SDPD Hosts Family Movie Night to Support Youth Programs

SAN DIEGO - The San Diego Police Department's Community and Youth Services (CYS) Division will host its first-ever Movie Night at the Legacy International Pavilion Theater located at 875 Hotel Circle South on Saturday, October 17. The family-friendly event will be an evening of Halloween fun, featuring activities and a screening of Ghostbusters: Afterlife.

The proceeds from Movie Night will support the division's Youth S.H.I.E.L.D and Gang Intervention Units. Youth S.H.I.E.L.D is the Department's unified youth leadership pathway that is designed to grow confident, service-minded student leaders through a structured progression of responsibility and mentorship, from elementary school to young adulthood. Youth S.H.I.E.L.D includes the School Safety Patrol, Junior Cadet and Cadet programs.

The Gang Intervention Unit works with young adults who are currently involved in gang activity. Its long-term goal is to reduce juvenile gang initiation, participation and associated violent crime while positively impacting youth and adults.

CYS Movie Night is a cashless event, hosted by Legacy International and the San Diego Police Foundation. Concessions, merchandise, and other purchases can be made electronically during the event.
