City of San Diego
Parks and Recreation Board Meeting Minutes
Thursday, October 15, 2026

"TO PROVIDE HEALTHY, SUSTAINABLE, AND ENRICHING ENVIRONMENTS FOR ALL"

Meeting Held In Person and by Teleconference:

This meeting was held at the Balboa Park Club - Ballroom and remotely using the Microsoft Teams Webinar platform and was streamed online. The public was invited to join the meeting by phone or computer, as well as invited to submit Public Comments in writing via a webform. The form was made available on the Parks and Recreation website at https://www.sandiego.gov/park-and-recreation/general-info/boards.

Both verbal and written communication were used by Board Members, City staff, and presenters during the meeting. City staff also used the screen-share function to allow viewers to view content shared by the speaker, which included PowerPoint presentations and websites.

Before the meeting was called to order, City Staff read instructions to the public regarding technical procedures for making live public comment during the webinar.

Members Present	Members Absent	City Staff Present
Nick Anastasopoulos Jeremy Bloom Dr. Marcella Bothwell (Chair) Dr. Andrea Dooley Rick Gulley (Vice Chair) Daniele Laman Allison Soares	Dr. Judith Muñoz Evelyn Smith Agatha Wein	Jonathan Avila Ryan Barbrick Kathleen Brand (virtual) Mari Carriedo (virtual) Benjamin Cartwright (virtual) Sarah Erazo Andy Field Ana Grow Salome Martinez (virtual) Louis Merlin Danielle Nourie-Burns Joaquin Quintero (virtual) Sameera Rao Morgen Ruby Gabriela Verendia Wendy Wang

CALL TO ORDER – The meeting was called to order at approximately 2:00 p.m. Public participation procedures for in-person, virtual, and written comments were reviewed.

APPROVAL OF THE MINUTES OF JULY 16, 2026

MOTION/SECONDED: **Chair Marcella Bothwell/Vice Chair Rick Gulley**

A motion to approve was made by Chair Bothwell and seconded by Vice Chair Gulley. The motion was approved, with requested corrections added, and passed 6-0-1 with Ms. Soares

DRAFT

abstaining and Dr. Muñoz, Ms. Smith, and Ms. Wein absent.

NON-AGENDA PUBLIC COMMENT:

Gary Blume, resident of San Diego, gave updates about Total Altruism Project (TAP) projects and events in the City of San Diego's parks. The Biostatistics class at Mesa College said that TAP-installed litter grabbing tools improved litter at Murray Rige Park, but not by much because Chad (City of San Diego Grounds Maintenance Worker) does a good job cleaning the park and communities. At the end of April-beginning of May, losses of the tools have been noted and tallied at Lake Murray Park due to local vandalism. On May 23, 2026, TAP decided to pull the project out of Lake Murray Park but placed signs up regarding the stolen grabbers. The Kiwanis Club of Grantville Allied Gardens is doing a cleanup every Saturday morning, and TAP is helping with that. Additionally, new grabbers were requested by some Girl Scouts to be installed at Montezuma Park in the SDSU area, which should be installed at the end of this month. Mr. Blume also presented some handouts that were made regarding the TAP tools.

Robin Kaufman, resident of Rancho Bernardo, talked about the new Mira Mesa swimming pool. She mentioned that several Mira Mesa online groups are wondering about the pool's limited hours. They are wondering if there is a work-around so the pools are open a little longer, especially with the heat.

Matthew Brash, resident of San Diego, submitted the following written comments regarding Villa Norte Park: "The City announced in its 2023 District 7 newsletter that the Villa Norte Park children's play structure was scheduled for replacement in early 2024. The replacement apparently has not occurred, and it has 2/3 slides blocked off and holes developing in the deck from rust. Can you determine what happened to the project, whether funding was allocated, and what is required to get the replacement back on the City's active project schedule?"

Eliana Kozin, resident of San Diego, submitted the following written comments regarding the sea lions at La Jolla Cove (lightly edited): "This is about sea lions at La Jolla Cove. Not sure if this is the correct forum, and I think it might be on the agenda for today but not sure of the number. First the recent incident occurred above La Jolla Point which is already closed, closing the beach would not prevent similar incidents as sea lion had come up on land. The incidents are a very small minority of occurrences. For example, closing the cove would be like stopping all drivers from using the roads because some people hit animals accidentally or intentionally with their car. We wouldn't do that. We can make the cove swimmers only, that might be a negotiation worth having in pupping season, but this is way too magical a place to stop all of us using it. There are many swimmers and scuba divers for whom this is a safe place to get in and will push humans to more dangerous and limited entry spots for recreation. I suggest we prosecute people who harass the animals and have a fee that covers people to be present to enforce during pupping season. Also, for meetings, there are many of us who swim and use the cove but cannot make it during business hours. Thanks"

REQUESTS FOR CONTINUANCE: None.

COMMITTEE REPORTS:

DRAFT

- **Balboa Park Committee** – Ms. Soares reported a great meeting this month and shared that a recent Union-Tribune newspaper article outlined efforts to create the first comprehensive update to Balboa Park Master Plan. This plan update is the first since 1989. Balboa Park Deputy Director Jon Richards and his team along with City Planning Department welcomed stakeholders and members of the public to provide feedback and input. Ms. Soares mentioned that there will be a special meeting regarding the master plan update tentatively on Thursday, November 19, 2026, right after next month's park board meeting.

- **Mission Bay Park Committee** – Dr. Muñoz was not present for this meeting, so there was no update this month.

- **Mission Trails Regional Park (MTRP) Citizens' Advisory Committee (CAC)** – Vice Chair Gulley had no updates, as there were no recent meetings.

- **San Diego Parks Foundation (SDPF)** – Program Director Kim Mathis gave updates projects and programs done in the City of San Diego since summer, which included Parks After Dark's 99 events in 7 weeks at 5 recreation centers every Thursday, Friday, and Saturday, from 5:00 a.m. to 8:00 p.m., Citywide sports for the summer, and numerous summer camps throughout the City. She updated that the SDPF is in the middle of their new Park Ambassador program, which includes a Park Ambassador Supervisor Academy where City employees get more in-depth training on duties and responsibilities of leading recreation centers. Ms. Mathis also mentioned that volleyball and flag football season are now underway; the Girls Empowerment workshop that Big Sisters of America hosted was a success; Movies in the Park is wrapping up for the season; numerous Halloween events are coming up over the next few weeks; the Mira Mesa Community Celebration is coming on Saturday, October 24, 2026; dedication of the new Montgomery-Waller Sports Court is planned for Friday, October 23, 2026; and the partnership with Balboa Park's Haunted Trail continues this year. See Attachment# 1 for the full projects/program report for September and October 2026, including flyers for the Mira Mesa Community Park Community Celebration and Montgomery-Waller Sports Court Dedication events.

CHAIRPERSON COMMENTS: None.

BOARD COMMENTS:

Ms. Laman asked Director Field to provide updates on the following items:

- Colina del Sol Community Park naming proposal
- Colina del Sol Community Park overnight curfew proposal
- Sunshine Berardini Fields General Development Plan (GDP) development
- Mission Bay Implementation Plan based on an article she found from the Mission Bay Park Conservancy nonprofit webpage

Ms. Laman also advised that this weekend (October 17-18, 2026), at the International Cottages in Balboa Park, the Czech and Slovak House will be open, and she will be there if

DRAFT

people would like to come. See Attachment# 2 for the House of Czech and Slovak Republic's Two-Day Lawn Program flyer.

Ms. Soares encouraged everyone to take the Balboa Park Master Plan survey.

Mr. Bloom was excited for the Balboa Park Master Plan; however, regarding the survey, he wanted options for connectivity, mobility, and access to the park for future surveys. He also wondered about getting a bike rack installed at Golden Hill Recreation Center, as the community has tried via Get-It-Done, but the posts have gotten resolved without actual resolution. Because of this, people are using Americans with Disabilities (ADA) signs for a temporary bike rack. He mentioned that the constituents were getting push-back between the Parks and Recreation and Transportation departments.

Ms. Soares clarified that the Balboa Park Master Plan survey is the first of many conversations and its purpose is to get the public involved and interested. She agreed with Mr. Bloom that the mobility concerns should be discussed in future surveys.

DIRECTOR'S REPORT:

Director Field began by wishing a happy birthday to Program Manager Ryan Barbrick, who is present at most Parks and Recreation Board meetings.

Mayor Gloria announced the City's new Chief Operating Officer Bethany Bezak this morning.

Director Field celebrated the completion of the new Mira Mesa Pool, renovated Gil Johnson Recreation Center, and new all-wheels/skate plaza. The grand opening was on October 1, 2026, and the community celebration to welcome community members back to the park will be on October 24, 2026.

The Department has been working to prepare for the arrival of El Niño. Typically, El Niño brings additional rain, storm surges, and storm intensity. Some recent work involved preparations for:

- Tropical Storm Rachel
- Santa Ana wind events with high fire danger
- Upcoming winter storm preparation
- Sand berm installation in flood-prone areas of the coastline and bayfront
- Distribution events for empty and filled sandbags

The Balboa Park Master Plan Update officially launched on October 14, 2026. The webpage contains a survey for San Diegans to share initial thoughts through the Balboa Park Master Plan Initial Survey.

Forever Balboa Park announced that it is becoming the Balboa Park Conservancy. It is likely an event to celebrate the name change will come in early 2027.

Save Starlight is leaving Starlight Bowl, and City will seek a new operator.

As noted in the action items agenda today, the long-awaited Council Policy 700-42 refresh process is underway to help finalize operating procedures for Community Recreation Groups.

DRAFT

The Cost-of-Service Study, which helps inform future fee schedules, is in vendor selection phase.

A request for proposals for new online registration software is going out soon.

The Office of the City Auditor is conducting a restroom cleaning audit. It just completed the scoping phase, and the field auditors are gathering information to identify audit objectives.

As noted by Ms. Mathis earlier, the San Diego Parks Foundation has made great strides through the last several months:

- Summer programming was successful, with partnerships for Parks After Dark and summer sports leagues
- Walk in the Park Fundraiser is coming November 5, 2026
- Director Field requested a moment of silence in memory of former SDPF Chief Executive Officer Leona Sublett, who passed away earlier this month

Director Field also thanked and acknowledged Kim Mathis with San Diego Parks Foundation and Sarah Erazo and Salome Martinez with Parks and Recreation for leading the summer event programming with the intentional work in historically underserved communities. He thanked Aquatics Assistant Deputy Director Nicole McNeil for leading staff delivering filled sandbags in Council Districts 4 and 9 on Saturday, October 10, 2026, and Shoreline and Mission Bay Deputy Director Patrick Hadley for leading beach mechanized staff to build berms at the beaches.

In response to earlier questions of Board Members:

Ms. Rao, Assistant Deputy Director for the City Planning Department, advised that the current Balboa Park Master Plan Update survey is the initial survey, but they will have another survey specific to mobility that will come out in the next few months. She also addressed De Anza, stating that the Coastal Commission recommended edits, which they are incorporating and taking back to City Council in December to get it fully adopted.

Director Field responded to Ms. Laman, advising that he had not heard any updates on either the Sunshine Berardini General Development Plan or either issue at Colina del Sol Park. He suggested that the Mission Bay Implementation Plan is the future General Development Plan for Mission Bay de Anza, which is being developed currently by the Engineering and Capital Projects Department. The City Planning Department updated the Mission Bay Master Plan to include De Anza. While Coastal Commission recently approved the De Anza plan amendments, the City Council will have an opportunity to review and approve those changes next month. The master plan amendments related to De Anza should be certified by the beginning of the new calendar year. He also clarified that the article Ms. Laman was referring to is an opinion piece written by the leader of the Mission Bay Conservancy; it is not an official document that creates a regulatory requirement to create a specific implementation plan.

Responding to Mr. Bloom, Director Field asked Mr. Bloom to provide the Get-It-Done report number(s) and if there were any comments provided as to why the requests were closed, as sometimes there are comments on why they closed the ticket.

Finally, Director Field responded to public speaker Ms. Kaufman, advising that Parks has only recently been able to hire staff for the Mira Mesa Pool. The plan is to continue to grow programming at this new site and operate per the budget. Open swimming hours can be impacted to accommodate other pool uses, such as high school sports, water aerobics, and learn-to-swim classes. He advised that he would bring the concerns to Aquatics Assistant Deputy Director Nicole McNeil.

REQUEST FOR CONTINUANCE: None.

REQUEST FOR ITEMS TO BE PLACED ON THE CONSENT AGENDA: None.

DISCUSSION ITEMS:

101. Parks and Recreation Board Dock Bike System
Presenter: Dr. Marcella Bothwell, Chair, Parks and Recreation Board

Chair Bothwell presented a letter of support for the San Diego Bike Share initiative and explained requested incorporations to the program. She expressed her appreciation to Ms. Soares for advocating for the equitable dock bike system station sites being prioritized in historically underserved communities.

Public Comments: None.

Board Comments:

Ms. Laman asked why Ms. Vonblum was cc'd twice.

Chair Bothwell said that she originally wrote it to Ms. Vonblum and will modify the letter so she is not listed twice.

Ms. Soares thanked Chair Bothwell for taking her time in drafting the letter.

Mr. Bloom expressed his thanks to Chair Bothwell for taking her time drafting the letter.

MOTION/SECONDED: Jeremy Bloom/Daniele Laman

A motion to approve was made by Mr. Bloom and seconded by Ms. Laman. The motion was approved and passed unanimously 7-0-0 with Dr. Muñoz, Ms. Smith, and Ms. Wein absent.

102. Council Policy 700-42 Working Group Co-Chair Nomination
Presenter: Sarah Erazo, Deputy Director, Parks and Recreation (Community Parks II and Citywide Recreation Services)

Ms. Erazo presented a PowerPoint which included explaining the need for two leaders/co-chairs from the Parks Board to help see the working group through the process of drafting and presenting Council Policy 700-42 to City Council, as the last official update was in 2005. They seek to update the draft Council policy, reinstate the working group, reestablish planning groups that folded over the course of the pandemic, and bring connectivity back. Ms. Erazo explained that the commitment will be roughly four to six in-person meetings. The committee will need two co-chairs from the Parks and Recreation Board and will also be getting two representatives from each Council District, which the respective Council offices will recommend.

Public Comments:

Robin Kaufman, resident of Rancho Bernardo, asked for clarification on the remaining seats, as she had the understanding that members that were on the previous Council Policy 700-42 working group would be reached out to in order to confirm current interest.

Ms. Erazo clarified that they provided the list of previous committee members to each of the Council offices to inform them of who the prior members were to provide recommendations, and the Council offices have not made their recommendations yet.

Board Comments:

Chair Bothwell acknowledged that the CRGs feel disenfranchised and that it is imperative that people get involved again. She mentioned that the SDPF would also like to get involved. Chair Bothwell also volunteered to be one of the two requested co-chairs.

Dr. Dooley agreed to be one of the two requested co-chairs.

Ms. Laman asked about the timeline in the presentation regarding last Council policy update for 700-42.

Ms. Erazo clarified that the planning group policy was updated in 2004 and about a year later, 2005, they made another refinement. The working group was 2017, the Recreation Council working group was 2018 and the policy was brought to Park Board in January 2019.

MOTION/SECONDED: **Daniele Laman/Rick Gulley**

A motion to approve nominations of Chair Bothwell and Dr. Dooley for Council Policy 700-42 Working Group co-chairs was made by Ms. Laman and seconded by Vice Chair Gulley. The motion was approved and passed unanimously 7-0-0 with Dr. Muñoz, Ms. Smith, and Ms. Wein absent.

INFORMATION ITEMS:

201. Mid-City Communities Plan First Draft – Parks and Trails
Presenters: Jonathan Avila, Principal Planner, City Planning
Morgen Ruby, Senior Planner, City Planning
Wendy Wang, Landscape Designer, City Planning

City Planning staff presented the first draft of Mid-City Communities Plan Parks and Trails, published in August 2026. This included an overview of Mid-City, the process and timeline for the first draft, guiding documents, draft goals, sites for existing park improvements and new park opportunities, key policies, community engagement, and request for feedback from community members via the plan update website (https://www.sandiego.gov/planning/mid-city-communities-plan-update) or by email at PlanMidCity@SanDiego.gov. Additionally, they advised that they plan to release the second draft in early 2027 and aim to take the updated plan to City Council for adoption in Summer 2027.

Public Comments:

David Moty, Chair of the Kensington-Talmage Planning Group, presented the needs for parks in Kensington-Talmadge. He thanked City staff for acknowledging that there are four community planning areas in the Mid-City Community Plan and spoke about the disparity of

parks resources in the Mid-City plan. Mr. Moty's presentation stressed the concept of building new parks where they are needed over where it is easiest. Attachment #3 contains Mr. Moty's presentation slides.

Board Comments:

Mr. Bloom thanked City Planning staff for giving a great update on what they are doing.

Ms. Laman also wanted to thank City Planning staff and emphasized her appreciation for the timing of bringing the community plan update to the Board. She asked several questions regarding the Mid-City Communities Plan and stated that she will be giving these questions in writing afterwards as well. Attachment #4 contains Ms. Laman's questions.

Chair Bothwell asked if City Planning staff would be able to get a written response to Ms. Laman's questions prior to the next scheduled Board meeting.

Mr. Avila said that this request was possible.

ADJOURNMENT: The meeting was adjourned at 3:37 p.m.

Copies of the reports, attachments, PowerPoint presentations, and audio-video recordings can be found on the Parks and Recreation Department website at http://www.sandiego.gov/parkandrecboard/reports.

Next Calendared Meeting: November 19, 2026, at 2:00 p.m.

Submitted by,

Andy Field
Director
Parks and Recreation Department

SDPF Projects/Program Report September & October 2026

Board meeting report for 10/14/26

Projects

- Montgomery-Waller Court Renovation with SD FC is going well. Anticipate the grand opening event Oct 22nd. Staff will provide an event notice to the full Board by next week.

- Encanto Skate Plaza - $50k provided by County Supervisor Monica Montgomery-Steppe. Working with the City to have this first phase begin.

- Memorial Senior Center Upgrades - Pickleball Courts are nearly complete. Nets ordered and staff is looking at scheduling classes by November. Garden is second phase. No issues identified.

Programs

- Park Ambassadors' Supervisor's Academy – Very well received and based upon input much needed. 4th class complete and 4 more to go. 21 participants. David Monroe has been attending/participating in them as well, which has been very well received. Completely grant-funded.

Attachment 1

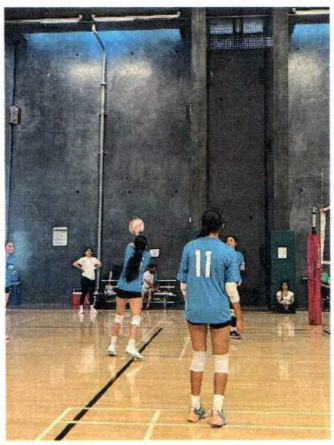

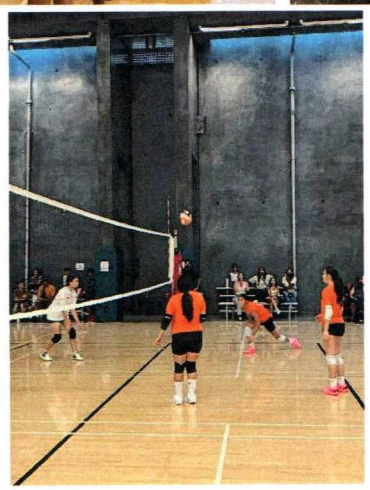

- SDPF sponsoring 15 Halloween events as part of the Enhancement Program we fund. Begin Oct 16th. No issues identified.

- Last of the Movies in the Park will be at Golden Hill Rec Center. These are part of the Come out and Play Program.

- Lask week's Girls Volleyball event was held at Balboa Park Activity Center. It was touch and go as to having it due to the heat. The event also featured a girls empowerment workshop with the Big Sisters of America. All of free to the 73 girls participating. There were approximately 250 in attendance.

Attachment 1

- SDPF will host the sports tournaments in the fall – Volleyball & Flag Football (Dec 2026)

- Mira Mesa Recreation Center– grand opening on 10/24/26 from 10am-1pm. We will be sponsoring the event. Councilman Lee & PCL Construction providing the funding.

No issues funding or staffing issues have been identified for this reporting. Next reporting will be in November. As a reminder, nearly 80% of funding, staffing & resources are for the summer programming (May to October).

D. Laman's questions & comments @ P&R Board, regarding the MCCP 1st Draft Rec. Element

Item 201A

Page 134 (new version) if a pump track is all encompassing, why also have a skate park and/or BMX ?

Page 135 the DRP at Chollas Lake should also be accessible by public transit, if the CPs & NPs are also.

Page 139 Talmadge population is 9k, where's the 20% land acquisition $ for the 0 park points currently?

Page 140 last paragraph of right column - see the same question for page 139 above.

Page 140 "Parks in Villages" please include the map of Comm. Enhancement Overlay Zone in 2nd draft

Page 141 for consistency, please remove "Lake" from the proposed South Chollas Park and add "Community" to mirror the name for the existing North Chollas Community Park.

Page 141 HOW FAR DOES THE LEAKING CHLORINATED (unlined) LAKE WATER SPREAD INTO THE SOUTH CHOLLAS (unlined) LANDFILL? Does it spread all the way to the proposed aquatic complex's SW corner?

Page 142 please remove the proposed aquatic complex from the Sunshine Berardini NP. Maybe it' more economical to build it at Webster Elementary, where brownfield remediation needs to happen anyway.

Page 142 if the Adams Post Office ever gets shut down, wouldn't it be more economical to repurpose the building into a Rec. Center? Then a second story could be added to get the square footage needed!

Page 142 please change the first sentence's "mini" to "joint use" to match the title. The proposed mini park at 60th St. would require a GDP amendment to the North Chollas CP's GDP.

Page 142 again, please provide the map of Comm. Enhancement Overlay Zone in the 2nd draft.

Page 143 in the south portion of Talmadge, please update both charter schools locations.

Page 148 in the Parks Master Plan section, please add reference to the funding policy on pages 124-125.

Page 148 PP1 b. How much is in the land acquisition fund currently and is it "spoken for" ?

Page 149 pp1 d. How is an area determined to be the most needing of park space? Talmadge 0 points!

I will send you the comments from both of this week's NHPG & EACPC meetings in a separate email. D ☺
