Recycled Water Program

Recycled Water Site Supervisor Certification Webinar

The City of San Diego Public Utilities Department

This half-day webinar is designed to provide recycled water users in the state of California with the necessary information required to become fluent in the operational practices of recycled water.

The webinar will be held virtually, and instructed in English, using Microsoft Teams. Attendees will not be required to use a webcam or microphone, but must be present for the entire webinar. There will be a pre-assessment and a post-assessment that will be presented at the beginning and at the end of the webinar respectively. Participants will be required to answer questions on the post-assessment using a link that will be provided at the time of the assessment. A minimum pass mark of 70% is needed to be certified as a site supervisor. Participants who fail to achieve the minimum mark must retake the post-assessment again after the webinar on the same day.

ACCREDITED IACET PROVIDER

Public Utilities Department is accredited by IACET to offer 3.6 Contact Hours and 0.4 CEUs.
