RESIDENT'S PETITION

We, the undersigned persons residing in the residential neighborhoods adjacent to the designated surfing area near Law Street in Pacific Beach, respectfully petition the City Council to adopt the proposal of the Park and Recreation Department to relocate said surfing area to the area between Felspar and Diamond Streets.

Our reasons are:

1. Relocation will remove from a previously quiet residential area the rowdyism, and vandalism with which we presently contend, caused by some of the youngsters who surf.
2. Relocation will also eliminate the traffic hazards created by the autos and hot rods of the youngsters who use the narrow residential streets in our area, more often than not at excessive speeds.
