Understanding Your Dental Benefits Plan

With the MetLife Preferred Dentist Program™ you can visit the dentist of your choice — an “in-network” dentist (a participating MetLife dentist) or an “out-of-network” dentist.

¹ Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for covered services, subject to any co-payments, deductibles, cost sharing and benefits maximums. Negotiated fees are subject to change. Negotiated fees do not apply to non-covered services in states that prohibit limitations for services not covered under a plan. Participating providers in these states may charge their non-negotiated fees for non-covered services.

- Plan benefits for in-network services are based on the percentage of the Negotiated fee —the fee that in-network dentists have agreed to accept as payment in full for covered services, subject to any co-payments, deductibles, cost sharing and benefit maximums. Negotiated fees are subject to change.
- Plan benefits for out-of-network services are based on a percentage of the Reasonable and Customary (R&C) charge. If you choose a dentist who does not participate in the network, your out-of-pocket expenses may be higher, since you will be responsible for paying any difference between the dentist's fee and your plan's payment for the approved service. Please refer to the Selected Covered Services and Frequency Limitations page of this document for details regarding how R&C charges are defined under this plan.

² R&C fee refers to the Reasonable and Customary (R&C) charge,

which is based on the lowest of 1) the dentist's actual charge, 2) the dentist's usual charge for the same or similar services or 3) the usual charge of most dentists in the same geographic area for the same or similar services as determined by MetLife.

Certain plan benefits are based on a percentage of the negotiated fee. This is the amount that participating dentists have agreed to accept as payment in full. If your plan benefits are based on a percentage of the Reasonable and Customary (R&C) charges, your out-of-pocket expenses may be more, since you will be responsible for paying any difference between the dentist's fee and your plan's payment for the approved service.

* If you are enrolled for dependent coverage, a maximum family deductible may apply.

Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of services rendered.

The service categories and plan limitations shown in this document represent an overview of your plan benefits, but are not a complete description of the plan. Before making any purchase or enrollment decision you should review the certificate of insurance which is available through MetLife or your employer. In the event of a conflict between this overview and your certificate of insurance, your certificate of insurance governs.

Like most group benefits programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, waiting periods, reductions, limitations and terms for keeping them in force. You may be financially responsible for copayments, deductibles, or any other amounts in excess of those MetLife is required to pay for covered services as described in your dental certificate and/or policy. Ask your MetLife representative for costs and complete details.

***Alternate Benefits:** Where two or more professionally acceptable dental treatments for a dental condition exist, reimbursement is based on the least costly treatment alternative. If you and your dentist have agreed on a treatment that is more costly than the treatment upon which the plan benefit is based, you will be responsible for any additional payment responsibility. To avoid any misunderstandings, we suggest you discuss treatment options with your dentist before services are rendered and obtain a pretreatment estimate of benefits prior to receiving certain high cost services such as crowns, bridges or dentures. You and your dentist will each receive an Explanation of Benefits (EOB) outlining the services provided, your plan's reimbursement for those

services, and your out-of-pocket expense. Actual payments may vary from the pretreatment estimate depending upon annual maximums, plan frequency limits, deductibles and other limits applicable at time of payment.

The service categories and plan limitations shown above represent an overview of your plan benefits. This document presents the majority of services within each category, but is not a complete description of the plan.

COMMON QUESTIONS... IMPORTANT ANSWERS

Who is a participating dentist?

A participating dentist is a general dentist or specialist who has agreed to accept MetLife's negotiated fees¹ as payment in full for services provided to plan participants. Based on internal analysis by MetLife, negotiated fees¹ typically range from 15-45% below the average fees charged for the same services by dentists in the same geographic area.

*Negotiated Fees refers to the fees¹ that in-network dentists have agreed to accept as payment in full for covered services, subject to any co-payments, deductibles, cost sharing and benefits maximums. Negotiated fees¹ are subject to change. Negotiated fees¹ do not apply to non-covered services in states that prohibit limitations for services not covered under a plan. Participating providers in these states may charge their non-negotiated fees¹ for non-covered services.

How do I find a participating dentist?

You can access a list of participating dentists with directions and mapping capabilities online at www.metlife.com/dental or call 1-800-ASK-4-MET (800-275-4638) to have a list faxed or mailed to you based upon the requested ZIP code. **Please Note:** Be sure to verify provider participation when you make your appointment.

May I choose a non-participating dentist?

Yes. You are always free to select the dentist of your choice. However, if you choose a dentist who does not participate in the MetLife program, your out-of-pocket expenses may be greater, since you will be responsible to pay for any difference between the dentist's fee and your plan's payment for the approved service. If you receive services from a participating dentist, you are only responsible for the difference between the in-network fee for the service provided and your plan's payment for the approved service. Please note: any plan deductibles must be met before benefits are paid.

Can my dentist apply for participation in network?

Yes. If your current dentist does not participate in the MetLife network and you would like to encourage him or her to apply, tell your dentist to visit www.dentalprovider.metlife.com, or call 1-877-MET-DDS9 for an application. The website and phone number are designed for use by dental professionals only.

How are claims processed?

Dentists may submit your claims for you, which means you have little or no paperwork. You can track your claims online and even receive e-mail alerts when a claim has been processed. If you need a claim form, you can find one online at www.metlife.com/dental or request one by calling 1-800-ASK-4-MET (800-275-4638).

Can I find out what my out-of-pocket expenses will be before receiving a service?

Yes. MetLife strongly recommends that you have your dentist submit a pretreatment estimate to MetLife if the cost is expected to exceed \$300. When your dentist suggests treatment, have him or her send a claim form, along with the proposed treatment plans and supporting documentation, to MetLife. An explanation of benefits (EOB) will be sent to you and the dentist detailing an estimate of what services MetLife will cover and at what payment level. Actual payments may vary from the pretreatment estimate depending upon annual maximums, deductibles, plan frequency limits and other plan provisions at time of payment. To receive a benefit estimate, simply have your dentist submit a request for a pre-treatment estimate online at www.metdental.com or call 1-877-MET-DDS9 (638-3379). You and your dentist will receive a benefit estimate online or by fax for most procedures while you are still in the office so you can discuss treatment and payment options and have the procedure scheduled on the spot. Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

Do I need an ID card?

No, you do not need to present an ID card to confirm that you are eligible. You should notify your dentist that you participate in MetLife's PDP. Your dentist can easily verify information about your coverage through a toll-free automated Computer Voice Response system.

Do my dependents have to visit the same dentist that I select?

No, you and your dependents each have the freedom to choose any dentist.

If I do not enroll during my initial enrollment period can I still purchase Dental Insurance at a later date?

Yes, eligible employees who do not elect coverage during their 31-day application period may still elect coverage later. Dental coverage elected after the 31-day application period is subject to the following waiting periods:*

- No waiting period for Preventive Services
- 6 months on Basic Restorative (Fillings)
- 12 months on all other Basic Services
- 24 months on Major Services
- 24 months on Orthodontia Services (if applicable)

*If the policy holder participates in a section 125 plan and has an annual open enrollment period, the dental coverage will not be subject to any waiting periods. Please consult your Benefits Administrator or your certificate for this plan information.

Am I eligible for all benefits the first day of coverage?

Your plan may include benefit waiting periods. Please refer to the certificate of insurance or your Benefits Administrator for details about the services that are subject to the waiting periods and the length of time they apply.

How can I learn about what dentists in my area charge for different procedures?

If you have MyBenefits you can access the Dental Procedure Tool. You can use the tool to look up average in- and out-of-network fees for dental services in your area. * You'll find fees for services such as exams, cleanings, fillings, crowns, and more. Just log in at www.metlife.com/mybenefits.

* The Dental Procedure Fee Tool application is provided by MetLife. This tool does not provide the payment information used by MetLife when processing your claims. Prior to receiving services, pretreatment estimates through your dentist will provide the most accurate fee and payment information.

Can MetLife help me find a dentist outside of the U.S. if I am traveling?

Yes. Through MetLife's International Dental Travel Assistance program¹ you can obtain a referral to a local dentist by calling 1-312-356-5970 (collect) when outside the U.S. to receive immediate care until you can see your dentist. Coverage will be considered under your out-of-network² benefits. Please remember to hold on to all receipts to submit a dental claim.

1 International Dental Travel Assistance services are administered by AXA Assistance USA, Inc. Certain benefits provided under the Travel Assistance program are underwritten by Virginia Surety Company, Inc. AXA Assistance and Virginia Surety are not affiliated with MetLife, and the services and benefits they provide are separate and apart from the insurance provided by MetLife. Referral services are not available in all locations.

2 Refer to your dental benefits plan summary your out-of-network dental coverage.
