Development Services

CITY OF SAN DIEGO - 7650 Mission Valley Rd San Diego, CA 92108

PUBLIC NOTICE

Date: Nov. 3, 2026

Subject: Upcoming Online Permitting Request for Proposal

The City of San Diego Development Services Department (DSD) plans to issue a Request for Proposal (RFP) this month for a cloud-based Software-as-a-Service (SaaS) online permitting solution. The system will support digital plan reviews and permit processing for building, engineering and land development approvals, code enforcement case management, short-term rental occupancy approvals and cannabis business approvals.

The City uses PlanetBids, a fully automated web-based vendor registration and bid management system, to post and distribute all formal solicitations released by the Purchasing & Contracting Department. To receive automatic announcements and download the Online Permitting RFP when it is released, please register through the City's PlanetBids vendor portal. Companies that choose not to register can still access the current listing of solicitations online.

DSD provides review, permit, inspection and Building and Land Use Enforcement services for private and public development projects citywide. With over 700 full-time employees across its ten divisions, DSD delivers interdisciplinary reviews for private and public development projects for the City's more than 1.3 million residents, averaging about 70,000 applications annually across 132 permit types.

Need Help?
If you have any questions about the upcoming RFP, please contact Buck Osegueda, Senior Procurement Contracting Officer at SOsegueda@sandiego.gov.
