Participants may register for one session at a time. Enrollment in multiple sessions will result in removal from all but the first registered class. Once a session is completed, participants become eligible to register for another. Please consult pool staff for class availability and registration dates.

This class focuses on foundational water safety and swimming skills. Goggles are not permitted at this level.

Participants will work toward mastering the Water Competency Sequence

1. Jump into deep water (overhead depth), surface, and recover.
2. Float on the back or tread water for 1 minute.
3. Rotate 360° and orient toward the designated exit.
4. Swim 25 yards using front crawl with rhythmic breathing or elementary backstroke. Exit the pool without using a ladder, gutter, or assistance.

Participants who demonstrate the ability to pass the full Water Competency Sequence during the first class will be withdrawn and directed to register for a more appropriate level. Please note that space in advanced-level classes is not guaranteed, so it is important to register for the correct level class. If you are unsure of your placement, we recommend scheduling a skills assessment with pool staff before registering.
