SB 707

- In October, the City Council adopted findings required by SB 707 to allow certain City boards and commissions to meet virtually without publicly disclosing their location or allowing the public entry to the remote location.
- Each City board or commission must approve the use of virtual meetings.
- Council must adopt the required findings every six months, and each board or commission must subsequently approve the use of virtual meetings after each such adoption.
- Remote members must remain on camera.
- A physical meeting location will still be available for members of the public or board members who wish to attend in person.
