SDPD Arrests Two After Search Warrant of Ocean Beach Residence Tied to Psylocibin Gummy Distribution

SAN DIEGO – On October 31, 2026, just before 6 p.m., bags of psilocybin-infused gummies were left on the porch of the residence, where they were taken by approximately 15 trick-or-treating children ranging from one to six years old. Parents noticed the suspicious looking packages and upon further inspection, believed them to be controlled substances. They confronted the residents and later filed a report with the San Diego Police Department. Fortunately, the parents saved a package of the gummies, which later tested positive for psilocybin.

On November 4, 2026, just after 11 a.m., SDPD officers, along with Narcotics detectives, executed a search warrant at a residence located on the 2100 block of Sunset Cliffs Blvd.

During the search, a bag of suspected psilocybin gummies identical to those distributed on Halloween was recovered inside the home. Detectives also seized over 2.5 pounds of cannabis, more than 25 grams of crystal methamphetamine, a working digital scale, packaging materials, and drug sales ledgers. Officers also located an illegally possessed rifle. Detectives also located dozens of rounds of unfired ammunition and a partially assembled pistol.

Michael Goff, 80, was arrested for being a felon in possession of a firearm. Shawn Michael Foster, 45, was arrested for being a felon in possession of a firearm and ammunition. Both were booked into San Diego County Jail.

In addition to the criminal investigation, a City of San Diego Code Compliance Investigator responded to the scene and is initiating a separate investigation into the property's unpermitted living structures.

There is an ongoing narcotics and child endangerment investigation.

Anyone with information about this case is asked to call the Narcotics Unit at (619) 531-2468 or Crime Stoppers at (888) 580-8477.
