OCEAN BEACH AND POINT LOMA PROPERTY

OCEAN BEACH, CALIFORNIA , November 14th-1912

To The Common Council,
San Diego, California.

Gentlemen:-

We have been requested by several of the residents of Ocean Beach, to write you in regard to the shooting at the rifle range on the Old Town flats. This range is situated so as to carry the bullets over False Bay, and several of the residents of Ocean Beach while out boating have had narrow escapes from being hit by spent bullets, fired by parties practicing on the range. We understand that the Government has discontinued using this range for the present, and that it is now being used by private parties.

Trusting that you will take steps to put a stop to this dangerous practice, we beg to remain,

Yours respectfully,

Ocean Beach Improvement Club,

F. B. McElwee - Secretary.
