NOTICE OF RIGHT TO APPEAL ENVIRONMENTAL DETERMINATION

DEVELOPMENT SERVICES DEPARTMENT

SAP No. 11003679

PROJECT NAME / NUMBER: Verizon Chicano Park / PRJ-1158580
COMMUNITY PLAN AREA: Barrio Logan
COUNCIL DISTRICT: 8
LOCATION: 1985 National Avenue, San Diego, CA 92113

PROJECT DESCRIPTION: Neighborhood Use Permit to continue the use of an existing Wireless Communication Facility (WCF) located at 1985 National Avenue. The WCF is located on the roof of an existing condominium. The proposed work would include the installation of three new panel antennas (screened from view behind boxes that are painted to match the look of the roof), remove six existing remote radio units and install three new remote radio units. The proposed changes would not exceed the height of any existing or proposed screen walls. The project is zoned Commercial - Community (CC-3-6) and designated as Community Village in the Barrio Logan Community Plan. The project is also within the following overlays and planning areas: Sustainable Development Areas, Complete Communities Housing Solutions, Communities of Concern, Airport Land Use Compatibility Overlay Zone, Coastal Overlay Zone, Community Plan Implementation Overlay Zone, Transit Area Overlay Zone, Transit Priority Area, Affordable Housing Parking Demand, Airport Land Use Compatibility Planning Airport Influence Area, and FAA Part 77 Noticing Area. LEGAL DESCRIPTION: Lots 2, 6, and 7 of Map No. 15814, in the City of San Diego, County of San Diego, State of California, filed in the Office of the County Recorder of San Diego County, February 22, 2011. Easements and rights as conveyed by the Mercado Del Barrio Declaration of Covenants, Conditions and Restrictions dated March 15, 2011 and recorded March 16, 2011 as Document No. 2011-0139964 of Official Records.

ENTITY CONSIDERING PROJECT APPROVAL: City of San Diego Development Services Department

ENVIRONMENTAL DETERMINATION: Categorically exempt from CEQA pursuant to CEQA State Guidelines, Section 15301 (Existing Facilities) and Section 15302 (Replacement or Reconstruction).

ENTITY MAKING ENVIRONMENTAL DETERMINATION: City of San Diego

STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION: The City of San Diego determined that the project would qualify to be categorically exempt from CEQA pursuant to 15301, Existing Facilities. Section 15301 allows for the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing facilities (public or private), involving negligible or no expansion of use beyond that existing at the time of the determination. The project would permit the continued use of the existing WCF. The proposed minor alterations to install new equipment would be negligible since it would remain screened from view behind existing boxes that would be painted to match the look of the existing roof.

The project would also qualify to be categorically exempt from CEQA pursuant to Section 15302, Replacement or Reconstruction. Section 15302 allows for the replacement and reconstruction of existing structures and facilities where the new structure will be located on the same site and will have substantially the same purpose and capacity as the structure being replaced. 15302(c) states that the exemption could apply if the replacement or reconstruction of the existing utility system and/or facility involves negligible or no expansion of capacity. The proposed project would replace existing accessories on the WCF that are considered negligible. The purpose and use of the reconstructed WCF would continue to operate as a WCF and the capacity of the WCF would meet current conditions for the existing location.

The exceptions outlined in CEQA Guidelines Section 15300.2 were reviewed, and it was determined that none applied. Per CEQA Guidelines Section 15300.2(a), Classes 3, 4, 5, 6, and 11 exemptions are subject to the location exception. CEQA Guidelines Section 15301 (Existing Facilities) and Section 15302 (Replacement or Reconstruction) would not apply. The project is expected to have no significant cumulative impact, as identified in CEQA Guidelines Section 15300.2(b). No significant effect due to unusual circumstances would result from the project as identified in CEQA Guidelines Section 15300.2(c). The project site is not located near a scenic highway; thus, no scenic highway impact would occur as identified in CEQA Guidelines Section 15300.2(d). The site is not located on a list compiled pursuant to Section 65962.5 of the Government Code as identified in CEQA Guidelines Section 15300.2(e). No historic resources exist on the site, and therefore, the project would not cause a substantial adverse change in the significance of a historical resource as identified in CEQA Guidelines Section 15300.2(f).
