ENTITY CONSIDERING PROJECT APPROVAL: City of San Diego Planning Commission

ENVIRONMENTAL DETERMINATION: Categorically exempt from CEQA pursuant to CEQA State Guidelines, Section 15301, Existing Facilities.

ENTITY MAKING ENVIRONMENTAL DETERMINATION: City of San Diego

STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION: The City of San Diego determined that the project would qualify to be categorically exempt from CEQA pursuant to 15301, Existing Facilities. Section 15301 allows for the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing facilities (public or private), involving negligible or no expansion of use beyond that existing at the time of the determination. Since the project is

renewing an existing permit to continue the operation of an existing WCF located on an existing rooftop, this exemption was deemed appropriate to use. No environmental impacts would occur. The exceptions listed in CEQA Section 15300.2 would not apply in that no cumulative impacts were identified; no significant effect on the environment was identified; the project is not adjacent to a scenic highway; lastly, the project was not identified on a list of hazardous waste sites pursuant to Section 65962.5 of the Government Code.
