FY21 Capital Improvement Project
Martin Luther King Jr. Recreation Center Moisture Intrusion Project Improvements

About the Project:
The project included rehabilitating roof drains, installing curb outlets, regrading courtyard areas, and replacing storm drain piping to improve drainage and prevent water damage. Structural repairs and mold treatment restored the racquetball courts' safety and usability. ADA-compliant paths, signage, and facility updates were also implemented to improve accessibility and inclusivity.

Funded in part by the City of San Diego's CDBG Program

6401 Skyline Drive, San Diego, CA 92114
District 4

FY21 Capital Improvement Project
Howard Avenue Improvements

About the project:
The project installed approximately 340 linear feet of new curb, gutter, and sidewalk on the east side of Howard Avenue between Village Pine Drive and Iris Avenue. Six curb ramps, two driveways, and traffic striping were also installed.

Funded in part by the City of San Diego's CDBG Program

Howard Ave., San Diego, CA 92114
District 3

SD Transportation

FY23 Capital Improvement Project
Eggers/South Bay Community Park ADA Improvements

About the project:

The project included the construction of improvements to two existing children's play areas and associated paths of travel to provide ADA-compliant and accessible facilities. Improvements included upgraded playground equipment and surfacing, accessible routes and amenities, basketball court improvements, parking lot improvements, and accessibility upgrades to park and restroom facilities.

Funded in part by the City of San Diego's CDBG Program
