdivision shall be subject to the following development regulations:

- (a) Minimum Setback Regulations.

 - (1) No interior setback is required between dwelling units within the proposed subdivision, except as required by the California Building Code (Title 24 of the California Code of Regulations).
 - (2) Side yard and rear yard setbacks from the pre-subdivided perimeter lot line shall be four feet or must comply with the base zone, whichever is less.
 - (3) Dwelling units must comply with the front yard and street side yard setbacks of the base zone.
 - (4) Notwithstanding Section 143.1520(a)(1)-(3), no setback is required for an existing structure. In addition, a structure that is constructed in the same location and within the same building envelope as an

existing structure may continue to observe the same setbacks as the structure it replaced.

(5) For all structures, the Fire Code Official may require a defensible space buffer that is greater than the setback required by the base zone to ensure compliance with safety regulations including the California Building Standards Code, Title 24 of the California Code of Regulations.

(b) Average gross floor area. The proposed dwelling units for the development shall not exceed an average of 1,750 square feet. For the purpose of this Division, habitable area means the finished and heated floor area fully enclosed by the inside surface of walls, windows, doors, and partitions, and having a headroom of at least 6.5 feet, including working, living, eating, cooking, sleeping, stair, hall, service, and storage areas, but excluding garages, carports, parking spaces, cellars, half-stories, and unfinished attics and basements.

(c) Parking Regulations.

(1) Within a transit priority area, no parking spaces are required for the development.

(2) Outside of a transit priority area, one parking space per dwelling unit shall be provided.

(A) If the applicant can demonstrate to the satisfaction of the City Manager that there is access to a car share or other

shared vehicle within 500 feet of the premises, no parking spaces are required for the development.

(B) Off-street parking spaces are not required to be in a garage, covered or enclosed by a structure.

(d) Floor Area Ratio Regulations.

(1) For a development consisting of 3 to 7 dwelling units, inclusive, the maximum floor area ratio shall be 1.0, or the floor area ratio of the underlying base zone, whichever is greater.

(2) For a development consisting of 8 to 10 dwelling units, inclusive, the maximum floor area ratio shall be 1.25 or the floor area ratio of the underlying base zone, whichever is greater.

§144.0211 Lot Design Requirements for Tentative Maps

The proposed *subdivision* lots shall be designed as follows:

(a) [No change in text.]

(b) All *lots* shall meet the area, frontage, width, and depth requirements of the applicable zone or shall comply with the standards as specified in a Planned Development Permit approved with the *tentative map*, except as required for development in accordance with Chapter 14, Article 3, Division 15;

(c) through (d) [No change in text.]

§144.0507 Development Regulations for Condominium Conversions

Prior to ~~final map~~ final map approval, to the satisfaction of the City Engineer, the following improvements shall be completed:

(a) through (f) [No change in text.]

(g) Street and Alley Improvements – Street and Alley improvements shall be constructed in accordance with Section 142.0625.
