

**CONSTRUCTION NOTICE: Continuation of Friars Road Westbound Lane Closure between Napa Street and Sea World Drive through early Fall 2023**

March 6, 2023

Westbound Friars Road between Napa Street and Sea World Drive will continue to be closed to vehicle traffic through fall 2023, as crews perform ongoing work that requires the current traffic control configuration. This work is occurring for the City of San Diego Morena Pump Station project, part of the Pure Water San Diego Program.

An eastbound lane on Friars Road between Sea World Drive and Napa Street will remain open, along with two-way pedestrian and bicycle access. A two-way detour is in effect for bicycle and pedestrian access between Napa Street and the driveway of the Morena/Linda Vista Trolley Station parking lot; please see [this notice](#) for more information.

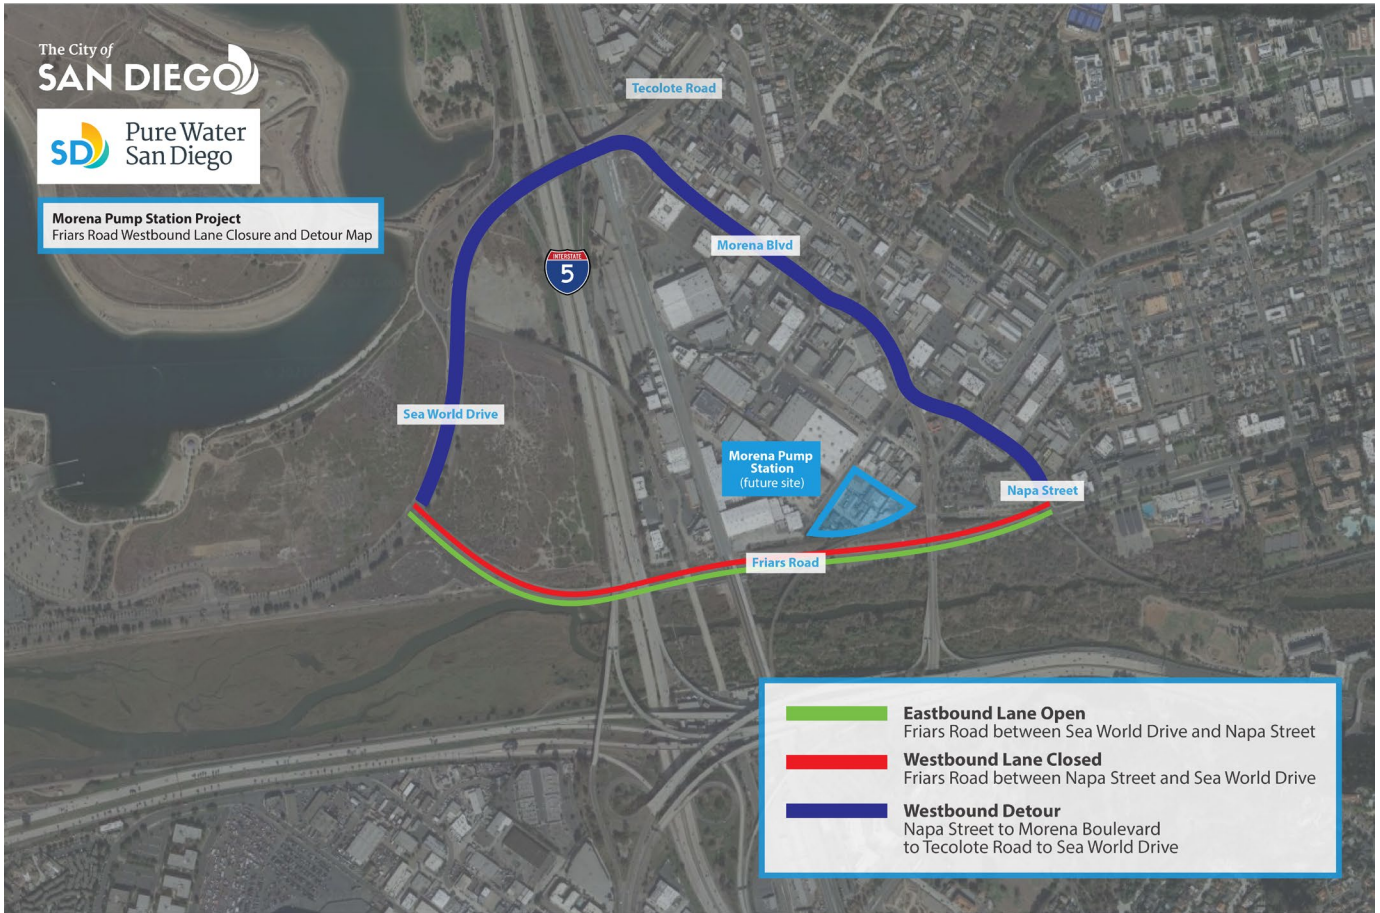

**What To Expect:** The westbound lane on Friars Road between Napa Street and Sea World Drive will continue to be closed through fall 2023. Please follow all posted signage and crew member directions near the work zone, and expect delays in the area.

**When:** Following the continuation of the current closure, the westbound lane will be reopened, and the eastbound lane will be closed in fall 2023. Project updates and construction notices regarding Friars Road will be posted on the project website, and distributed via email and social media updates. **Please note that construction schedules are subject to change due to weather impacts, site conditions and operations.**

**Why:** Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035. The Pure Water Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply. The Morena Pump Station project is one of several major water infrastructure projects that are part of Phase 1 of Pure Water San Diego.

The City is committed to clear communication and providing up-to-date information about construction activities. Properties along the construction area will receive printed notices before work begins near their address, and construction notices will be regularly posted on [morena.purewatersd.org](https://morena.purewatersd.org). Please contact [purewatersd@sandiego.gov](mailto:purewatersd@sandiego.gov) or **833-MOR-PWSD (833-667-7973)** with questions about the City's Pure Water Program and the Morena Pump Station project, and a team member will get back to you within one business day.
