
Miramar Construction Update

October 23, 2026

Curb Ramp Replacement Work to Begin on Miramar Road Night Working Hours

As part of the City of San Diego North City Pure Water Pipeline project, crews will begin work to replace curb ramps on Miramar Rd., between Clayton Dr. and Cabot Dr. on Monday, Oct. 26.

Crews will work between 3 a.m. and 1 p.m. daily between Monday Oct. 26 and Friday Oct. 30. During working hours, traffic lanes may be reduced through the work zone to give crews a safe space to work within, which may result in increased traffic congestion and travel delays. Please allow extra travel time and plan commutes accordingly. Residents and commuters are asked to follow posted signage, use caution and follow all traffic control directions.

Pedestrian access will be maintained around active work zones, and traffic signals at intersections will remain operating as normal.

Why: Pure Water San Diego is the City of San Diego's advanced water purification program that will provide nearly half of San Diego's water supply locally by 2035 and significantly reduce treated discharges from the Point Loma Wastewater Treatment Plant. Pure Water San Diego will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water.

The phased, multi-year program offers a cost-effective investment for San Diego's water and wastewater needs. San Diegans are getting dual value from this investment — reliable, sustainable drinking water and avoided wastewater costs. The North City Pure Water Pipeline project is one of several major water infrastructure projects in Phase 1 of Pure Water San Diego. The pipeline starts on Eastgate Mall and follows Miramar Road to Kearny Villa Road and continues along Candida Street to Via Pasar and Via Excelencia. From there, the pipeline tunnels under Interstate 15. On the east side of Interstate 15, it continues along Businesspark Avenue to Carroll Canyon Road and follows Hoyt Park Drive to Meanley Drive before crossing Scripps Lake Drive to the Miramar Reservoir.

The City is committed to clear communication and providing up-to-date information about construction activities. Properties along the construction area will receive printed notices before work begins near their address, and construction notices will be regularly posted on purewatersd.org. Please contact purewatersd@sandiego.gov or **833-MIR-PWSD (833 647-7973)** with questions about the City's Pure Water Program and the North City Pure Water Pipeline project, and a team member will get back to you within one business day.

To forward this e-blast, [forward this link.](#)

Safety of the construction crews and community is our top priority.
Please slow down near work sites and follow pedestrian instructions.
