To the Hon. Charles Dail, Mayor
and City Council of the
City of San Diego,
Civic Center
San Diego, California

The Board of Directors of the Pacific Beach Town Council, Inc., in regular session on 19 April 1961, voted to direct a commendation to the members of the City Council of San Diego for their recent personal survey of the beaches in San Diego, in an effort to determine the proper use of said beaches by surfers and the swimming and picknicking public. The Pacific Beach Town Council, Inc., feels that full consideration by the City Council members will bring about an equitable solution of this problem.

The Pacific Beach Town Council, Inc., also respectfully urges the City Council of San Diego to proceed without delay in the acquisition of rights-of-way for access roads to the beaches; specifically, the canyon known as Tourmaline Canyon located westerly of Tourmaline Street in Pacific Beach and such other areas as may be considered feasible for this purpose.

Respectfully,

PACIFIC BEACH TOWN COUNCIL, INC.

Roscoe Arnett
Roscoe Arnett, Executive Secretary
